INDEPENDENT AUDITOR'S REPORT

September 10, 2026

To the Retirement Committee of
Post Acute Partners Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Post Acute Partners Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT
(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Post Acute Partners Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed, defined contribution plan covering all full-time, nonunion employees of Post Acute Partners, LLC and Affiliates (collectively the "Company" and “Plan Administrator”). The custodians of the Plan are Empower Trust Company, LLC and Empower Annuity Insurance Company (Empower). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Company are eligible to participate in the Plan upon date of hire and over the age of 18. Employees are eligible for employer matching contribution upon reaching the age of 18 and completing one year of service.

Contributions

Participants may make pre-tax or post-tax contributions from their compensation, up to amounts permissible under ERISA and the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, eligible participants between the ages of 60 to 63 before the end of the Plan year, are eligible to make higher catch-up contributions limited to the amount imposed by law. Participants direct all contributions into investment options made available by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Company’s nondiscretionary matching contributions are equal to 50% of up to the first 4% of eligible compensation of the participant. To be eligible for a Company match, a participant is required to have one year of service, complete 1,000 hours of service during the plan year, and be employed on the last day of the year.

The Company may also make discretionary profit sharing contributions to all eligible participants based on eligible compensation. To be eligible for a Company discretionary profit sharing contribution, a participant is required to have one year of service and be an active employee at the end of the year. There were no discretionary profit sharing contributions made during the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, (b) plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. The maximum loan term is 60 months or up to 360 months for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Vesting
Participants are immediately vested in their elective deferral and rollover contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing portion of their accounts plus earnings thereon is based on years of continuous service as set forth in the following table:

Years of Vesting Service	Vesting Percentage
Less than Two Years	0%
Two Years but less than Three Years	20%
Three Years but less than Four Years	40%
Four Years but less than Five Years	60%
Five Years but less than Six Years	80%
Six or More Years	100%

Payment of Benefits
Active participants may receive distributions from their elective contribution account, employer matching contribution account and their rollover contribution account at any time after attaining the age of 59 1/2 or due to hardships as defined in the Plan. Upon termination of service, disability, or retirement (age 65), a participant is entitled to a lump-sum payment if their account balance is equal to or less than $5,000 at the time of distribution.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's account. All hardships withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures
Forfeited account balances are used to reduce future employer contributions and to pay eligible plan expenses. Forfeitures amounted to approximately $188,000 and $161,000 for the years ended December 31, 2025 and 2024, respectively. For the years ended December 31, 2025, and 2024, approximately $242,000 and $143,000, respectively, of forfeited non-vested accounts were used to reduce employer contributions and to pay eligible plan expenses. Net earnings on forfeited balances amounted to approximately $11,000 and $4,000 for the years ended December 31, 2025 and 2024, respectively. At December 31, 2025 and 2024, unallocated forfeitures totaled approximately $137,000 and $180,000, respectively.

1. DESCRIPTION OF PLAN (Continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan's investments in mutual fund accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements. The Plan's investment in its guaranteed income fund is stated at contract value as reported by Empower.

The Plan's investments in common/collective trusts (CCTs) are stated at net asset value (NAV) as a practical expedient to fair value as determined by the issuer of the fund. The primary investment objective of the CCTs is preservation of principal while providing interest income reasonably obtained under prevailing market conditions and rates.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation in the fair market value of such investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, political, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses
Expenses of administering the Plan, other than loan fees, are paid by the Plan. Certain administrative expenses are eligible to be paid with forfeitures.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Taxes
The Plan obtained its latest determination letter on December 14, 2016, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. GUARANTEED INCOME FUND

Plan investments include a guaranteed income fund with Empower, which is a fully benefit-responsive investment contract. The fund is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses. The guaranteed income fund issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed.

Because the guaranteed income fund meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed income fund. The guaranteed income fund is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024 amounted to $3,720,416 and $3,908,158, respectively. The crediting interest rate, which is based on a formula agreed upon with the issuer was 2.10% for the periods January 1, 2025 through June 30, 2025 and July 1, 2025 through December 31, 2025 (2.05% and 2.10%, respectively in 2024). Such interest rates are reviewed on a semi-annual basis for resetting.

4. CERTIFIED INVESTMENT INFORMATION

The following financial information relating to the Plan's assets have been derived from information provided by Empower, the custodian of the Plan for the years ended December 31, 2025 and 2024, as well as transactions for the years then ended, and has been certified by as complete and accurate to the best of their knowledge. The incorporation of this financial information in the financial statements and accompanying supplemental schedule is based solely on their certification and has not been audited by independent accountants.

5. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:

  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: The fair value of certain mutual funds are based upon quoted net asset values of the shares as reported by the fund. These mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. These funds must publish their daily net asset value and transact at that price. These mutual funds held by the Plan are considered to be actively traded and are classified within Level 1 of the fair value hierarchy. Other mutual fund investments are held through variable annuity contracts and are based on unit values of the underlying investments. These funds are based on observable market inputs but are not quoted prices in active markets for identical assets. Accordingly, these mutual funds are classified within Level 2 of the fair value hierarchy.

Common/collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,382,060	$ 6,208,613	$ -	$ 19,590,673
Investments, measured using net asset value as practical expedient *				45,158,380

Mutual funds	$ 11,550,341	$ 5,331,117	$ -	$ 16,881,458
Investments, measured using net asset value as practical expedient *				40,214,512
Total investments, at fair value				$ 57,095,970

5. FAIR VALUE MEASUREMENTS (CONTINUED)

* In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were held by Empower, custodian of the Plan. As such, transactions between these parties and the Plan qualify as party-in-interest transactions under ERISA. Additionally, transactions involving notes receivable from participants qualify as party-in-interest transactions.

7. SUBSEQUENT EVENTS

Subsequent events have been evaluated though September 10, 2026 which is the date the financial statements were available to be issued.
