Plan Administrator
Riverside Refreshments, Inc.
401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed the audits of the accompanying financial statements of Riverside Refreshments, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Riverside Refreshments, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Riverside Refreshments, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Riverside Refreshments, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Riverside Refreshments, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Riverside Refreshments, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, and Schedule H, Line 4i - Schedule of Assets (HELD AT END OF YEAR), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Riverside Refreshments, Inc. 401(k) Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering all employees of Riverside Refreshments, Inc. (the "Company"). Employees must be 21 years of age or older and complete six months of service to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions - Each year, participants may contribute up to the IRS maximum percentage of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts with an insurance company and a guaranteed investment contract as investment options for participants. Both matching contributions and profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the participant.

3. Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) any optional Company contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

4. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. The value of the participant's account attributable to matching and profit sharing contributions vests as follows:

Years of Service	Percentage
Less than 3	0%
3 or more years	100%

5. Payment of Benefits - On termination of service due to death, disability, retirement or other reasons, a participant or named beneficiary will receive the value of the participant's vested interest in his or her account as either a lump-sum distribution or installment payments.

6. Administrative Expenses - Certain costs incurred in the administration of the Plan are paid from plan assets. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

NOTE 1 - DESCRIPTION OF PLAN (continued)

7. Forfeited Accounts - At December 31, 2025 and 2024, the forfeited, nonvested account balance was $29,773 and $25,760, respectively. Forfeitures result when compliance testing requires refunds of excess contributions. In the event excess contributions are refunded, the match portion of the contributions becomes a forfeiture at the distribution date and is used to pay administrative expenses or reduce the employer's matching contribution. For the year ended December 31, 2025, $11,418 was used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The policies and principles that significantly affect the determination of net assets and changes in the net assets are summarized below:

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value with the exception of the fully benefit-responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan. Valuation methodologies are disclosed in Notes 4 and 5.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in its statement of changes in net assets available for benefits the net appreciation/depreciation in the fair value of investments, which consists of realized gains or losses and unrealized appreciation/depreciation on those investments.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events
The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to completeness and accuracy by the trustee:

	2025	2024
Investments at fair value		
Pooled Separate Accounts	$ 12,235,945	$ 9,860,151
Guaranteed Investment Account, at contract value		
Fixed Account	887,587	939,800
Net investments	$ 13,123,532	$ 10,799,951

Investment income:	
Net realized and unrealized gain	$ 1,729,957
Interest	24,840

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value measurements must be classified and disclosed within the fair value hierarchy. The three levels of the fair value hierarchy are described as follows:

Level 1 - Financial instruments with unadjusted, quoted prices listed on active market exchanges.

Level 2 - Financial instruments valued using inputs that include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Financial instruments that are not actively traded on a market exchange and require using significant unobservable inputs in determining fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled separate accounts: Pooled separate accounts are reported at net asset value (NAV). The NAV is calculated by the fund manager. Each pooled separate account is divided into investment divisions called Sub-Accounts. The value of each pooled separate account is equal to the sum of the values of the Sub-Accounts it holds. Each Sub-Account invests in shares of an underlying mutual fund ("Fund"). Sub-Account values are measured in terms of Accumulation Units. The Accumulation Units of a Sub-Account are assigned a unit value on a daily basis, at the end of each day the New York Stock Exchange ("NYSE") is open for trading, as of the close of the NYSE on that day ("Valuation Day").

To determine the current Accumulation Unit Value for a Sub-Account, the prior Valuation Day's Accumulation Unit Value is multiplied by the Net Investment Factor. The Net Investment Factor is used to measure the investment performance of a Sub-Account from one Valuation Day to the next. The Net Investment Factor for each Sub-Account equals the NAV per share of the underlying Fund held in the Sub-Account at the end of the current Valuation Day, divided by the NAV per share of the underlying Fund held in the Sub-Account at the end of each prior Valuation Day, minus any applicable daily mortality and expense risk and administration charges. The shares of the underlying Fund are valued at NAV on a daily basis.

The following tables summarize the valuation of the Plan's financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2025 and 2024, based on the level of input utilized to measure fair value:

(a) Bond funds seek maximum total return by investing in a diversified portfolio of fixed-income securities.
(b) Foreign large value funds seek long-term capital growth through investments in foreign securities, which may include emerging markets.
(c) Large blend funds seek growth of capital while providing current income by investing in large-cap stocks and companies based on the potential for capital appreciation.
(d) Large growth funds seek capital appreciation by investing in common stocks of companies that offer superior opportunities for growth. Some funds may invest in stocks domiciled outside the United States.
(e) Large value funds seek income and growth of principal through common stocks of established companies.
(f) Small growth funds seek capital appreciation through investment in equity securities which include common stocks, preferred stocks, securities convertible into stocks, and depository receipts for those securities, generally focusing on companies with small capitalizations.
(g) Allocation funds seek to maximize total return, consisting of capital appreciation and current income through investment in equity and fixed income securities of issuers located within and outside the United States.
(h) Target date funds seek growth, income, and conservation of capital in varying degrees, becoming more income- and preservation- oriented as the target date approaches and passes.
(i) World Small/Mid Stock funds seek capital appreciation through investment in equity securities of issuers in the U.S. and foreign countries. A substantial portion of assets are invested in small and mid-sized companies.
(j) Mid cap blend funds invest primarily in mid-cap companies and instruments with similar economic characteristics.
(k) Small blend funds seek total return or capital appreciation primarily through small-capitalization equity securities.

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

(l) World growth funds seek long-term growth through investments in companies located around the world, generally with an emphasis on capital appreciation.

*Any transfer or withdrawal from a separate account may be delayed for a period of up to 30 days if there is a negative cash flow into a separate account considering all contracts with funds in the separate account on the Valuation Date for such transfer or withdrawal. In the event of contract discontinuance, transfers or payments may be deferred for up to a maximum of 90 days.

NOTE 5 - TRADITIONAL INVESTMENT CONTRACT

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan provides a guarantee that the credit rate will not fall below one percent. Cash flow volatility (for example, timing of benefit payments) as well as asset underperformance can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets. Crediting rates are reviewed annually for resetting.

The Plan's ability to receive amounts due in accordance with this fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code;

2. Premature termination of the contract;

3. Plan termination or merger;

4. Changes to the Plan’s prohibition on competing investment options;

5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

NOTE 5 - TRADITIONAL INVESTMENT CONTRACT (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

The insurance company investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	2025	2024
Fixed Account	$ 887,587	$ 939,800

NOTE 6 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - TAX STATUS

The Plan is a prototype plan sponsored by Empower Trust Company, LLC. The prototype plan has received a favorable determination letter from the Internal Revenue Service dated November 14, 2022. The Plan has been amended since its determination letter was received in order to comply with changes in tax laws. Riverside Refreshments, Inc. 401(k) Plan has not obtained a separate determination letter from the Internal Revenue Service. The Plan Sponsor believes the Plan to be acceptable under Section 401 of the Internal Revenue Code and that it has been operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Employee Benefits Security Administration or the Internal Revenue Service. The plan sponsor has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include pooled separate accounts and a guaranteed investment account managed by Empower and its affiliates. Empower and its affiliates earn fees for managing its pooled separate accounts and guaranteed investment account, and these fees are deducted from the earnings reported by the pooled separate accounts and guaranteed investment account. Certain fees associated with administering the Plan are also paid to Empower. Empower is the Plan trustee, and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options including any combination of pooled separate accounts. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 10 - DELINQUENT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. During the 2025 plan year, the Company failed to remit to the Plan's trustee certain employee contributions totaling $20,762 within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt transactions. All delinquent contributions have been funded to the Plan by the audit report date.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO 5500

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits per the Form 5500 at December 31, 2025 and 2024 to the financial statements.

	2025	2024
Net assets available for benefits per the Form 5500	$ 13,123,530	$ 10,799,951
Less: Adjustment for excess contributions payable	(4,487)	(12,059)
Rounding	2	-
Net Assets available for benefits per the financial statements	$ 13,119,045	$ 10,787,892

The following is a reconciliation of changes in net assets available for benefits per the Form 5500 for the year ended December 31, 2025 to the financial statements:

Total changes in net assets available for benefits reflected on Form 5500	$ 2,323,579
Add: Adjustment for prior year excess contributions payable	12,059
Less: Adjustment for excess contributions payable	(4,487)
Rounding	2
Total changes in net assets available for benefits reflected in the financial statements	$ 2,331,153
