REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Priority-1, Inc. 401(k) & Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed our audit of the financial statements of Priority-1, Inc. 401(k) & Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2024 financial statements
Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution.

Their report dated September 29, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Priority-1, Inc. 401(k) & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General

The Plan is a defined contribution plan which was adopted effective January 1, 2024, by the employer and administrator, Priority-1, Inc. (the "Employer"). The Plan covers substantially all U.S. employees of the Employer, who are age eighteen or older. It contains the provision of a 401(k) arrangement, whereby employees may contribute a portion of their compensation to the Plan, as well as a profit sharing component that provides for discretionary contributions to the Plan by the Employer. Participants can enter the Plan on the first day of the month coinciding with or next following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 100% of their annual compensation not to exceed the limit set by the Internal Revenue Code, which was $23,500 and $23,000 in 2025 and 2024, respectively. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions of up to an additional $7,500 in 2025 and 2024.The Plan permits participant rollover contributions from other qualified retirement plans. The Plan also allows Roth 401(k) deferrals and accepts direct rollovers of Roth elective deferrals and will allow for a separate election to be made for bonuses. Upon employment, employees will be automatically enrolled into the plan at 1% elective deferral percentage with an automatic 1% increase annually up to 3% on the first day of the Plan year.

Each year, the Employer, at the discretion of its stockholders, may contribute profit sharing amounts. To receive an allocation of the Employer's contribution, employees must have completed 1,000 hours of service during the Plan year and be employed on the last day of the Plan year.

Participant Accounts

Each participant's account is credited with the participant's 401(k) contribution and allocations of the Employer contribution, plus earnings or losses thereon. Participants' accounts will also be charged with an allocation of the Plan's administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and any earnings thereon. Vesting in the portion of their account attributable to the Employer's contributions is based on each participant's years of service.

Participants are 100% vested after six years of service. A participant will also become fully vested upon death, disability or retirement at age 65 or older.

Years of Service	Percentage
Less than 1 year	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Payment of Benefits

Upon death, disability, retirement, or upon termination, hardship or attainment of age 59 ½ as defined, a participant may elect to receive payments of his or her vested balance in equal installments or a lump-sum distribution. In-service distributions are permitted from elective deferrals once the participant has attained the normal retirement age of 65. Participants are allowed to take an in-service distribution of their account attributable to rollover contributions at any time. Participants who have attained the age of 55 may take an in-service distribution of their account attributable to employer contributions, if the contributions were accrued prior to May 1, 2017.

Investment Options

Participants direct the investment of their 401(k) pre-tax, roth, and rollover contributions into various investment options offered by the Plan. The Plan currently offers 26 mutual funds and a common collective trust as investment options for participants.

Participants do not direct the investment of the Employer's contribution. The Plan directs these contributions into the American Funds Retirement Target Date Fund that most closely matches the participant's birth date and normal retirement age of 65.

Forfeited Accounts

Forfeitures will be disposed as of any valuation or allocation date during the Plan year, or as soon as administratively feasible following the end of the Plan year and will only be used to offset Plan expenses, and reduce future non-elective profit sharing contributions or allocated to participants. During 2025, Plan administrative expenses of $114,570 were paid by forfeited non-vested accounts. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $1,221,168 and $1,165,204, respectively. Forfeitures used subsequent to year end to reduce nonelective contributions totaled $1,260,000.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan Administrators to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding corrective distribution expense. The Plan distributed the 2025 excess contributions to the applicable participants prior to the IRS deadline.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net change in fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - PLAN TAX STATUS

On January 1, 2024 the Plan adopted Schwab Retirement Services, Inc. pre-approved defined contribution plan. The plan obtained its latest opinion letter dated September 21, 2020, in which the Internal Revenue Service states that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal

Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 4 - PLAN TERMINATION

Although it has not expressed the intent to do so, the Employer has the right under this Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested with respect to the employer contribution portion of their accounts. Employee contributions and their related earnings are always 100% vested.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are the valuation methodologies the Plan uses to measure financial instruments at fair value:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The investment in a collective trust fund is valued as a practical expedient utilizing the net asset valuation. The practical expedient is used for valuation, unless it is probable that the Fund will sell a portion of the investment at an amount different from the net asset valuation.

The methods described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 64,955,301	$ -	$ -	$ 64,955,301
Total assets in the fair value hierarchy	$ 64,955,301	$ -	$ -	-
Investments measured at NAV as a practical expedient				1,350,011
Total assets at fair value				$ 66,305,312

The following table presents the Plan's hierarchy for its assets measured at fair value on a recurring basis as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,632,542	$ -	$ -	$ 44,632,542
Total assets in the fair value hierarchy	$ 44,632,542	$ -	$ -	-
Investments measured at NAV as a practical expedient				1,240,671
Total assets at fair value				$45,873,213

Gains and losses (realized and unrealized) included in the change in net assets available for benefits for the year ended December 31, 2025, are reported in net change in fair value of investments. The Plan's Participant directed investments (including realized gains and losses on investments bought, sold, and held during the year as well as unrealized appreciation (depreciation) of the investments held at the end of the year) appreciated in value by $6,162,439 in 2025. The non-participant directed investments appreciated in value by $14,269,659 in 2025.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)
Putnam Stable Value Fund	$ 1,350,011	N/A	Daily

December 31, 2024	Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)
Putnam Stable Value Fund	$ 1,240,671	N/A	Daily

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any persons who provide services to the Plan, an employer whose employees are covered by the Plan, a person who owns 50% or more of such employee association or relatives of such persons and the Plan Sponsor.

Fees incurred by the Plan for certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Employer and Custodian are included in net change in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Administrative fees paid by the Plan were $114,570 in 2025 which were not covered by revenue sharing. The Employer pays directly any other fees related to the Plan's operations.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank Trust, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net investment income, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 8 - RECONCILIATION WITH 5500

Certain amounts reported in the Plan's annual 5500 for changes in net assets available for benefits are different from the amounts reported in the accompanying financial statements. These differences are due to different presentation of investment income but are not materially different.

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2025:

	2025	2024
Net assets available for benefits per the financial statements	$ 76,001,044	$ 54,055,299
Plus: Excess contributions payable	71,574	73,127
Net assets available for benefits per Schedule H to the Form 5500	$ 76,072,618	$ 54,128,426

The following is a reconciliation of net increase in net assets available for benefits from the financial statements to net income per the Form 5500 for the year ended December 31:

Net increase in net assets available for benefits from the financial statements	$ 21,945,745
Less: corrective distributions for prior year excess contributions paid in 2025	(73,127)
Plus: corrective distributions for current year excess contributions paid in 2026	71,574
Net Income per Form 5500	$ 21,944,192

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events for potential recognition and disclosure through October 9, 2026, the date these financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or additional disclosure in the financial statements.
