Independent Auditor's Report

To the Plan Administrator of the Freedom Credit Union 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Freedom Credit Union 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

© Wolf & Company, P.C. | Member of Allinial Global, An Association of Legally Independent Firms

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Freedom Credit Union 401(k) Retirement Plan

Notes to Financial Statements

As of December 31, 2025 and 2024 and for the Year Ended December 31, 2025

1. DESCRIPTION OF THE PLAN

The following brief description of the Freedom Credit Union 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, effective January 1, 2021 upon the adoption of a volume submitter 401(k)/profit sharing plan, is a defined contribution plan sponsored by Freedom Credit Union (the "Credit Union"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

All assets acquired under this Plan as a result of participant and Credit Union contributions, income and other additions will be administered, distributed, forfeited and otherwise governed by the provisions of this Plan. The Plan is administered by the Credit Union for the exclusive benefit of participants in the Plan and their beneficiaries. The Plan assets are invested in various investment options offered by The Standard. The Standard is the recordkeeper of the Plan and Reliance Trust Company ("Custodian") is the Custodian of the Plan.

Eligibility

To become eligible for participation, an employee must be at least age 21 and complete three months of service. Additionally, employees must not be nonresident aliens and not a resident of Puerto Rico. The employee will become a participant in the Plan on the first day of the month following the date on which they become eligible.

Participant Contributions

An active participant may elect to make contributions to the Plan subject to limitations as defined in the Internal Revenue Code ("IRC") as follows:

Elective Deferrals

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan document, up to the maximum limits of the IRC. Participants who have attained age 50 before

the end of the Plan year are eligible to make catch-up contributions. Participants may change salary deferral elections at any time which become effective as soon as administratively feasible after it is received by the plan administrator. Participants direct investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Rollover Contributions

Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans, if the contributions satisfy the tax law requirements for a qualified rollover.

Employer Contributions

Safe Harbor Contributions

The Credit Union makes a safe harbor contribution in an amount equal to 3% of participant's eligible compensation. Employees are eligible to receive the contribution upon attainment of age 21 and one year of service, as defined in the Plan document.

Matching Contributions

The Credit Union makes a matching contribution equal to 100% of eligible participant deferrals up to 3% of each participant's eligible compensation. Employees are eligible to receive the contribution upon attainment of age 21 and one year of service, as defined in the Plan document.

Profit Sharing Contributions

The Credit Union makes a discretionary non-elective contribution to eligible employees. For employees employed prior to January 1, 2009, the Credit Union will make a non-elective contribution equal to 9% of participant's eligible compensation. For employees employed on or after January 1, 2009 and prior to January 1, 2016, the Credit Union will make a non-elective contribution equal to 4% of participant's eligible compensation.

For employees employed after January 1, 2016, the Credit Union will not make a non-elective contribution.

See independent auditor's report.

Freedom Credit Union 401(k) Retirement Plan

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Credit Union's contributions and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Credit Union's safe harbor contribution plus actual earnings thereon. Vesting in the Credit Union's matching and non-elective contributions plus actual earnings thereon is based on the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

If a participant terminates employment with the Credit Union and is subsequently reemployed by the Credit Union, they are entitled to a credit for vesting purposes for prior years of service, provided that all consecutive one-year breaks in service do not equal or exceed the greater of five years or the number of prior years of service.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account or installment payments over a period not to exceed the joint life expectancy of the participant and beneficiary. In addition, the Plan allows for in-service and hardship distributions if certain criteria are met.

Notes Receivable from Participants

Participants may borrow up to a maximum loan amount equal to the lesser of 50% of their vested participant account balance, or $50,000, less the highest outstanding loan balance under the Plan during the preceding year and the minimum loan amount is $1,000. Participants may only have one loan outstanding at any one time unless one loan is a principal residence loan amortized for a period greater than five years.

See independent auditor's report.

The term of the loan may not exceed five years, but may be longer if used to purchase or build a principal residence. The interest rate is determined by the Plan administrator based on prevailing market conditions.

Principal and interest on these notes receivable is paid ratably by the appropriate participants through bi-weekly payroll deductions.

Forfeitures

Forfeited nonvested accounts are used to pay administrative expenses or used to reduce future employer contributions. During the Plan year ended December 31, 2025, forfeitures of $29,314 were used to reduce Credit Union contributions to the Plan. As of December 31, 2025 and 2024 there were $0 and $20,701 in forfeited nonvested accounts, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value).

Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

See independent auditor's report.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the Credit Union contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Credit Union and are excluded from these financial statements. Fees related to the benefits paid to participants and processing of loans are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company and Standard Insurance Company, qualified institutions.

Reliance Trust Company and Standard Insurance Company also certified the information included in the Schedule of Assets (Held at End of Year).

See independent auditor's report.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

See independent auditor's report.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Fair Value Measurements			
December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,898,026	$ -	$ -	$ 13,898,026

	Fair Value Measurements			
December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,690,970	$ -	$ -	$ 11,690,970

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract with Standard Insurance Company. Standard Insurance Company maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. There are no reserves against contract value for credit risk of Standard Insurance Company or otherwise. The average interest rate credited to participants was 2.22% for 2025. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Credit Union and certain other Credit Union-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which the issuer may terminate the contract.

6. TAX STATUS

The Plan adopted the Standard Retirement Services, Inc. Non-Standardized Pre-Approved Profit Sharing Plan which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying volume submitter plan document is qualified under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor ("DOL"). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2022.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

See independent auditor's report.

8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of investments and insurance contracts managed by The Standard. The Standard is the recordkeeper and, therefore, these transactions qualify as party-in-interest transactions. Administrative costs of the Plan paid to the recordkeeper amounted to $19,016 for the year ended December 31, 2025. Fees paid for investment management services are included as a reduction of the net return earned on these investments. Notes receivable from participants also qualify as party-in-interest transactions.

9. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 9, 2026, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

See independent auditor's report.
