INDEPENDENT AUDITOR'S REPORT

October 1, 2026

To the Participants and Plan Administrator of the
Walker SCM 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of the Walker SCM 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520. 103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA
The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Walker SCM 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan and covers substantially all of the employees of the following participating employers as defined in the Plan: Walker International Transportation, LLC, WIT Logistics, LLC and L.A. Enterprises, LLC (collectively, "the Company") who meet certain eligibility criteria. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the Plan Sponsor and Plan Administrator. Ascensus Trust Company (Ascensus) was the custodian of the Plan for the period January 1, 2024 through January 12, 2024. Lincoln Life and Annuity Company of New York (Lincoln) is the custodian of the Plan beginning January 13, 2024. One member of management of the Company serves as the trustee of the Plan.

Eligibility

Employees of the Company that are not union employees and nonresident aliens are eligible to participate in the Plan. The age and service eligibility requirements for all participants to contribute and to receive employer safe harbor contributions, discretionary employer profit-sharing contributions and discretionary employer matching contributions is the attainment of age eighteen and completion of three months of service. Upon achieving eligibility, participants are enrolled in the Plan on the first of each quarter following the date that eligibility requirements are achieved.

Contributions

The Plan allows participants to contribute up to 100% of their annual compensation, subject to certain limitations of the Plan and the Internal Revenue Code (IRC). Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. Participants may also elect to not participate in the Plan. Eligible participants, who attain the age of 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations of the IRC. Effective January 1, 2025, participants aged 60 through 63 are eligible to make additional catch-up contributions up to $11,250 for the 2025 Plan year in accordance with the Secure 2.0 Act.

Participants in the Plan can rollover their account balances from other eligible retirement plans into the Plan. The Plan also allows for Roth 401(k) deferral contributions and direct rollovers from a qualified Roth Plan.

The Plan provides for a safe harbor contribution match. Under this provision, the Company provides a match of 100% of the first 3% of the participant's elective deferral contribution, plus 50% of the next 2% of the participant's elective deferral contribution. The Company may also, at its discretion, make additional contributions above the safe harbor level for employees who meet the eligibility criteria.

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

The Company may also make a discretionary profit-sharing contribution for all eligible participants. In addition to the aforementioned age and service eligibility requirements, eligibility for the discretionary profit-sharing match contribution also includes employment on the last day of the plan year and twelve months of service during the plan year. The Company did not elect to make any discretionary profit-sharing contributions for the years ended December 31, 2025, and 2024.

The Company may also make discretionary matching contributions for all eligible participants up to 4% of eligible compensation. The Company did not elect to make any discretionary matching contributions for the years ended December 31, 2025, and 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions and actual earnings and losses thereon. Allocations of Plan earnings, forfeitures, and Plan expenses are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer safe harbor match contributions. Vesting in the Company's discretionary profit-sharing and matching contributions are based upon length of service and become fully vested when the participant completes six years of qualifying service, reaches normal retirement, dies, or becomes disabled while employed by the Plan Sponsor. Vesting is calculated based on the following schedule:

Years of Vesting	Vested
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of non-vested account balances may be used to offset Plan expenses or reduce employer-matching contributions. The Plan reported available forfeitures of $17,847 and $9,506 as of December 31, 2025, and 2024, respectively. No plan expenses were paid, and no employer-matching contributions were reduced from forfeited non-vested accounts in 2025 and 2024.

Notes Receivable from Participants

Participants may borrow from $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Principal and interest is paid ratably through payroll deductions for a period not to exceed five years, unless the loan is for a principal residence, in which case a longer repayment term is permittable. Notes receivable are secured by the participant's account. Interest rates are measured at the prime rate plus 2% at the time of origination and will be fixed for the duration of the loan. The Plan allows for participants to have one outstanding loan at a time.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits
Upon termination or retirement, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account in a lump sum amount. Distribution of benefits are payable upon a participant's (a) retirement, (b) disability, (c) death, or (d) termination of services with the Plan Sponsor, under prescribed circumstances.

In-Service Withdrawals
Participants may elect disbursement of all or part of their vested account balance upon attainment of age 59 ½.

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted from a participant's vested account balance, under certain circumstances. All hardship withdrawals are subject to the Company's approval and must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company. Participant accounts are charged fees for processing loans and benefit payments. Certain fees may be paid by the Plan through reduction of investment income and netted against net appreciation in fair value of investments.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, each participant's account will become fully vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are reported at fair value as reported by the custodian. The Plan's investment in its group annuity contract is a fully benefit-responsive investment contract reported at contract value as reported by Lincoln. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in the fair value of investments consists of both realized and unrealized gains and losses on the Plan's investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements – Definition and Hierarchy
Financial Accounting Standards Board Accounting Standards Codification 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy is determined based on the least reliable input that is significant to the fair value measurement.

A description of where the Plan's investments fall within the hierarchy is presented in Note 4.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are reclassified as distributions in accordance with the terms of the Plan document. If a participant ceases to make loan repayments and the Company deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits
Benefit payments to participants are recorded when paid.

Risks and Uncertainties
Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the accompanying financial statements.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Lincoln as of December 31, 2025 and for the period from January 13, 2024, through December 31, 2024 and by Ascensus for the period from January 1, 2024 through January 12, 2024.

	2025	2024
Investments at fair value	$ 13,424,013	$ 10,242,242
Investments at contract value	$ 1,792,052	$ 1,446,924
Notes receivable from participants	$ 325,471	$ 187,980
Investment income, net	$ 1,858,654	$ 965,768
Interest on notes receivable from participants	$ 21,959	$ 11,959
Schedule of Assets (Held at end of year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 13,424,013	$ -	$ -	$ 13,424,013
Total investments, at fair value	$ 13,424,013	$ -	$ -	$ 13,424,013

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,242,242	$ -	$ -	$ 10,242,242
Total investments, at fair value	$ 10,242,242	$ -	$ -	$ 10,242,242

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual funds: Valued based on the amount reported by the custodians, based on the quoted market prices of the investments.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with Lincoln. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The group annuity contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. Minimum guaranteed interest rate is 1.00% and interest is updated quarterly. The interest rate at December 31, 2025, and 2024 was 2.30%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the Plan Documents (including complete or partial plan termination or merger with another plan)
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations
- The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax exempt under section 501(a) of the IRC

The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable. The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. TAX STATUS

The Plan is designed from a non-standardized pre-approved profit-sharing plan provided by Steidle Pension Solutions, LLC (SPS). The Internal Revenue Service (IRS) has determined and informed SPS by the letter dated April 1, 2025, that the written form of the underlying plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees.

The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTIES-IN-INTEREST TRANSACTIONS

Lincoln is the custodian of the Plan. As such, transactions involving Lincoln, the Company and the Plan qualify as party-in-interest transactions. Additionally, transactions involving notes receivable from participants also qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits per the financial statements agreed to Form 5500 in total as of December 31, 2025 and 2024.

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the changes in net assets available for benefits per Form 5500 for the years ended December 31:

	2025	2024
Change in net assets available for benefits per the financial statements	$ 3,664,390	$ 3,117,893
Change in deemed distributed loans	-	17,759
Changes in net assets available for benefits per Form 5500	$ 3,664,390	$ 3,135,652

9. SUBSEQUENT EVENTS
