INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Avatar Residential, Inc. 401(k) Plan
Warwick, Rhode Island

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the accompanying financial statements of **AVATAR RESIDENTIAL, INC. 401(k) PLAN**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Avatar Residential. Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Avatar Residential, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avatar Residential, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avatar Residential, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avatar Residential, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of plan:

The following description of the Avatar Residential, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on April 1, 1992, and amended and restated on July 1, 2025, for the benefit of qualifying employees of Avatar Residential, Inc. (the "Company" or the "Employer"), as a defined contribution plan covering all employees of the Company who have reached the age of 18. Employees subject to a collective bargaining agreement and reclassified employees are not eligible to participate in the Plan. The Plan is intended to be a qualified retirement plan under the Internal Revenue Code of 1986 ("IRC") as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan allows traditional 401(k) deferral (pre-tax) and after-tax (Roth) contributions.

Participant contributions

Employees become eligible for contributions at the age of 18. Eligible participants will enter the Plan immediately following the date the eligibility requirements have been satisfied. New participants are automatically enrolled in the Plan under an automatic contribution arrangement ("ACA") at a deferral rate of 1% of eligible compensation. The automatic deferral rate increases by 1% annually until reaching a maximum deferral rate of 3%, unless the participant makes an affirmative election otherwise.

Subject to limitations issued by the Internal Revenue Service (the "IRS"), participants may elect to contribute to the Plan from 0% to 100% of pre-tax eligible earnings, as defined by the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions), subject to certain limitations. Any excess contributions are required to be refunded to the participants. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions

Participants who have completed one year of service (defined as 1,000 hours per the Plan document), are 18 years of age and have not opted out of participating in the Plan will receive a matching contribution equal to 100% of the participants' deferral contributions up to 3% of participants' eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of the net investment gains or losses on such contributions. Additionally, participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Plan earnings and losses as well as Plan administrative expenses are based upon the participants invested balance as of the valuation dates. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their deferral and rollover contributions and Company contributions, including the earnings on those amounts.

Note A – Description of plan (continued):

Investment options

Participants may direct their contributions into any of the funds offered by the Plan, which are held by Empower Trust Company, LLC. The Plan offers a variety of investment options with various objectives and degrees of financial risk and, in general, participants may move their assets among the Plan's investment options through a fund transfer, reallocation, or rebalance on any business day on which the financial markets are open.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. General purpose loans under the Plan have terms that range from twelve to sixty months. Principal residence loans under the Plan have terms that range from sixty-one to one hundred and twenty months. The loans are secured by the balance in the participants' accounts and bear interest at a rate of 1% over the Prime Rate on the first business day of the month the loan is originated. The notes currently bear interest at rates ranging from 5.75% to 9.50%. Participants may only have one loan outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or the Plan, as defined in the Plan. If a participant terminates employment for any reason and his or her vested account balance does not exceed $7,000, the Plan administrator may distribute such amount in a lump-sum payment to the participant without consent of the participant.

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of all their deferral accounts which is payable immediately in a lump-sum distribution.

Note B – Recently issued accounting pronouncements:

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.

Note C – Summary of significant accounting policies:

Financial statement presentation

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, additions to net assets, deductions from net assets, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Note C – Summary of significant accounting policies (continued):

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (See Note F). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

Investment transactions are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value includes the Plan's gains and losses on investments bought, sold, and held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Management has concluded that no allowance for current expected credit losses was necessary at December 31, 2025, and 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Plan expenses

Certain expenses of maintaining the Plan are paid directly by the Company. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

Participants' benefits are charged to expense during the period paid.

Subsequent events

The Plan has evaluated subsequent events through October 6, 2026, the date that the accompanying financial statements were available to be issued.

Note D – Certification by the investment custodian:

Information presented in the accompanying financial statements and schedule as of December 31, 2025 and 2024, and for the year ended December 31, 2025 for investments, notes receivable from participants, investment income and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by the custodians, as permitted by the election made by the plan administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

During the 2025 Plan year, the custodians of the Plan were Mutual of America Life Insurance Company for the period January 1, 2025, through August 6, 2025, and Empower Trust Company, LLC for the period August 7, 2025, through December 31, 2025. During the 2024 Plan year, the custodian of the Plan was Mutual of America Life Insurance Company.

Note E – Fair value measurements:

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs (that is, Level 1 and Level 2 inputs that do not require significant adjustment) and minimize the use of unobservable inputs.

Note E – Fair value measurements (continued):

When, as a practical expedient, an investment is measured at fair value on the basis of net asset value ("NAV"), in accordance with FASB ASU 2015-07, *Disclosure for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, the amounts are not classified in the fair value hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These mutual funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are actively traded.

Pooled separate accounts - Stated at their net asset values as reported by the investment manager of the fund based on the fair value of the underlying assets and liabilities at the measurement date. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2025, and 2024.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	**$ 7,235,035**	**$ 0**	**$ 0**	**$ 7,235,035**
Total investments in fair value hierarchy	**$ 7,235,035**	**$ 0**	**$ 0**	**$ 7,235,035**
Investments measured at NAV (a)				
Pooled separate accounts				**$ 0**
Total investments at fair value				**$ 7,235,035**

Note E – Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 0	$ 0	$ 0	$ 0
Total investments in fair value hierarchy	$ 0	$ 0	$ 0	$ 0
Investments measured at NAV (a)				
Pooled separate accounts				$ 6,945,159
Total investments at fair value				$ 6,945,159

(a) Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Gains and losses included in the change in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The Plan’s policy is to recognize transfers between levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2025, and 2024, there were no significant transfers between levels. Investments in pooled separate accounts provide for daily liquidity and have no redemption features or other restrictions.

Note F – Investment contract:

During the 2024 Plan year, the Plan entered into an investment contract with Mutual of America Life Insurance Company (“MOA”). The contract was a traditional investment contract. MOA maintained contributions in pooled separate accounts and an interest accumulation account (“IAA”). Pooled separate accounts were credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The IAA was a deposit contract with MOA. Because the IAA contract was fully benefit-responsive, contract value is the relevant measurement attribute for the IAA contract. The IAA contract is presented on the face of the statements of net assets available for benefits at contract value. Contributions made to the IAA earned a rate of interest which MOA determined on a periodic basis. Deposits in this account were maintained in the general account of MOA. A participant's interest in the IAA was equal to their contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and expenses deducted.

Note F – Investment contract (continued):

The average yield and crediting interest rate for the IAA was 2.9% for the year ended December 31, 2024. The balance in the IAA account is included in the accompanying financial statements at contract value totaling $0 and $213,869 at December 31, 2025, and 2024, respectively. There were no redemption restrictions on this fund, which may be redeemed on a daily basis.

Certain events limit the ability of the Plan to transact at contract value with the custodian. Such events include the following: 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) premature termination of the contracts by the Plan, or 5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note G – Party-in-interest transactions:

Administrative expenses paid by the Plan to the custodians, or their affiliates, totaled $16,538 for the year ended December 31, 2025. Mutual of America Life Insurance Company and Empower Trust Company, LLC were the custodians of the Plan during the 2025 Plan year. Fees incurred by the Plan for administrative services provided by Mutual of America Life Insurance Company and Empower Trust Company, LLC were $2,785 and $13,753, respectively, for the year ended December 31, 2025.

Certain employees of the Company, who are also participants in the Plan, perform administrative services for the Plan at no cost to the Plan. Also, the Plan issues loans to participants, which are secured by balances in the participants' accounts. These transactions qualify as party-in-interest transacted and are exempt from the prohibited transaction rules of ERISA.

Cavanagh CPAs & Associates, LLC, the auditor of the Plan's financial statements, is also a party-in-interest as defined by ERISA.

Note H – Income tax status:

The Plan has adopted a Non-Standardized Defined Contribution Pre-Approved Plan that received a favorable opinion letter from the Internal Revenue Service ("IRS"), dated November 14, 2022, stating that the form of the pre-approved plan document satisfies the applicable qualification requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended subsequent to the issuance of the opinion letter, the Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan administrator believes that the Plan continues to be qualified and that the related trust is tax-exempt.

Note H – Income tax status (continued):

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal tax examinations for years before 2022.

Note I – Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
