INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Champion Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Champion Management 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Champion Management 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Champion Management 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Champion Management 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Champion Management 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) at December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHAMPION MANAGEMENT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2025

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Champion Management 401(k) Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document which can be obtained from the Plan Administrator.

General

The Plan is a participant-directed defined contribution plan established under Section 401(a) of the Internal Revenue Code of 1986, as amended ("IRC"), which includes a qualified cash or deferred arrangement under Section 401(k) of the IRC, sponsored by Champion Management, LLC (the Plan Sponsor) for the benefit of eligible employees of the Plan Sponsor and the following affiliated employers that have adopted the Plan: Bayside Senior Care LLC, Central Drug Store Inc, Hometown Healthcare Management, LLC, Hometown Pharmacy of Zachary LLC, Lane Senior Care LLC, Tangi Pines Senior Care LLC, and J Barista LLC. The Plan Sponsor and the participating employers are under common ownership and control and are referred to collectively as the Companies. The Plan is a multiple-employer plan under IRC Section 413(c). The Plan covers substantially all employees of the Companies who are age 21 or older and have completed at least three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and includes a safe harbor matching contribution provision.

The employee will become eligible the first day of the first month of the Plan year or the first day of the seventh month of the Plan year, coincident with or next following the date they attain the age of 21 and complete three months of service, provided that they are an eligible employee.

The Plan's investments are held under a group annuity contract issued by Massachusetts Mutual Life Insurance Company (MassMutual). Empower Annuity Insurance Company of America (Empower) is the Plan's recordkeeper and administers the contract. The Haslauer Group, Inc. provides third-party administration and compliance services.

Contributions

Under the terms of the plan, participants may make contributions by electing to defer up to 100% of annual compensation as defined in the Plan subject to annual limitations. Participants are limited to a maximum amount allowed by law, including catch-up contributions for employees age 50 and older. The plan also allows rollover contributions as well as Roth contributions.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Contributions - Continued

The Plan currently offers investments through an insurance company, which in turn offers the participants the ability to invest in various investment options at their individual direction. The Companies contribute a safe harbor matching contribution equal to 100% of salary deferrals up to 3% of compensation plus 50% of salary deferrals on the next 2% of compensation. Participant and Company contributions are subject to certain limitations as defined in the Plan.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's income, the Company's contributions, and the participant's contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant account balances, as defined.

Vesting

Participants are immediately vested in their contributions and in their Company safe harbor contributions plus actual earnings thereon. Matching contributions made before 2022 were subject to a graded vesting schedule and the nonvested portions of those accounts forfeited on termination of employment are the source of the forfeited accounts described below.

Payment of Benefits

On termination of service due to death, disability or retirement, participants, or their beneficiaries, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments based on a predetermined length of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participant withdrawals from elective contribution accounts are subject to certain hardship rules provided by the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, there were $19,009 and $18,240 unapplied forfeited non-vested account assets available for use. Per the Plan document, amounts forfeited are used to reduce the Company's contributions or Plan expenses for the Plan year. No forfeited assets were utilized in 2025.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Amounts allocated to accounts of persons who have elected to withdraw from the Plan as of December 31, 2025, but have not yet been paid as of year-end amounted to $1,651.

Administrative Expenses

Recordkeeping fees paid to Empower and administration fees paid to The Haslauer Group, Inc. are paid from Plan assets and allocated to participant accounts. Loan and distribution fees are charged to the accounts of the participants who incur them. Investment related expenses are included in net appreciation in fair value of investments. The Companies pay the audit fee and other expenses directly, and those expenses are excluded from these financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. Actual results may differ from these estimates.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of $1,000 up to the lesser of $50,000, reduced by the highest outstanding loan balance during the prior 12-month period, or 50% of their vested account balance. Loans are secured by the vested balance in the participant's account and bear interest at 2% plus the Wall Street Journal prime rate, fixed at the date of the loan, and ranged from 7.50% to 10.50% at December 31, 2025. Principal and interest are paid ratably through payroll deductions.

Notes receivable terms shall be no greater than five years, unless the note receivable is used to purchase a participant's principal residence, in which case the notes receivable term will be determined at the time the loan is made and must be within a reasonable term. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant's employment terminates for any reason (including death or retirement) prior to full repayment of the loan, the outstanding balance is treated as a distribution and becomes taxable income to the participant.

Risks and Uncertainties

The Plan provides for various investments in securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 3 – INVESTMENTS

Empower, the custodian of the Plan, held the Plan's investments, and executed Plan transactions in 2025 and 2024. Participants are permitted to invest all amounts (Company safe harbor contributions and participant contributions) in any of the investment alternatives available under the Plan. Participants may change their elected salary deferral rate at any time. Participants may choose from several funds held in Pooled Separate Accounts. Participants pay the asset-based charges of the pooled separate accounts, which are deducted from the accounts and netted in investment return.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's financial statements and supplemental schedules include information that was prepared and certified by Empower Annuity Insurance Company of America, a qualified institution under 29 CFR 2520.103-5. The qualified institution has certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments certified at fair value, the investment contract at contract value, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest credited on the investment contract and interest on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.
- Information contained in the Schedule of Assets (Held at End of Year) at December 31, 2025, as shown on Schedule H, Line 4i.

NOTE 5 – TAX STATUS

The Plan adopted a pre-approved profit-sharing plan, which received its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently designed in compliance with the applicable requirements of the IRC.

As described in Note 10, the Plan Sponsor identified operational errors involving payroll earnings codes excluded from compensation used to calculate contributions and differences between participants' elected deferral percentages and the amounts withheld. The Plan Sponsor intends to correct these errors under the Internal Revenue Service's Employee Plans Compliance Resolution System. The Plan Administrator believes that, once corrected, these errors will not affect the Plan's qualified status and the related trust will remain tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 5 – TAX STATUS – Continued

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's Form 5500 for the years ended December 31, 2022, 2023, and 2024 remain subject to examination by the taxing authorities. The 2025 Form 5500 has not yet been filed.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan, and each participating employer has the right to discontinue its contributions and cease participation, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts, including Company contributions.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are pooled separate accounts and a general-account investment contract under a group annuity contract issued by MassMutual Life Insurance Co. and administered by Empower Annuity Insurance Company of America (Empower), the Plan's recordkeeper and custodian. The issuer also receives asset-based charges deducted from the separate accounts and an administration charge deducted from the general account. Notes receivable from participants are party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA. The late remittances of participant contributions in the supplemental schedule are nonexempt prohibited transactions between the Plan and the Companies.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB"), authoritative guidance for fair value measurements, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The guidance also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 8 – FAIR VALUE MEASUREMENTS – Continued

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: The fair value is based on net asset value ("NAV") per unit, as reported by Massachusetts Mutual Life Insurance Company, the issuer of the pooled separate accounts, as a practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Pooled separate accounts were valued at the net asset value (NAV) of units held by the Plan at year end. There have been no changes in the methodologies used at December 31, 2025.

NOTE 8 – FAIR VALUE MEASUREMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025.

	Level 1	Level 2	Level 3	Total
Pooled separate accounts *	$ -	$ -	$ -	$ 2,843,363
	$ -	$ -	$ -	$ 2,843,363

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024.

	Level 1	Level 2	Level 3	Total
Pooled separate accounts *	$ -	$ -	$ -	$ 2,351,213
	$ -	$ -	$ -	$ 2,351,213

* Certain investments that are measured at fair value using the net asset value per unit (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value as a practical expedient as of December 31, 2025 and 2024.

Investment	Fair Value December 31, 2025	Fair Value December 31, 2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 2,843,363	$2,351,213	N/A	Daily	(1)

(1) Plan withdrawals made in order to accommodate distribution to participants whether in-service or following termination of employment may be made on any business day.

NOTE 9 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract (the General Account) under a group annuity contract issued by Massachusetts Mutual Life Insurance Company (MassMutual). The contract is administered by Empower Annuity Insurance Company of America (Empower). MassMutual maintains the contributions in a general account and is contractually obligated to repay principal and a specified interest rate guaranteed to the Plan. The General Account qualifies as a fully benefit-responsive investment contract because it meets all of the following criteria:

The General Account is reported at contract value, which represents contributions made under the contract, plus credited interest, less participant withdrawals and administrative charges. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with MassMutual. Such events include (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events, (3) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (4) premature termination of the contract. The Plan Administrator does not believe that any event that would limit the Plan's ability to transact at contract value with participants is probable of occurring.

MassMutual may terminate the contract and settle at an amount different from contract value upon (1) a breach of a material obligation under the contract, (2) a material misrepresentation, or (3) a material amendment to the contract without MassMutual's consent. The Plan's ability to receive amounts due depends on MassMutual's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

NOTE 10 – OPERATIONAL ERRORS

Compensation Used for Contributions

The Plan Sponsor determined that certain payroll earnings codes were excluded from the compensation used to calculate participant elective deferrals and the Companies' safe harbor matching contributions, contrary to the Plan's definition of compensation. The exclusion affected the 2023, 2024 and 2025 plan years and was corrected in the payroll system during 2025. The Plan Sponsor intends to correct the failure under the Internal Revenue Service's Employee Plans Compliance Resolution System (EPCRS) by contributing, for each affected participant, an amount for the missed deferral opportunity and the related safe harbor matching contribution, adjusted for earnings.

NOTE 10 – OPERATIONAL ERRORS – Continued

Compensation Used for Contributions – Continued

The amounts of corrective contributions cannot be reasonably estimated as of the date the financial statements were available to be issued, because the earnings codes, payroll periods and participants affected are still being identified. Accordingly, no receivable for corrective contributions has been recorded at December 31, 2025 or 2024.

Participant Deferral Elections

In 2026, the Plan Sponsor identified potential differences between the percentage of compensation withheld and remitted to the Plan as elective deferrals and the percentage elected by certain participants. The Plan Sponsor is reviewing participant election records and payroll data to determine whether differences occurred and, if so, the participants, payroll periods, and plan years affected, and whether amounts withheld were more or less than amounts elected. If the review confirms that elective deferrals were not withheld in accordance with participant elections, the Plan Sponsor intends to correct the matter in accordance with the EPCRS. The amount of any correction, if required, cannot be reasonably estimated as of the date the financial statements were available to be issued, and no amount has been recorded in the accompanying financial statements.

NOTE 11 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date the financial statements were available to be issued, which corresponds with the date of the independent auditors' report.

In 2026, the Plan Sponsor identified that, for certain participants, the elective deferrals withheld and remitted to the Plan differed from the deferral percentages the participants elected. The Plan Sponsor is evaluating the participants, payroll periods and plan years affected and intends to correct the matter under the Internal Revenue Service's Employee Plans Compliance Resolution System. The amount of any correction cannot be reasonably estimated at this time. See Note 10.

As described in Note 10, the Plan Sponsor's evaluation of the payroll earnings codes excluded from compensation used to calculate contributions continued after December 31, 2025. As of the date the financial statements were available to be issued, no corrective contributions had been deposited to the Plan.

No material subsequent events have occurred since December 31, 2025 that required recognition or disclosure in these financial statements.
