INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Jim Bass Ford, Inc. 401(k) Plan
San Angelo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jim Bass Ford, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jim Bass Ford, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jim Bass Ford, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jim Bass Ford, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Jim Bass Ford, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on September 1, 2001. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Jim Bass Ford, Inc. ("the Company") who have completed six months of service, are age 21 or older, and are not employees covered by a collective bargaining agreement, leased employees, or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. Unless a participant makes an affirmative election, participants are automatically enrolled to contribute 3% of eligible compensation each pay period on a pre-tax basis and the deferral rate increases by 1% of compensation on March 25th of each Plan year up to a maximum of 10% of compensation. The automatic escalation is skipped if the increase is within the first six months of a participant's automatic enrollment. Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to 60% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are between the ages of 60 and 63 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution each pay period equal to 100% of participant contributions up to 3% of compensation plus 50% of participant contributions from 3% of compensation up to 5% of compensation. The Company may also make discretionary nonelective contributions to the Plan. To be eligible to receive an allocation of any discretionary nonelective contributions made to the Plan, a participant must earn at least 501 hours of service during the Plan year or be employed by the Company on the last day of the Plan year. There were no discretionary nonelective contributions made to the Plan for the years ended December 31, 2025 and 2024. Participants direct the investment of their Company contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, an allocation of the Company's discretionary nonelective contributions, if any, and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts - continued

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions, and any Company discretionary nonelective contributions, plus actual earnings thereon.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions or partial withdrawals. Participants who terminate employment with a vested balance less than $1,000 may receive an automatic lump sum distribution. Participants who terminate employment with a vested balance between $1,000 and $7,000 may receive an automatic direct rollover of their account balance into an individual retirement account.

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Due to the immediate vesting of all Company contributions, there are no forfeitures resulting from non-vested benefit payments. There was a forfeiture balance of $1,148 and $944 as of December 31, 2025 and 2024, respectively. No forfeitures were used during the year ended December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company's safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary nonelective contributions, if any, are recorded in the year in which the participant compensation is earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and individual participant financial advisory services are charged directly to the participant's account and are included in administrative expenses.

NOTE C - CERTIFIED INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	December 31,	
	2025	2024
Investments, at fair value	$ 14,348,961	$ 12,149,860

For the year ended December 31, 2025

Net appreciation in fair value of investments	$ 1,453,469
Interest and dividend income	$ 680,250

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

> Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
>
> Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

> *Mutual funds (and money market fund):* Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Money market fund	$ 1,086,376	$ 1,086,376
Mutual funds	13,262,585	13,262,585
Investments, at fair value	$ 14,348,961	$ 14,348,961

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Total
Money market fund	$ 1,043,594	$ 1,043,594
Mutual funds	11,106,266	11,106,266
Investments, at fair value	$ 12,149,860	$ 12,149,860

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company and its affiliates Fidelity Investments and Strategic Advisors, Inc. (collectively referred to as "Fidelity") is the third-party administrator, recordkeeper, investment advisor, and trustee for the Plan. The Plan's investments are managed by Fidelity. Fees paid to Fidelity have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2025, the Company inadvertently failed to deposit $10,234 of participant contributions within the timeframe required by the Department of Labor (DOL). During the years ended December 31, 2024, 2023, and 2022 the Company inadvertently failed to deposit $9,489 of participant contributions within the timeframe required by the DOL. The delinquent participant contributions are considered prohibited transactions. The Company corrected the delinquent participant contributions from the years ended December 31, 2024, 2023, and 2022 during the year ended December 31, 2025. The Company is in the process of correcting the delinquent participant contributions from the year ended December 31, 2025.

NOTE J - CORRECTION OF PRIOR YEAR OPERATIONAL FAILURES

During the audit for the year ended December 31, 2023, it was discovered that certain provisions were not properly applied in the operation of the Plan. The Company failed to implement the automatic escalation provisions and the Company excluded certain eligible employees from enrolling in the Plan. The Company identified all participants affected and quantified the corrective contributions owed, including earnings. As of December 31, 2024, the Company owed $3,450 to the Plan, which is reflected as other employer contributions receivable on the statement of net assets available for benefits as of December 31, 2024. The amount was funded in 2025 along with additional contributions that have been recorded as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2025. The Company represents that these operational failures are fully corrected as of December 31, 2025.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II of the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025.

Net assets available for benefits per the financial statements	$ 14,376,435

Less: Employer contributions receivable as of December 31, 2025	(9,432)
Net assets available for benefits per Form 5500 Schedule H	$ 14,348,961

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024.

Net assets available for benefits per the financial statements	$ 12,166,913
Less: Participant contributions receivable as of December 31, 2024	(7,565)
Less: Employer contributions receivable as of December 31, 2024	(6,038)
Less: Other employer contributions receivable as of December 31, 2024	(3,450)
Net assets available for benefits per Form 5500 Schedule H	$ 12,149,860

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025.

Net increase in net assets available for benefits per the financial statements	$ 2,209,522
Less: Participant contributions receivable as of December 31, 2025	(18,042)
Less: Employer contributions receivable as of December 31, 2025	(9,432)
Add: Participant contributions receivable as of December 31, 2024	7,565
Add: Employer contributions receivable as of December 31, 2024	6,038
Add: Other employer contributions receivable as of December 31, 2024	3,450
Net income per Form 5500 Schedule H	$ 2,199,101

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition and disclosure through October 13, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Jim Bass Ford, Inc. 401(k) Plan
San Angelo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jim Bass Ford, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jim Bass Ford, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jim Bass Ford, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jim Bass Ford, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Jim Bass Ford, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on September 1, 2001. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Jim Bass Ford, Inc. ("the Company") who have completed six months of service, are age 21 or older, and are not employees covered by a collective bargaining agreement, leased employees, or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. Unless a participant makes an affirmative election, participants are automatically enrolled to contribute 3% of eligible compensation each pay period on a pre-tax basis and the deferral rate increases by 1% of compensation on March 25th of each Plan year up to a maximum of 10% of compensation. The automatic escalation is skipped if the increase is within the first six months of a participant's automatic enrollment. Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to 60% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are between the ages of 60 and 63 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution each pay period equal to 100% of participant contributions up to 3% of compensation plus 50% of participant contributions from 3% of compensation up to 5% of compensation. The Company may also make discretionary nonelective contributions to the Plan. To be eligible to receive an allocation of any discretionary nonelective contributions made to the Plan, a participant must earn at least 501 hours of service during the Plan year or be employed by the Company on the last day of the Plan year. There were no discretionary nonelective contributions made to the Plan for the years ended December 31, 2025 and 2024. Participants direct the investment of their Company contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, an allocation of the Company's discretionary nonelective contributions, if any, and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts - continued

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions, and any Company discretionary nonelective contributions, plus actual earnings thereon.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions or partial withdrawals. Participants who terminate employment with a vested balance less than $1,000 may receive an automatic lump sum distribution. Participants who terminate employment with a vested balance between $1,000 and $7,000 may receive an automatic direct rollover of their account balance into an individual retirement account.

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Due to the immediate vesting of all Company contributions, there are no forfeitures resulting from non-vested benefit payments. There was a forfeiture balance of $1,148 and $944 as of December 31, 2025 and 2024, respectively. No forfeitures were used during the year ended December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company's safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary nonelective contributions, if any, are recorded in the year in which the participant compensation is earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and individual participant financial advisory services are charged directly to the participant's account and are included in administrative expenses.

NOTE C - CERTIFIED INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	December 31,	
	2025	2024
Investments, at fair value	$ 14,348,961	$ 12,149,860

For the year ended December 31, 2025

Net appreciation in fair value of investments	$ 1,453,469
Interest and dividend income	$ 680,250

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

> Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
>
> Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

> *Mutual funds (and money market fund):* Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Money market fund	$ 1,086,376	$ 1,086,376
Mutual funds	13,262,585	13,262,585
Investments, at fair value	$ 14,348,961	$ 14,348,961

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Total
Money market fund	$ 1,043,594	$ 1,043,594
Mutual funds	11,106,266	11,106,266
Investments, at fair value	$ 12,149,860	$ 12,149,860

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company and its affiliates Fidelity Investments and Strategic Advisors, Inc. (collectively referred to as "Fidelity") is the third-party administrator, recordkeeper, investment advisor, and trustee for the Plan. The Plan's investments are managed by Fidelity. Fees paid to Fidelity have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2025, the Company inadvertently failed to deposit $10,234 of participant contributions within the timeframe required by the Department of Labor (DOL). During the years ended December 31, 2024, 2023, and 2022 the Company inadvertently failed to deposit $9,489 of participant contributions within the timeframe required by the DOL. The delinquent participant contributions are considered prohibited transactions. The Company corrected the delinquent participant contributions from the years ended December 31, 2024, 2023, and 2022 during the year ended December 31, 2025. The Company is in the process of correcting the delinquent participant contributions from the year ended December 31, 2025.

NOTE J - CORRECTION OF PRIOR YEAR OPERATIONAL FAILURES

During the audit for the year ended December 31, 2023, it was discovered that certain provisions were not properly applied in the operation of the Plan. The Company failed to implement the automatic escalation provisions and the Company excluded certain eligible employees from enrolling in the Plan. The Company identified all participants affected and quantified the corrective contributions owed, including earnings. As of December 31, 2024, the Company owed $3,450 to the Plan, which is reflected as other employer contributions receivable on the statement of net assets available for benefits as of December 31, 2024. The amount was funded in 2025 along with additional contributions that have been recorded as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2025. The Company represents that these operational failures are fully corrected as of December 31, 2025.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II of the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025.

Net assets available for benefits per the financial statements	$ 14,376,435

Less: Employer contributions receivable as of December 31, 2025	(9,432)
Net assets available for benefits per Form 5500 Schedule H	$ 14,348,961

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024.

Net assets available for benefits per the financial statements	$ 12,166,913
Less: Participant contributions receivable as of December 31, 2024	(7,565)
Less: Employer contributions receivable as of December 31, 2024	(6,038)
Less: Other employer contributions receivable as of December 31, 2024	(3,450)
Net assets available for benefits per Form 5500 Schedule H	$ 12,149,860

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2025.

Net increase in net assets available for benefits per the financial statements	$ 2,209,522
Less: Participant contributions receivable as of December 31, 2025	(18,042)
Less: Employer contributions receivable as of December 31, 2025	(9,432)
Add: Participant contributions receivable as of December 31, 2024	7,565
Add: Employer contributions receivable as of December 31, 2024	6,038
Add: Other employer contributions receivable as of December 31, 2024	3,450
Net income per Form 5500 Schedule H	$ 2,199,101

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition and disclosure through October 13, 2026, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the
Jim Bass Ford, Inc. 401(k) Plan
San Angelo, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jim Bass Ford, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jim Bass Ford, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jim Bass Ford, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jim Bass Ford, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jim Bass Ford, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of Jim Bass Ford, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on September 1, 2001. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) covering substantially all employees of Jim Bass Ford, Inc. ("the Company") who have completed six months of service, are age 21 or older, and are not employees covered by a collective bargaining agreement, leased employees, or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are automatically enrolled in the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are met. Unless a participant makes an affirmative election, participants are automatically enrolled to contribute 3% of eligible compensation each pay period on a pre-tax basis and the deferral rate increases by 1% of compensation on March 25th of each Plan year up to a maximum of 10% of compensation. The automatic escalation is skipped if the increase is within the first six months of a participant's automatic enrollment. Participants may elect to contribute on a pre-tax basis or post-tax (Roth) basis to the Plan up to 60% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, participants who are between the ages of 60 and 63 are eligible to make super catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution each pay period equal to 100% of participant contributions up to 3% of compensation plus 50% of participant contributions from 3% of compensation up to 5% of compensation. The Company may also make discretionary nonelective contributions to the Plan. To be eligible to receive an allocation of any discretionary nonelective contributions made to the Plan, a participant must earn at least 501 hours of service during the Plan year or be employed by the Company on the last day of the Plan year. There were no discretionary nonelective contributions made to the Plan for the years ended December 31, 2025 and 2024. Participants direct the investment of their Company contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contributions, an allocation of the Company's discretionary nonelective contributions, if any, and Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan, if any. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts - continued

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's safe harbor matching contributions, and any Company discretionary nonelective contributions, plus actual earnings thereon.

Participant Loans

The Plan does not allow participant loans.

Payment of Benefits

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are permitted by the Plan. In-service distributions may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Benefit payments are made in the form of lump sum distributions or partial withdrawals. Participants who terminate employment with a vested balance less than $1,000 may receive an automatic lump sum distribution. Participants who terminate employment with a vested balance between $1,000 and $7,000 may receive an automatic direct rollover of their account balance into an individual retirement account.

Forfeited Accounts

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. Due to the immediate vesting of all Company contributions, there are no forfeitures resulting from non-vested benefit payments. There was a forfeiture balance of $1,148 and $944 as of December 31, 2025 and 2024, respectively. No forfeitures were used during the year ended December 31, 2025.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the Company's safe harbor matching contributions are recorded in the year in which the employee contributions are withheld from compensation. The Company's discretionary nonelective contributions, if any, are recorded in the year in which the participant compensation is earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of benefit payments and individual participant financial advisory services are charged directly to the participant's account and are included in administrative expenses.

NOTE C - CERTIFIED INVESTMENTS

The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified to as complete and accurate by Fidelity Management Trust Company.

	December 31,	
	2025	2024
Investments, at fair value	$ 14,348,961	$ 12,149,860

For the year ended December 31, 2025

Net appreciation in fair value of investments	$ 1,453,469
Interest and dividend income	$ 680,250

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

> Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
>
> Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

> *Mutual funds (and money market fund):* Valued at the daily closing price as reported by the fund. The money market fund and mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Total
Money market fund	$ 1,086,376	$ 1,086,376
Mutual funds	13,262,585	13,262,585
Investments, at fair value	$ 14,348,961	$ 14,348,961

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Total
Money market fund	$ 1,043,594	$ 1,043,594
Mutual funds	11,106,266	11,106,266
Investments, at fair value	$ 12,149,860	$ 12,149,860

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan which obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan is designed in accordance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the letter, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company and its affiliates Fidelity Investments and Strategic Advisors, Inc. (collectively referred to as "Fidelity") is the third-party administrator, recordkeeper, investment advisor, and trustee for the Plan. The Plan's investments are managed by Fidelity. Fees paid to Fidelity have been included in administrative expenses. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - DELINQUENT PARTICIPANT CONTRIBUTIONS

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2025, the Company inadvertently failed to deposit $10,234 of participant contributions within the timeframe required by the Department of Labor (DOL). During the years ended December 31, 2024, 2023, and 2022 the Company inadvertently failed to deposit $9,489 of participant contributions within the timeframe required by the DOL. The delinquent participant contributions are considered prohibited transactions. The Company corrected the delinquent participant contributions from the years ended December 31, 2024, 2023, and 2022 during the year ended December 31, 2025. The Company is in the process of correcting the delinquent participant contributions from the year ended December 31, 2025.

NOTE J - CORRECTION OF PRIOR YEAR OPERATIONAL FAILURES

During the audit for the year ended December 31, 2023, it was discovered that certain provisions were not properly applied in the operation of the Plan. The Company failed to implement the automatic escalation provisions and the Company excluded certain eligible employees from enrolling in the Plan. The Company identified all participants affected and quantified the corrective contributions owed, including earnings. As of December 31, 2024, the Company owed $3,450 to the Plan, which is reflected as other employer contributions receivable on the statement of net assets available for benefits as of December 31, 2024. The amount was funded in 2025 along with additional contributions that have been recorded as other employer contributions on the statement of changes in net assets available for benefits for the year ended December 31, 2025. The Company represents that these operational failures are fully corrected as of December 31, 2025.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II of the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025.

Net assets available for benefits per the financial statements	$ 14,376,435
