INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Brethren Hillcrest Homes 403(b) Plan
La Verne, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Brethren Hillcrest Homes 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Brethren Hillcrest Homes 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of the Plan referred to in the first paragraph. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 11 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans.* The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brethren Hillcrest 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Brethren Hillcrest Homes 403(b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – Description of Plan

The following description of Brethren Hillcrest Homes 403(b) Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Brethren Hillcrest Homes (the Organization) except for employees who normally work less than 1,000 hours in the previous year and non-resident aliens. Employees covered by collective bargaining agreements and leased employees are not eligible employees for matching or non-elective contributions. A participant is immediately eligible to make elective contributions. After one year of eligible service and attaining age 18, employees are eligible to receive employer matching and nonelective contributions. The Plan is subject to the provisions of ERISA.

Contributions – Participants may contribute to the Plan by electing to defer a portion of their total annual earnings. The Plan includes an automatic enrollment provision under which each newly eligible employee is automatically enrolled in the Plan at a default elective deferral rate of 2% of eligible compensation, unless the employee affirmatively elects a different deferral percentage or elects not to participate. Eligible employees are provided information regarding the automatic enrollment provision and their right to opt out or change their deferral election on their first day of employment. Participant contributions are subject to applicable statutory limitations. Unless changed by the participant, automatic elective deferrals are invested in the Plan's designated default investment alternative.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Pre-tax 403(b) contributions are allowed up to the maximum limit allowed by the Internal Revenue Service. In addition, participants may designate all, or a portion of, their elective contributions as post-tax Roth contributions. For January 1, 2025 through December 31, 2025, the Organization made contributions equal to 5.00% of each employee's compensation to eligible participants.

Investment Options – Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers registered investment companies funds and insurance general accounts.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Organization's contribution, if any, and Plan earnings and administrative expenses. Allocations are based on a ratio of the participant's account balance to the total of the investment balance. The benefit to which a participant is entitled is the vested amount in his or her individual account.

NOTE 1 – Description of Plan (continued)

Vesting (continued) – Participants are immediately vested in their elective deferral contribution plus actual earnings thereon. If a participant terminates employment prior to normal retirement age (65) for reasons other than death or disability, the portion of the matching contribution is vested based on years of eligible service. An eligible year of service must include a minimum of 1,000 service hours. After the initial 1,000-hour service year, eligible years of service are calculated by the Plan year. A participant is 100 percent vested after three eligible years of service according to the following graduated scale:

Vesting Service Years	Vesting Percentage
Less than 1	0%
1-2	25%
2-3	50%
3 or more	100%

Payment of Benefits – Upon death, disability, normal retirement or termination of service, a participant can elect to receive the vested interest in his or her account as either a lump-sum distribution or in installments. Participant accounts less than or equal to $5,000 are automatically disbursed as lump-sum distributions upon termination. Benefits are recorded when paid.

Hardship Withdrawals – The Plan allows for hardship withdrawals, limited to the participant's elective deferral, matching contribution, or rollover contribution account balances.

Administration of Plan Assets – The Plan administrator is the Organization. The administrator has entered into contracts with Lincoln Financial Group (Lincoln) and Nationwide Trust Company, FSB (Nationwide). Under the terms of the contracts, Lincoln and Nationwide hold the Plan's investment assets and execute investment transactions. As permitted by Department of Labor regulations, Lincoln and Nationwide have certified certain financial information contained in the statements of net assets available for benefits and the statement of changes in net assets available for benefits to be complete and accurate.

Forfeitures – A forfeiture is the non-vested portion of a participant's account that the participant loses upon termination of employment. Forfeitures can be used to restore forfeitures, reduce Organization matching contributions or to pay Plan expenses. As of December 31, 2025 and 2024, there were $35,431 and $31,239 in available forfeitures, respectively. For the Plan year ended December 31, 2025, no forfeitures were used to fund employer contributions for the Plan.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedule have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were initiated permitted transactions under the terms of the plan.

The statements of net assets available for benefits present the contract value of fully benefit-responsive investment contracts. The statement of changes in net assets available for benefits is prepared on a fair value basis for investment contracts that are not deemed to be fully benefit-responsive.

Investment Valuation – Investments are maintained in registered investment companies and an insurance company general account. Quoted market prices determine the fair value of the registered investment company accounts. The Insurance Company General Account is reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Operating Expenses – Certain administrative fees are collected from participant accounts and paid to the record keeper, the custodian and the Plan's investment advisor. Certain administrative expenses such as audit and legal fees are paid by the Organization and are not reported in the financial statements. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2 – Summary of Significant Accounting Policies (continued)

Plan Amendment – Effective as of January 1, 2025, the plan document was amended. As a result of the amendment, employees become eligible for matching and non-elective contributions after reaching the age of 18 and 1,000 hours of service in a 12 month period. The plan provides traditional automatic enrollment of 2% of eligible compensation for any newly hired employees after January 1, 2025. The vesting schedule was amended to a graded vesting schedule for matching and non-elective contributions. Participants are fully vested after 3 years of eligible service.

NOTE 3 – Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results may differ from those estimates.

NOTE 4 – Information Certified by Custodians of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln and Nationwide have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2025 and 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 – Fair Value Measurements

The Plan adopted the requirements of the Fair Value Measurements and Disclosure Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). This Topic defines fair value and requires enhanced disclosure about assets and liabilities carried at fair value. These additional disclosures are required only for financial assets and liabilities measured at fair value and for nonfinancial assets and liabilities measured at fair value on a recurring basis. The Defined Contribution Pension Plans Topic of the FASB ASC exempts defined contribution plans from other requirements of this Topic.

This Topic requires that a fair value measurement reflect the assumptions market participants would use in pricing an asset or liability based on the best available information. These assumptions include risks inherent in a particular valuation technique (such as a pricing model) and the risks inherent in the inputs to the model. It also specifies that transaction costs should not be considered in the determination of fair value. According to this Topic, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price).

This Topic establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy defined by this Topic are as follows:

> *Level 1* – Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis.
>
> *Level 2* – Pricing inputs are observable, either directly or indirectly, but are not quoted prices included within Level 1. Level 2 includes those financial instruments that are valued using external inputs with models or other valuation methodologies.
>
> *Level 3* – Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to customers' needs.

As required by this Topic, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

NOTE 5 – Fair Value Measurements (continued)

In general, and where applicable, the Plan uses quoted prices in active markets for identical assets to determine fair value. This pricing methodology applies to the Plan's Level 1 assets which include registered investment company accounts and interest-bearing cash.

The following tables show the Plan's financial assets that were accounted for at fair value on a recurring basis as of December 31, 2025 and 2024:

	Fair Value Measurements at Reporting Date Using:			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2025				
Assets				
Registered investment companies	$ 12,022,399	$ 12,022,399	$ -	$ -
Total	$ 12,022,399	$ 12,022,399	$ -	$ -
December 31, 2024				
Assets				
Registered investment companies	$ 10,965,361	$ 10,965,361	$ -	$ -
Total	$ 10,965,361	$ 10,965,361	$ -	$ -

Financial assets valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. There were no assets valued at fair value Level 2 or Level 3 inputs.

NOTE 6 – Notes Receivable from Participants

The Plan makes loans to participants based on their vested account balance. The minimum loan amount is $1,000 and total loans to participants are limited to 50% of their vested balance or $50,000, whichever is less. Participants can have no more than 2 loans outstanding at any time. Loans must be repaid within five years or thirty years if used to acquire a principal residence, and bi-weekly installment payments are required through payroll deductions. Interest rates on outstanding loans currently range from 4.25% to 10.50%. Loans are secured by the vested account balance of the participant.

NOTE 7 – Deemed Distribution from Participant Loan

During the year ended December 31, 2025, the Plan identified a participant loan with an outstanding balance of $20,182 that was deemed distributed in accordance with the term of the Plan document and applicable loan policy. The participant had incurred a distributable event during the year ended December 31, 2025. Accordingly, the Plan removed the outstanding participant loan balance from notes receivable from participants and recorded the amount as a distribution in the Statement of Changes in Net Assets Available for Benefits.

The deemed distribution totaled $20,182, which consisted of unpaid principal and accrued unpaid interest as of December 31, 2025. The amount is included in certain deemed distributions for the year ended December 31, 2025.

NOTE 8 – Investment Contract with Insurance Company

The Plan has entered into a fully benefit-responsive investment contract with Lincoln. Lincoln maintains the contributions in the Lincoln Fixed Income Account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Lincoln. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

NOTE 8 – Investment Contract with Insurance Company (continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach or material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 9 – Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, affected participants would become 100 percent vested in their accounts.

NOTE 10 – Income Tax Status

The Plan was designed and implemented in accordance with applicable sections of the Internal Revenue Code (IRC) to allow the Plan to be exempt from income taxes. The Plan administrator believes that the Plan is operating in accordance with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the IRC; consequently, no provisions for income taxes have been included in the accompanying financial statements.

In accordance with the guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure in or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 – Excluded Contracts

The Plan administrator entered into a 403(b) Plan Excluded Certificates Servicing Agreement (agreement) with Lincoln Financial Group (Lincoln) effective October 4, 2010. This agreement transfers responsibility for administration and responsibilities as fiduciary with respect to certain annuity and custodial accounts to Lincoln. This agreement will continue until the Plan administrator unilaterally terminates it or the parties agree to terminate, except that Lincoln may terminate the agreement if the Plan administrator fails to timely provide Lincoln requested information to permit Lincoln to provide administrative services for the excluded certificates.

NOTE 11 – Excluded Contracts (continued)

As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02 and 2010-01, Annual Reporting Requirement for 403(b) Plans, the Plan has excluded from investments in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as detailed in the agreement. If the identified contracts, as reported by Lincoln, were included, net assets available for benefits would increase by $155,138 and $145,712 as of December 31, 2025 and 2024, respectively. Further, investment gain of $11,015, distributions of $1,464 and expenses of $125 related to such accounts, as identified by Lincoln, have also been excluded from the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025. The accounting principles generally accepted in the United States of America requires that these accounts and the related income and distributions be included in the accompanying financial statements.

NOTE 12 – Separated Participants with Deferred Vested Benefits

Included in net assets available for benefits are amounts due to participants who have withdrawn from the Plan but still have vested benefits in the Plan's net assets. For the Plan years ended December 31, 2025 and 2024, these benefits were $2,432,821 and $1,869,592, respectively.

NOTE 13 – Related Party and Party-In-Interest Transactions

Certain administrative fees are collected from participant accounts and paid to the record keeper and the custodians. For the year ended December 31, 2025, the fees paid by the plan related to investment advisory and recordkeeping services were as follows:

Work Investment Advisors, LLC	$	44,447
Iron-Co Financial		5,908
Nationwide Trust Company		10,203
Total	$	60,558

Other administrative costs were paid by the Plan Administrator and are not reported in the financial statements. Certain Plan investments are held in investment vehicles managed by Lincoln and Nationwide, the custodians of the Plan. These transactions qualify as party-in-interest transactions. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.

NOTE 14 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan has a concentration of investments in the Putnam Growth Opportunities Fund Class Y. A change in the value of the investment could cause the value of the Plan's net assets available for benefits to change due to this concentration. In addition, as a result of funds being selected by participants, certain other funds may individually represent a concentration greater than 10% of Plan's investment at fair value in the statements of net assets available for benefits. Although these individual funds maintain a level of diversification by investing in multiple equity, debt and other instruments, there may be a concentration risk because the funds are invested at the direction of a single fund manager. At December 31, 2025, Putnam Growth Opportunities Fund Class Y individually represented greater than 10% of the Plan's investments at fair value.

NOTE 15 – Subsequent Events

The fair value of investments held by the Plan could fluctuate significantly subsequent to year end. The trustees and management monitor the performance of the Plan's investments including approving changes in the investment options subsequent to year-end.

The Plan did not have any subsequent events through October 12, 2026, which is the date the financial statements were available to be issued, requiring recording or disclosure in the financial statements for the year ended December 31, 2025.
