Report of Independent Auditors

The Plan Sponsor and Plan Participants

Canaccord Genuity LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Canaccord Genuity LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

Shape the future with confidence

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Shape the future
with confidence

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
- include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, referred to as the "supplemental schedule", is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other

than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Canaccord Genuity LLC 401(k) Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

On March 15, 2018, Canaccord Genuity Inc. was converted into a limited liability company and renamed Canaccord Genuity LLC (the Company). Pursuant to the Limited Liability Company Agreement, Canaccord Adams (Delaware) Inc. is the sole member of the Company. The following description of the Canaccord Genuity LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. The Company is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all employees of the Company, who are not covered by a collective bargaining agreement for which retirement benefits have been the subject of good faith negotiations, leased employees, or non-resident aliens without a U.S. source income. Eligible employees may participate in the Plan on the first day of the month following their employment.

The Company is responsible for the general administration of the Plan. The trustee and recordkeeper is Fidelity Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to contribute from 1% to 90% of eligible annual compensation to the Plan on a pre-tax basis, up to the maximum amount allowed for federal income tax purposes.

Pre-tax contributions are made by payroll deduction. The employer matching contribution is subject to the discretion of the Company's Board of Directors. For the year ended December 31, 2025, the employer matching contribution percentage was 50% of participants' elective deferral, up to a maximum of $5,500 per year.

1. Description of Plan (continued)

The participants are eligible to designate some or all of their Deferral Contribution as a Roth Deferral Contribution at the time of their deferral election. Once made, the election is irrevocable (that is, Roth Deferral Contributions cannot later be re-characterized as pre-tax Deferral Contributions).

A participant may also, at the discretion of the plan sponsor, transfer a distribution tax-free to the Plan from another qualified plan, provided the transfer qualifies as a rollover contribution under the Internal Revenue Code (the Code). Rollover contributions are not matched by Company contributions.

Participant elective contributions, including rollover contributions, and employer matching contributions to the Plan are invested by Fidelity Workplace Services as directed by the participants. Each participant may elect one or more of the investment vehicles offered pursuant to the provisions of the Plan, identified as participant-directed investments on the statements of net assets available for benefits. Employer contributions have a one-year service requirement with a minimum of 1,000 hours per year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the employer's matching contribution (based on the participant's contribution), and (b) Plan investment earnings (based on the participant's account balance). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferred salary, rollover, and account earnings. Vesting in the Company's matching contributions is based on years of continuous service as shown in the schedule below:

1. Description of Plan (continued)

Years of Vesting Service	Percent Vested
1	25%
2	50%
3	75%
4 or more	100%

Forfeitures

Upon termination of employment, participants forfeit their non-vested balances. At December 31, 2025 and 2024, the Plan's forfeitures totaled $145,911 and $14,566, respectively. Forfeitures will be used to pay administrative expenses, and to reduce future employer contributions. For the year ended December 31, 2025 $170,714 was used to offset employer contributions.

Participant Loans

Participants may borrow up to 50% of their vested account balance, up to a maximum of $50,000 and a minimum of $1,000. The loan repayment period is up to five years, and may be extended for a loan to purchase a principal residence. Interest is charged at the prevailing rate. The loan is collateralized by the participant's vested balance under the Plan. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of employment, retirement, disability, or death, the participant or his or her beneficiary is entitled to receive a distribution of the participant's entire vested interest. Participants who have attained age 59 1/2 may withdraw any portion of the vested value of their account to the extent the balance is not required to secure the outstanding balance of a loan to the participant.

1. Description of Plan (continued)

Participants may request a withdrawal from their pre-tax and vested Company-matching contributions for certain financial hardships that result from extraordinary medical expenses, educational expenses, expenses to purchase a principal residence, or costs to prevent eviction from or foreclosure on a principal residence. Fidelity Retirement Solutions determines the existence of hardship.

Administrative Expenses

The Company pays for the majority of the Plan's administrative expenses.

Plan Termination

Although it is the Company's expectation that the Plan and the payment of contributions will be continued indefinitely, the Company may terminate the Plan at any time. In the event of Plan termination, participants will immediately become fully vested in the Company's matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Payment of Benefits

Distributions and withdrawal payments are recorded when incurred.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan sponsor

2. Summary of Significant Accounting Policies (continued)

deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded during the period in which the Company makes payroll deductions. Employer matching contributions to the Plan are recorded in the period in which the related participant contributions were made.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for discussion and disclosures related to fair value measurements.

Purchases and sales are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Gains and losses on sales of securities included in net appreciation in the fair value of investments are computed using the average cost of the investments.

Subsequent Events

Management has evaluated subsequent events for the Plan through October 13, 2026, the date the financial statements were available to be issued. There are no subsequent events that require additional disclosure.

3. Investments

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31,2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Trust Company, the trustee of the Plan.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market.

Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The measurement of fair value is based upon a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The Plan's investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy and its applicability to the Plan's investments are described as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets and liabilities. Assets classified as Level 1 are registered investment companies and publicly traded common stock.

Level 2 – Quoted prices for markets that are not active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 – Pricing inputs are unobservable for the asset or liability and reflect management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk) to determine fair value. Assets classified as Level 3 are private investments.

4. Fair Value Measurements (continued)

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level of input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies, including the techniques and inputs, used for each major class of assets measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies: Valued at the net asset value of shares held by the Plan at year end.

Self Directed Brokerage Accounts: Valued at the net asset value of shares held by the Self Directed Brokerage Accounts, National Financial Services LLC, at year end. Accounts primarily consists of mutual funds, exchange traded funds and cash equivalents that are valued on the basis of readily determinable of market price.

The fair value measurements determined as described above may not be indicative of net realizable value or reflective of future values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value:

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	**$117,029,088**	**$ –**	**$ –**	**$117,029,088**

Total investments	$110,348,689	$ –	$ –	$110,348,689

During the year ended December 31, 2025, there were no significant transfers between Level 1 and Level 2

5. Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market liquidity, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Retirement Solutions. Fidelity Retirement Solutions is the Plan's recordkeeper for participant-directed investments and, therefore, these transactions qualify as party-in-interest transactions. However, Fidelity Retirement Solutions is exempt from the prohibited transaction rules under ERISA.

7. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan sponsor has analysed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
