INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan

Opinion

We have audited the accompanying financial statements of Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

An Independent Member of DFK International

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

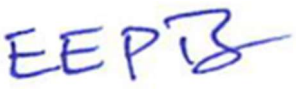

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 1: DESCRIPTION OF THE PLAN

General

The Williams Brothers Construction Co., Inc. Profit Sharing & Stock Ownership Plan (the "Plan") was originally established on February 1, 1964 as the Plan and Trust Agreement of the Williams Brothers Construction Co., Inc. Profit Sharing Plan and was subsequently amended and restated effective January 1, 2015. The Plan is a defined contribution employee stock ownership plan ("ESOP") covering substantially all eligible employees of Williams Brothers Construction Co., Inc. (the "Company" or "Plan Sponsor"). The Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and is designed primarily to invest in Company common stock and provide participants an opportunity to share in the growth and profitability of the Company while accumulating retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

Eligibility

Employees of the Company are eligible to participate in the Plan on the date they complete 12 consecutive months of service with the Company, provided the employee has been credited with at least 1,000 hours of service during the 12-month period.

Employer Contributions

The Company, at the discretion of the Board of Directors, may make contributions to the Plan in cash and/or in shares of Company common stock. Contributions are allocated to eligible participant accounts on a pro-rata basis according to compensation, subject to limitations contained in the Plan document and the Internal Revenue Code. No participant shall be required or permitted to make contributions to the Plan. During 2026, the Board of Directors authorized the issuance of 72 shares or $1,281,600 to the Plan effective December 31, 2025. During 2025, the Board of Directors authorized the issuance of 73 shares or $1,219,100 to the Plan effective December 31, 2024.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. The Plan provides that four separate accounts are to be maintained for each participant. A Stock Ownership Account is maintained for all employer contributions received in the Company's common stock, a Profit Sharing Account, Voluntary Account, and Other Investments Account are also maintained to reflect the interest of each participant under the Plan. Each participant's account is credited its pro-rata share of discretionary contributions, investment income or loss (including the net change in unrealized appreciation/depreciation on investments held at year end reduced by any plan expenses charged for that plan year), and forfeitures during the year.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Vesting and Payment of Benefits

Company contributions vest according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
Two years	20%
Three years	40%
Four years	60%
Five years	80%
Six years	100%

Upon a participant's retirement, disability, or death, the participant's benefits become fully vested regardless of credited service. Normal retirement age under the Plan is 65. Nonvested account balances are forfeited after a five-year continuous break in service.

Distributions generally begin after a participant terminates employment in accordance with the Plan's distribution policy. For terminations other than retirement, disability, or death, distributions generally begin after the anniversary date of the fifth plan year following the plan year of termination. A terminated participant who attains age 62 and has not begun receiving distributions may elect to receive benefits in five substantially equal annual installments, with the first installment paid in the following plan year.

Benefits are paid as follows: (a) accounts of $1,000 or less are distributed in a single lump sum; and (b) accounts greater than $1,000 are distributed in five substantially equal annual installments, unless the participant's Company stock account meets certain requirements described in the Plan documents. All benefits are distributed in accordance with the Plan's distribution policy adopted by the Trustee.

In accordance with the Plan's required minimum distribution provisions, participants who attain age 72 may elect to receive distributions in one of the following forms: (a) a terminated participant who has not begun receiving distributions may elect a single lump-sum payment in the plan year in which the participant attains age 72; (b) a terminated participant who has begun receiving installments may elect a final lump-sum payment of the remaining balance in that year; or (c) a participant who has not terminated employment may elect a lump-sum payment in the plan year of termination.

Distributions of Company stock are generally subject to immediate repurchase by the Company at appraised value in accordance with the Plan's distribution policy. During 2025 and 2024, the Company repurchased approximately 671 and 771 shares from participants, respectively, at independently appraised prices. At December 31, 2025, approximately $12,621,542 was eligible for distribution and allocated to the accounts of participants withdrawing from or diversifying the Plan; the amount will be available for payment through December 2026.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value as of the anniversary date immediately preceding the beginning of each put option period. The Company may pay for the purchase with interest in a lump sum or in substantially equal, annual installments over a period not exceeding five years. Partial exercise of a put option is not permitted. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Participants who have attained age 55 and completed at least ten years of participation following 1997 may elect to diversify a portion of their Company stock holdings. For each of the first five years of the election period, an eligible participant may diversify up to 25% of the value of eligible Company stock holdings, reduced by any prior diversification elections. During the sixth year of eligibility, the participant may diversify up to 50% of eligible Company stock holdings, reduced by prior diversification elections. Participants may elect to receive the diversified amount in cash for reinvestment outside Company stock. In the event a participant is eligible in a single year to make a diversification election and also to receive an installment distribution, the participant will be afforded both the opportunity to make both the diversification election and to receive the distribution. During 2022, the Plan was amended to revise the timing requirements applicable to diversification elections in accordance with Internal Revenue Service guidance.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account on a pro-rata basis according to their earnings for the year. Any portion of the final balances in a participant's account that is not vested (and does not become part of their capital accumulation) will become forfeited as of the last day of each plan year in which they incur a five-consecutive-year break in service. Total forfeitures of non-vested account balances allocated to remaining participants at December 31, 2025 and 2024 were $24,781 and $4,228, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Employer common stock has been valued by an independent professional appraiser. The net change in unrealized appreciation or depreciation on investments held at year end is allocated annually on a pro-rata basis to the participants' accounts. Purchases and sales of securities are recorded on a trade date basis.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain investment management fees and certain recordkeeping expenses are paid by the Plan Sponsor and are excluded from these financial statements.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

NOTE 3: ADMINISTRATION OF PLAN ASSETS

The Plan's assets, excluding the Company's common stock, are held by Charles Schwab, Chase Bank, and Angeles Investment Advisors ("Angeles"), collectively "Financial Institutions". The Company's common stock is held by the Trustee. Among other duties, both the Financial Institutions and Trustee invest and reinvest the Plan's assets, collect income and make distributions to participants. Certain administrative functions are performed by officers or employees of the Company. No such employee receives compensation from the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820-10 provides standards and disclosures for assets and liabilities that are measured and reported at fair value. As defined in FASB ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). FASB ASC 820-10 requires disclosure that establishes a framework for measuring fair value and expands disclosure about fair value measurements.

The statement requires fair value measurements be classified and disclosed in one of the following categories:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Observable inputs other than the quoted prices included in level 1; quoted prices for similar assets or liabilities in active markets.

Level 3: Unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued using the net asset value ("NAV") of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Common stock – Plan Sponsor: Valued at estimated fair value based on an independent appraisal prepared by a qualified independent appraiser. This appraisal was based upon a combination of the market, cost, and income valuation techniques consistent with prior years. The valuation incorporates significant unobservable inputs, including historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of the Company's assets and liabilities. Accordingly, Company common stock is classified within Level 3 of the fair value hierarchy.

Investment at NAV: Valued at the NAV or equivalent based on the Plan's ownership interest percentage in the fund. The NAV is used as a practical expedient and is generally based on the fair value of the underlying investments held by the fund less any liabilities. The fund is valued monthly.

The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of the fair value of assets and liabilities and their placement within the fair value hierarchy levels.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Below are the Plan's investments at fair value on a recurring basis by the fair value hierarchy levels described above:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 490,772	$ -	$ -	$ 490,772
Common stock – Plan Sponsor	-	-	142,487,100	142,487,100
Investment at NAV*	-	-	-	1,936,126
Total	$ 490,772	$ -	$ 142,487,100	$ 144,913,998

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 667,717	$ -	$ -	$ 667,717
Common stock – Plan Sponsor	-	-	143,673,607	143,673,607
Investment at NAV*	-	-	-	1,756,951
Total	$ 667,717	$ -	$ 143,673,607	$ 146,098,275

*Investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

The investment at NAV is the Plan's investment in the Angeles Global Equity Opportunities Fund, LLC (see Note 5). The fund invests primarily in common stocks and mutual funds with an objective of achieving attractive risk-adjusted returns versus its benchmark index by investment in assets with a group of independent investment managers. All the fund's assets are considered Level 1 under the fair value hierarchy. This fund can be redeemed on the last business day of each month with at least 16 business days' notice. There are no unfunded commitments relating to the fund.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2025:

Balance, beginning of year	$ 143,673,607
Unrealized gain/(loss) on investments held at year end	8,806,280
Stock contributions received	1,219,100
Treasury stock purchased	(11,211,887)
Balance, end of year	$ 142,487,100

NOTE 5: PARTY IN INTEREST

As of December 31, 2025 and 2024, the Plan contained funds managed by Charles Schwab, the custodian for certain investments for the Plan as well as an investment in a fund managed by Angeles, the investment manager for the Plan. The Plan pays Angeles for investment management services. For the year ended December 31, 2025, total fees paid to Angeles were $25,469.

A portion of the Plan's assets are investments in the Company's common stock. As the Company is the Plan Sponsor, transactions involving Williams Brothers Construction Co., Inc.'s common stock qualify as party in interest transactions. At December 31, 2025 and 2024, the Plan held 8,005 and 8,603 shares of the Company's common stock, respectively.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan is designed as an employee stock ownership plan and invests substantially all of its assets in Company common stock. Accordingly, the Plan is subject to significant concentration risk associated with the performance and valuation of the Company. At December 31, 2025 and 2024, Company common stock represented substantially all of the Plan's invested assets. Changes in economic conditions, operating results, market conditions, or valuation assumptions could materially affect the value of participants' accounts. The Plan also maintains investments in mutual funds and other investment vehicles that are subject to market risk.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account balance becomes 100% vested.

NOTE 8: INCOME TAXES

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated April 8, 2015, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code and that the trust was exempt from federal income taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan is qualified and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

NOTE 8: INCOME TAXES (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions requiring recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations in progress.

NOTE 9: SUBSEQUENT EVENTS

Management evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued. No events requiring recognition or disclosure in the financial statements were identified.
