INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Trading Technologies 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Trading Technologies 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Trading Technologies 401(K) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trading Technologies 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trading Technologies 401(K) Plan 's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trading Technologies 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trading Technologies 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

Trading Technologies International, Inc. ("the Company') sponsors the Trading Technologies 401(k) Plan (the "Plan"). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1, 2022, the Plan was restated to reflect required regulatory changes and legislative changes for The Bipartisan Budget Act of 2018 and Final Regulations Relating to Hardship Distributions and Tax Cuts and Jobs Act.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for nonresident aliens, collective bargaining employees, interns, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All non-excluded employees are immediately eligible upon hire to participate in the Plan. Newly eligible participants are automatically enrolled in the plan with a deferral equal to 3% of eligible compensation unless the employee declines to participate or elects a different deferral rate.

Contributions

Each year, participants may contribute up to the 401(k) plan limit set by the IRS which was $23,500 in 2025. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to $7,500. Participants have the option of treating their contributions or any portion thereof, as post-tax Roth contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan and may modify or transfer existing balances each business day. At its sole discretion, the Company may make matching and or profit-sharing contributions to the Plan. Such contributions are invested into investment options in proportion to the participants' investment selection for elective contributions.

For years ended December 31, 2025 and 2024, the Company matched 25% of deferrals up to a maximum of 6% of compensation, which resulted in matching contributions totaling $510,053 and $479,393, respectively. The Company elected not to make a profit-sharing contribution for years ended December 31, 2025 and 2024.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's matching and profit sharing contributions, and Plan earnings. Earnings are allocated based on each participant's account balance as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the company contribution portion of their accounts is based on years of continuous service and ranges from 25% vesting after two years of service to 100% vesting after five years of service.

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, have a maximum repayment period of 60 months, and currently bear interest at 4.25% to 8.50%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability, proven financial hardship or severance of employment. Benefits are to be paid in a lump-sum. Balances that do not exceed $7,000 are automatically distributed upon severance of employment.

Forfeited Accounts

Forfeited non-vested accounts can be used to reduce administrative expenses of the Plan or future employer contributions. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $154,641 and $102,681, respectively. Forfeitures of $18,417 and $0 were used to reduce employer contributions or administrative expenses in 2025 or 2024, respectively.

Administrative Expenses

Trading Technologies International, Inc., at its discretion, pays certain administrative expenses of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on the trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Income

The Plan records employer and employee contributions receivable when compensation is paid and deferrals are withheld. In accordance with ASC 326, no allowance for credit losses has been recorded at December 31, 2025 and 2024, as employer and employee contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Fees related to investment advisory fees, the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in other fees.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, which is the date the final statements were available to be issued.

NOTE 3 – FAIR VALUE MEASURES

The Financial Accounting Standards Board established a three-tier hierarchy to measure the fair value of an asset or liability. Level 1 inputs include unadjusted quoted prices in active markets for identical assets or liabilities. Level 2 inputs include market data that are directly or indirectly observable. Level 3 inputs are unobservable and corroborated by little or no market data.

Following is a description of the valuation methodologies used for assets measured at fair value.

- Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are included in Level 1.

- Common stocks and options, included in the participant-directed brokerage accounts, are valued at reported closing market prices and included in Level 1.

NOTE 3 – FAIR VALUE MEASURES (Continued)

- Collective investment trusts and pooled separate accounts are valued using the net asset value ("NAV") as a practical expedient which represents the price at which the fund is able to initiate a transaction. NAV is determined using the fair value of the underlying investments held by the funds less their liabilities and adjusted for contractual expense factors. These investments are excluded from the fair value hierarchy. Units are valued daily.

The valuation methodologies described above may generate a fair value calculation that may not be indicative of net realizable value or future fair values. While the Plan believes the valuation methodologies used are appropriate, the use of different methodologies or assumptions in calculating fair value could result in a different fair value measurement at the reporting date.

The following tables provide a summary of investments at fair value by the input level used to determine fair value.

	Assets at Fair Value December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$43,583,998	$ -	$ -	$43,583,998

Pooled Separate Accounts				14,023,319
Total Investments at Fair Value				$70,286,566

NOTE 3 – FAIR VALUE MEASURES (Continued)

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2025:

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Investment Trusts	$14,901,125	n/a	Daily	Daily
Pooled Separate Accounts	$14,710,381	n/a	Daily	Daily

NOTE 4 - INVESTMENTS

Participants direct the investment of their accounts, as listed on Schedule A-1. The Plan's Trustee, Delaware Charter Guarantee and Trust Company, doing business as Principal Trust Company provides a menu of investment options from which participants may select. Participants may modify or transfer existing balances each business day. The plan trustee executes all investment transactions and Schedule A-1 summarizes the fair value of investments at December 31, 2025.

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee and Trust Company, doing business as Principal Trust Company.

NOTE 5 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain administrative expenses were paid by the Company on behalf of the Plan for the year ended December 31, 2025. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

As of December 31, 2025 and 2024, Plan investments included pooled separate accounts with Principal Life Insurance Company and a mutual fund where Principal Funds Inc acted as an advisor and issuer for one of the Plan's funds. Principal Life Insurance Company and Principal Funds Inc are parties in interest with respect to the Plan.

NOTE 6 – INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and the Plan informed by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan sponsor believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.
