INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Yellowstone Bank 401(k) Plan
Missoula, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Yellowstone Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Yellowstone Bank 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yellowstone Bank 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Yellowstone Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yellowstone Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Yellowstone Bank 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

NOTE A - DESCRIPTION OF PLAN

The following description of Yellowstone Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan covers all eligible employees of The Yellowstone Bank (the "Company").

General

The Plan is a defined contribution plan covering eligible employees of the Company who are eighteen years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code.

Contributions

Each year, eligible employees may contribute up to sixty percent of their annual compensation as defined by the Plan (not to exceed the limits set by the Internal Revenue Code) on a pre-tax basis or as Roth contributions. Eligible employees may also contribute rollover distributions from other qualified plans. The Company makes safe harbor matching contributions for all eligible employees at a rate of one hundred percent on the first six percent of the eligible employees' compensation deferred and may also make additional matching contributions at its discretion. There is no service requirement before eligible employees may begin contributing, but one year of service with at least 1,000 hours is required to qualify for Company safe harbor matching contributions and other matching contributions. In 2025 and 2024, the Company only made safe harbor matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, and participants direct the investment of the contributions into various investment options offered by the Plan. Participant accounts are also credited for earnings on the investments therein, charged for benefit withdrawals and charged for an allocation of Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Vesting in the Company's other matching contributions plus actual earnings thereon is twenty percent for each year of service starting with the second year of service and participants are one hundred percent vested after six years of service.

If an employee dies or attains normal retirement age of 65 while still employed by the Company, his or her entire interest in all accounts will become fully vested, without regard to the length of service with the Company.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of $1,000 up to the lesser of $50,000 or fifty percent of their vested account balance reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period. The loans are secured by the vested balance in the participant's account and bear interest at the Wall Street Journal prime rate plus one percent at the time the loan is made. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, though loans for the purpose of purchasing the participant's primary residence may have longer repayment terms if permitted by the Plan Administrator.

Payment of Benefits

Payment of benefits is made upon retirement, disability, death, termination of employment or an employee's election upon obtaining age 59 and one half. If a participant's vested account balance does not exceed $5,000 the Plan will distribute the vested balance in a lump sum cash payment or rollover payment as soon as administratively practicable, except that vested balances over $1,000 through $5,000 will be contributed to an IRA established for the participant if the participant does not provide timely election forms for the distribution. If a participant's account balance exceeds $5,000, the trustee will commence distribution at the time and in the amounts and form the participant elects, subject to certain minimum distribution requirements set by the Internal Revenue Code. The Plan also provides for hardship withdrawals in certain instances as specified in the Plan.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future employer contributions or pay certain Plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $9,621 and $6,876, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investments

Money market funds and mutual funds are recorded at fair value. Common/collective trusts are recorded at net asset value. See Note C for discussion of these measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's unrealized gains and losses on investments held, as well as realized gains and losses on investments sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Custodial fees, transaction fees and certain administrative fees are paid directly by the Plan. Other direct expenses associated with administering and operating the Plan are paid by the Company. Investment management fees are indirect and part of investment funds' returns. Certain administrative functions for the Plan are performed by officers and employees of the Company, and no such officer or employee receives compensation from the Plan.

Subsequent Events

The Plan evaluates events occurring subsequent to the balance sheet date, through the date the financial statements are eligible to be issued, to determine whether the events require recognition or disclosure in the financial statements. If a subsequent event evidences conditions existing at the balance sheet date, the effects are recognized in the financial statements (recognized subsequent event). If a subsequent event evidences conditions arising after the balance sheet date, the effects are not recognized in the financial statements but rather disclosed in the notes to the financial statements (non-recognized subsequent event). The effects of subsequent events are only recognized if material or disclosed if the financial statements would otherwise be misleading. With respect to the December 31, 2025, financial statements, the Plan has evaluated subsequent events through September 30, 2026.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The following is a summary of the Plan's investments at fair value as of December 31, 2025 and 2024, which was derived from information prepared by Fidelity Management Trust Company (the trustee) and furnished to the Plan administrator. The Plan administrator has obtained certifications from Fidelity Management Trust Company that such information is complete and accurate.

	2025	2024
Money market funds	$ 753,296	$ 1,105,383
Mutual funds	23,305,091	20,792,102
Stable value fund	95,754	187,359
Total investments	$ 24,154,141	$ 22,084,844

During 2025 and 2024, the Plan's investments appreciated by $2,060,066 and $2,188,423, respectively. These amounts include unrealized gains and losses on investments held, as well as realized gains and losses on investments sold.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used in 2025 and 2024.

Money Market Funds and Mutual funds – Valued using the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value per share and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Valuations are level 1 within the fair value hierarchy.

Stable value fund – This fund calculates a net asset value per share but is not an exchange-traded fund in an active market. This fund generally permits daily redemptions with a one-day redemption notice period. As a practical expedient, fair value is determined using the net asset value per share. Under applicable accounting guidance the valuation of this fund is excluded from the fair value hierarchy but is included in the total column of the tables below to permit reconciliation to the statements of net assets available for benefits.

The following table presents the Plan's investments by level within the fair value hierarchy:

	Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 753,296	$ -	$ -	$ 753,296
Mutual funds	23,305,091	-	-	23,305,091
	$ 24,058,387	$ -	$ -	24,058,387
Stable value fund				95,754
Total investments				$ 24,154,141

	Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 1,105,383	$ -	$ -	$ 1,105,383
Mutual funds	20,792,102	-	-	20,792,102
	$ 21,897,485	$ -	$ -	21,897,485
Stable value fund				187,359
Total investments				$ 22,084,844

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their accounts.

NOTE E – TAX STATUS

The Company has adopted a prototype Plan document and is relying on the prototype plan's opinion letter from the Internal Revenue Service dated June 30, 2020, indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator does not believe there are any such uncertain tax positions. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment options. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by affiliated entities of Fidelity Management Trust Company, the Plan's trustee (collectively, "Fidelity"). As such, these investments qualify as party-in-interest transactions. Fees paid to Fidelity for custodial, transaction and administrative fees was $86,128 in 2025 and $70,979 in 2024.

NOTE H – FORM 5500 RECONCILIATION

The financial statements are prepared on the accrual basis of accounting and the form 5500 is prepared on the cash basis of accounting. The following reconciles amounts on the financial statements to the amounts reported on Schedule H of the Form 5500 as of December 31, 2025 and 2024, and for the Plan years ended December 31, 2025 and 2024.
