Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [ ] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [X] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: PRICEWATERHOUSECOOPERS LLP **(2)** EIN: 13-4008324

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**		X	
e Was this plan covered by a fidelity bond?	**4e**	X		45000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**		X

Report of Independent Auditors

To the Administrator of Caterpillar Inc. Retiree Group Insurance Plan

Opinion

We have audited the accompanying financial statements of Caterpillar Inc. Retiree Group Insurance Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

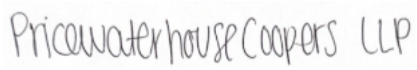

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of the Plan

The following description of the Caterpillar Inc. Retiree Group Insurance Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions. The Plan is governed by the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Participation

The Plan provides health and welfare benefits to certain employees and retirees (and their eligible dependents) of Caterpillar Inc. and its subsidiaries (the "Company") who were formerly represented by various collective bargaining units, including the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America ("UAW") who retired prior to March 27, 2017.

Effective January 1, 2018:

- Eligible former UAW-represented employees who retired between January 10, 2005 and March 6, 2011 were given the option to participate in the Caterpillar Inc. Retiree Benefit Program ("RBP") or remain in the Plan.
- Eligible former UAW-represented employees who retired between March 7, 2011 and March 26, 2017 (previously in the Caterpillar Inc. Group Insurance Plan A) were given the option to participate in RBP or transfer to the Plan.

On January 1, 2019, these retirees were again given the option to participate in RBP or remain in the Plan.

Benefits

Benefits offered by the Plan include medical, dental, prescription drugs, vision, death and various other benefits. The benefits are subject to limitations set forth in the Plan document. Certain benefits are insured with insurance companies.

Benefit amounts may be subject to co-payments and deductibles by participants, subject to certain limits set forth in the Plan.

Contributions

In accordance with the applicable bargaining agreements, Company contributions are based principally on amounts required to pay current benefit claims and estimated benefit claims and premiums payable. The Company may also fund additional discretionary amounts within certain limitations set forth by the Internal Revenue Code ("IRC"). Certain amounts funded are maintained by The Northern Trust Company (the "Trustee") until disbursed.

Participant contributions are for health care premiums and elected coverages, primarily continuation coverage and additional life insurance. The Company offers a variety of retiree health care coverage options to eligible retirees and retirees make contributions to the plan based upon the type of coverage selected. The cost of postretirement benefits to the retiree is based on retirement dates in the various bargaining agreements, age, and the health plan and coverage tier selected. In addition to deductibles and co-payments, retiree contributions for 2025 and 2024 range from 0 to 100 percent of the cost of coverage that exceeds the Company's annual base contribution maximum of $3,119 to $4,815 per participant.

Other contributions primarily consist of funding related to miscellaneous administrative activities.

Plan Modification/Termination
The Company has the right under the Plan to modify the benefits provided to participants, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan document or by ERISA.
In the event the Plan is terminated, assets in excess of any reserve held to provide benefits to participants and their dependents shall be disbursed according to the terms of the Caterpillar Inc. Group Insurance Master Trust ("Master Trust") document.

Administration
The Plan is administered by the Company. Pursuant to procedures adopted by the Company, responsibility for the Plan's non-financial matters has been delegated to the Caterpillar Inc. Benefits Administrative Committee and responsibility for the Plan's financial matters has been delegated to the Caterpillar Inc. Benefit Funds Committee. The Company and the Caterpillar Inc. Benefit Funds Committee have entered into trust and investment management agreements with certain banks and investment advisors providing for administration of the Master Trust's assets and distribution of benefits upon their instructions. The Caterpillar Inc. Benefits Administrative Committee has retained bswift LLC to provide recordkeeping and administrative services as part of the administration of the Plan.

Medical, dental, vision and certain other benefit payments are administered by third parties, primarily United HealthCare Services Inc. Prescription drug payments are administered by third parties, primarily Prime Therapeutics, LLC. Death benefit payments are administered by MetLife, Inc.

Administrative Expenses
Administrative expenses that are specifically identifiable to the Plan are paid by the Master Trust. These expenses primarily consist of fees paid to third-party claims administrators. Other expenses paid by the Master Trust which are not specifically identifiable to a plan are included as an element of the Plan interest in net investment income (loss) of the Master Trust, and primarily consist of investment management fees. All other administrative expenses, audit fees and actuarial fees related to the administration of the Plan which are not paid through the Master Trust are paid by the Company and are not considered expenses of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition
The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated net investment income (loss) less actual distributions and actual and allocated administrative expenses. The Caterpillar Inc. Benefit Funds Committee determines the Plan's valuation policies utilizing information provided by investment managers and the Trustee. The investments in the Master Trust are valued as described in Note 4. Dividend income is recorded as of the ex-dividend date. Interest is recorded daily as earned. The Master Trust presents, in Note 4, in Net investment income (loss), the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are recorded on a trade-date basis.

Payment of Benefits
Claim payments are recorded when paid by the Master Trust or general assets of the Company.

Use of Estimates in the Preparation of Financial Statements
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimated.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of postretirement benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates and demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

3. Postretirement Benefits

The amount reported as the postretirement benefit obligation represents the actuarial present value of those estimated future benefits attributed by the terms of the Plan to employees' service rendered as of the valuation date, reduced by the actuarial present value of contributions expected to be received from the Plan's current participants. Postretirement benefits include future benefits expected to be paid to or for (1) current retirees and their beneficiaries and dependents and (2) active employees and their beneficiaries and dependents after retirement from service with the Company. The postretirement benefit obligation represents the amount that is to be funded by contributions from the Company and from the Plan's assets. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service rendered as of the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and is the amount that results from applying actuarial assumptions to historical claims-cost data to estimate future annual incurred claims costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment, and to reflect the portion of those costs expected to be borne by Medicare, the retired participants and other providers.

The accumulated postretirement benefit obligation as of December 31, 2025 and 2024 and the changes in the accumulated benefit obligation for the year ended December 31, 2025 do not reflect any amount associated with the Medicare subsidy allowed under the Medicare Prescription Drug Improvement and Modernization Act of 2003 as the Plan is not directly entitled to the Medicare subsidy. The Plan’s accumulated postretirement benefit obligation as of December 31, 2025 and 2024 differs from that disclosed by the Company by $42.0 million and $46.5 million, respectively, as the Company’s accumulated postretirement benefit obligation as of those dates has been presented net of the Medicare subsidy.

Claims payable and incurred by retired participants but not reported at year-end are included in the postretirement benefit obligation at their present value.

The following table presents the actuarial present value of accumulated postretirement benefit obligations as of December 31, 2025 and 2024:

(in thousands of dollars)	**2025**	**2024**
Postretirement benefit obligations		
Current retirees	$ 610,945	$ 643,687
Other participants fully eligible for benefits	1,937	1,836
Other participants not yet fully eligible for benefits	4,196	5,497
Total benefit obligations	$ 617,078	$ 651,020

The following table summarizes the changes in the actuarial present value of accumulated plan benefits for the year ended December 31, 2025:

(in thousands of dollars)	2025
Postretirement benefit obligations	
Balance at beginning of year	$ 651,020
Net increase (decrease) during the year attributable to:	
Transfers from (to) other plans	736
Additional benefits accumulated	260
Actuarial losses (gains)	(17,233)
Participant contributions	34,442
Changes in actuarial assumptions	22,161
Interest cost	30,938
Benefits paid	(105,246)
Net increase (decrease) in benefit obligations	(33,942)
Total benefit obligations	$ 617,078

The following significant assumptions were used in the valuation of the postretirement benefit obligation as of December 31, 2025 and 2024:

	2025	2024
Discount rate	4.89%	5.37%
Health care cost-trend rate		
Current year	6.5%/7.5% [1]	6.0%
Ultimate	4.8%	4.8%
Year in which ultimate trend is reached	2033/2037 [1]	2030
Mortality table	PriH 2012	PriH 2012
Mortality improvement scale	MP 2021	MP 2021

[1] Represents pre-65 and post-65 assumptions, respectively.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Change in Actuarial Assumptions

In 2025, the Company made the following changes in actuarial assumptions:

- The discount rate changed from 5.37 percent to 4.89 percent in 2025. This resulted in an increase to the benefit obligation of $18.7 million.
- The assumed per capita claims costs were updated based on recent experience. For the 2025 Plan year, the updated assumption ranged from $5,321 to $13,828, compared to a range of $4,731 to $13,976 for the 2024 Plan year. This resulted in a net increase of $15.3 million to the benefit obligation.
- An experience study was performed in 2025, resulting in changes to certain assumptions. These changes resulted in a net decrease of $11.9 million to the benefit obligation. The assumption changes that had the most significant impact on the benefit obligation are summarized below:
    - A lapse assumption was established for retirees who elect coverage upon retirement but subsequently discontinue coverage, which resulted in a decrease of $38.3 million.

- The trend rate was updated to reflect increasing health care cost trends, which resulted in an increase of $21.7 million.

These changes in actuarial assumptions, combined with other insignificant changes, are included in the 2025 table summarizing the changes in the actuarial present value of accumulated plan benefits.

The health care cost-trend rate assumption has a significant effect on the amounts reported. If the assumed rates increased by one percentage point, the obligation as of December 31, 2025 would increase by approximately $20.9 million.

4. Master Trust

The Plan's investments are held in the Master Trust, which was established for the investment of assets of the Plan and other Company sponsored health care plans. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

Net investment income (loss) of the Master Trust is allocated monthly to each participating plan based upon each plan's respective dollar ownership, giving consideration to the monthly plan-specific time-weighted activity within the Master Trust.

The following table presents the net assets of the Master Trust and the Plan's interest in the net assets of the Master Trust as of December 31, 2025 and 2024.

(in thousands of dollars)	Master Trust		Plan's Interest in Master Trust

Plan's percentage interest in Master Trust			49.50 %	16.69 %

Investments are stated at fair value and are valued as described below:

- *Common stocks:* Primarily valued at quoted market prices.
- *Common collective trusts and 103-12 investment entities:* Primarily stated at net asset value ("NAV") of units held. The Plan's management elected the practical expedient to use NAV in measuring the fair value of the underlying investments.
- *Other investments, net:* Primarily valued at quoted market prices, when available, or valued based on matrices or models from reputable pricing vendors.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize Master Trust investments measured at fair value based on NAV per share using the practical expedient, the unfunded commitments and redemption restrictions as of December 31, 2025 and 2024.

(in thousands of dollars) December 31, 2025	Fair Value	Unfunded Commitments	Redemption Restrictions	Redemption Frequency (if currently eligible)	Redemption Notice Period

Fair Value Measurements

The guidance on fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. This guidance also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally-developed market assumptions. In accordance with this guidance, fair value measurements are classified under the following hierarchy:

- **Level 1** - Quoted prices for identical instruments in active markets.
- **Level 2** - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.
- **Level 3** - Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

When available, quoted market prices are used to determine fair value, and such measurements are classified within Level 1. In some cases where market prices are not available, the observable market based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon valuations in which one or more significant inputs are unobservable, including internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

Fair value measurements are classified according to the lowest level input or value-driver that is significant to the valuation. A measurement may therefore be classified within Level 3 even though there may be significant inputs that are readily observable.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The significance of transfers between levels was evaluated based upon the nature of the financial instrument and size of the transfer relative to total net Master Trust assets. For the year ended December 31, 2025, there were no significant transfers into or out of Levels 1, 2 or 3.

Master Trust assets that are measured at fair value as of December 31, 2025 and 2024 are summarized below. Investments measured at net asset value per share using the practical expedient have not been classified in the fair value hierarchy, but are presented in order to permit reconciliation to the table that presents the net assets of the Master Trust.

Derivatives

Within the Master Trust, certain investment managers may use derivative financial instruments to meet fund objectives and manage exposure to foreign currency, interest rate and market fluctuations. The impact of derivative financial instruments on the Master Trust was not significant for the plan years 2025 and 2024.

5. Related-Parties and Parties in Interest

The Trustee is authorized, under contract provisions and by exemption under 29 CFR 408(b) of ERISA regulations, to invest in securities under its control and in securities of the Company. As of December 31, 2025 and 2024, the Master Trust did not hold any investment in securities of the Company. The Master Trust also invests in certain funds that are sponsored and managed by The Northern Trust Company, the Trustee for the Master Trust. Pursuant to this, the Trustee manages an equitization account which overlays cash with equity futures. These transactions and expenses qualify as exempt party in interest transactions.

6. Deficit Funding Policy

The Plan's deficiency of benefit obligations in excess of net assets at December 31, 2025 and 2024 relates to the postretirement benefit obligation, the funding of which is not covered by the contribution rate provided by the current Plan document. It is anticipated that the postretirement benefit obligation will be funded by the Company through future contributions as such costs are incurred.

7. Tax Status

The Master Trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the IRC, and accordingly the Master Trust's net investment income (loss) is exempt from income taxes. The Master Trust obtained a favorable tax determination letter from the Internal Revenue Service ("IRS") and the Company believes that the Master Trust, as amended, qualifies and operates in accordance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2017.

8. Subsequent Events

The Company has performed a review of subsequent events through October 13, 2026, the date the financial statements were available to be issued, and concluded there were no events or transactions that required recognition or disclosure in the Plan's financial statements.
