Independent Auditor's Report

RSM US LLP

Participants and the Plan Committee
New Mountain Capital, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of New Mountain Capital, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Plan Description

The following description of the New Mountain Capital, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted on January 1, 2000, that covers all employees of New Mountain Capital, LLC (NMC or the Sponsor) who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee (the Committee) is responsible for the oversight of the Plan. The Committee determines the suitability of the Plan's investment offerings and monitors investment performance.

Eligibility: All employees who have attained the age of 21 are eligible to participate in the Plan and are eligible to receive employer matching contributions, except union employees, nonresident aliens, leased employees, interns and residents of Puerto Rico.

Participant contributions: Participants are automatically enrolled to defer 3% (increases 1% per annum up to a maximum 6% deferral rate) of their pay as of the date they become eligible to participate in the Plan, unless they choose a different percentage or opt out of the automatic deferral.

Participants may elect to defer 100% of their compensation (from 1% to 100% in increments of 1%) limited to the maximum amounts established under Internal Revenue Service (IRS) regulations. Participants may elect to contribute pre-tax or post-tax (Roth) up to amounts established under IRS regulations. Contributions to the Plan include: (a) voluntary employee contributions equal to the amount of total compensation that each participant has elected to defer (up to the maximum amount by law), (b) catch-up contributions for participants who have attained age 50 and (c) rollover contributions from other qualified defined benefit or defined contribution plans.

Employer contributions: The Sponsor makes a qualified safe harbor matching contribution in order to maintain Qualified Automatic Contribution Arrangement safe harbor status. The Sponsor matches 100% of the employee deferral that does not exceed 2% of the employee's total compensation, plus 50% of the employee's deferrals that exceed 2%, but do not exceed 6% of the employee's total compensation. The Sponsor may also make discretionary profit-sharing contributions. Contributions in any calendar year may not exceed the limits under Internal Revenue Code (IRC) Sections 401(k), 404 and 415. Participants direct the investment of their contributions into various investment options offered by the Plan. The Sponsor did not make any discretionary profit-sharing contributions in 2025.

Participant accounts: Each participant's account is credited with the participant's contribution, NMC's contribution, Plan earnings and NMC's discretionary contributions, if any, and charged with transactional expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Plan Description (Continued)

Vesting: Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Sponsor's discretionary profit-sharing contribution portion of their account plus actual earnings thereon is based on the following schedule:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants become 100% vested in qualified safe harbor contributions after two years of service.

Forfeitures: Forfeitures may be made available to reinstate previously forfeited account balances of participants, if any, and, any remaining forfeitures may be used to satisfy any contributions that may be required, or may be used to pay any administrative expenses of the Plan. As of December 31, 2025 and 2024, the amount of forfeited nonvested accounts was $95,253 and $100,588, respectively. For the year ended December 31, 2025, $20,000 and $68,311 were used to offset plan administrative expenses and Sponsor matching contributions, respectively.

Notes receivable from participants: Participants may obtain loans against the value of their accounts. The maximum amount of the loan cannot exceed the lesser of: (a) $50,000 or (b) 50% of the participant's vested account balance. Only two loans may be outstanding at any given time. The funds required to satisfy a loan request are paid not less frequently than quarterly from the participant's account in the various investment funds. The loans must be repaid within five years for general-purpose and 30 years for residential loans. Interest and principal repayments are credited directly to the borrower's respective account and are repaid by payroll deductions. The loans bear interest equal to one percentage point above the prime rate and will be fixed for the duration of the loans. These rates range from 4.25% to 9.25% on loans outstanding at December 31, 2025, and the loans mature through 2055.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately, and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan.

Participant distributions: On termination of service due to death, disability or retirement, a participant or the participant's beneficiary may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or annual installments over a period of not more than their assumed life expectancy as determined at the time of distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the benefit is over $5,000, the participant must consent to the distribution. If the benefit is $5,000 or less, the Plan may distribute the benefit in accordance with the Plan document. In addition, the Plan provides for participant withdrawals in the event of hardships, as defined in the Plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive group annuity contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed to participant accounts when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Payment of benefits: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through October 5, 2026, the date on which these financial statements were available to be issued.

Note 3. Information Certified or Provided by Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC, qualified institutions:

	December 31	
	2025	2024
Investments at fair value:		
Registered investment companies	$ 88,203,234	$ 70,379,195
Self-directed investments	372,556	286,388
	$ 88,575,790	$ 70,665,583
Investment at contract value:		
Guaranteed investment contract	$ 997,683	$ 910,132
Notes receivable from participants	$ 249,775	$ 219,818

Empower Life & Annuity Insurance Company of New York and Empower Trust Company, LLC also certified to the completeness and accuracy of $10,016,065 of net appreciation in fair value of investments, $2,566,525 in interest and dividends on investments, and $19,627 in interest income on note receivable from participants for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers between Levels 1, 2 and 3 during the year.

Note 4. Fair Value Measurements (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed investments: Valued at quoted market prices, which represent the NAV of the investments held in such accounts.

The following tables summarize the Plan's assets measured at fair value on a recurring basis, categorized by U.S. GAAP's valuation hierarchy as of December 31, 2025, and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 88,203,234	$ -	$ -	$ 88,203,234
Self-directed investments	372,556	-	-	372,556
Investments at fair value	$ 88,575,790	$ -	$ -	$ 88,575,790

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 70,379,195	$ -	$ -	$ 70,379,195
Self-directed investments	286,388	-	-	286,388
Investments at fair value	$ 70,665,583	$ -	$ -	$ 70,665,583

Note 5. Investment in Group Annuity Contract

The Plan has a fully benefit-responsive group annuity contract with Empower Life & Annuity Insurance Company of New York. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Empower Life & Annuity Insurance Company of New York. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate, and prevailing market conditions. The interest crediting rate is reset quarterly. As described in Note 2, contract value is the relevant measurement attribute for this fund. The contract value was $997,683 and $910,132 as of December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5. Investment in Group Annuity Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan, plant closings, layoffs, Plan termination, Sponsor bankruptcy and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The insurance company may not terminate the contract at any amount less than the contract value.

Note 6. Tax Status

The Plan has adopted a preapproved Plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the preapproved Plan document was in compliance with the applicable requirements of the IRC. The Plan has been amended since adopting the preapproved Plan document; however, the Plan Administrator believes that the Plan, as amended, is designed and is being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Plan Termination

Although they have not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employer contributions.

Note 8. Party-in-Interest Transactions

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Additionally, certain administrative expenses are paid directly by the Sponsor.

Certain Plan investments are managed by Empower Trust Company, LLC, the trustee of the Plan. Charles Schwab is the custodian of self-directed investments. These transactions qualify as exempt party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.
