Spanish Peaks Healthcare System 403 (b) Plan
Board of Directors

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spanish Peaks Healthcare System 403 (b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Spanish Peaks Healthcare System 403 (b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Spanish Peaks Healthcare System 403 (b) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spanish Peaks Healthcare System 403 (b) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spanish Peaks Healthcare System 403 (b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spanish Peaks Healthcare System 403 (b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500 Schedule Hm, Line 4i-Schedule of Assets (held at end of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Spanish Peaks Healthcare Systems 403(b) Plan
Notes to Financial Statements
December 31, 2025, and 2024

Note 1 Description of Plan

The following description of the Spanish Peaks Healthcare Systems 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – Spanish Peaks Healthcare Systems (the "Organization") established the Plan to provide employees with a systematic means of saving and investing for the future. All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their hire date. Deferrals begin on the enrollment date, assuming the eligibility conditions have been met. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Contributions – For 2025, Participants, depending on their age, may contribute up to $34,750 annually, including ROTH contributions, (including $7,500 or $11,2500 catch-up contributions for participants aged 50 and older) of their pretax wages by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. The Organization has the discretion to make matching non-elective contributions, based on participants' base pay (excluding fringe benefits, bonuses, disability compensation, overtime pay, on-call compensation, holiday premium pay, and post-severance leave cash-outs) once a participant completes one year of service and reaches the age of 21. Total annual contributions to the Plan (both employee deferrals and employer contributions) may not exceed the lessor of 100% of the participant's compensation or $70,000, as adjusted for inflation by the Secretary of the Treasury.

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Organization's contributions, and Plan gains or losses. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Investment Options – Upon enrollment in the Plan, participants may direct the investment of their contributions and the Organization's contributions into various investment contracts offered by the Plan.

Vesting – Participants are immediately vested in their elective deferral contributions, rollovers and actual earnings thereon. Vesting in the Organization's matching contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. An employee must complete at least 1,000 hours of service during a vesting computation period to receive credit for a year of service. The following summarizes vesting by years of continuous service:

1 year	0%
2 years	0%
3 years	100%

Forfeitures – Forfeitures may be used to pay administrative expenses or reduce the Organization's contributions. As of December 31, 2025, and 2024, forfeited, non-vested accounts totaled $-0- and $5,646, respectively.

Distributions – Upon retirement, disability, or death, a participant or beneficiary receives the entire amount credited to the participant's account either in a lump sum or, at the participant's election, via any annuity option provided under the Plan's group annuity contract. Upon termination of employment, other than retirement, disability, or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum or any annuity option provided under the Plan's group annuity contract. For terminated employees whose participant balance is less than $5,000, the Plan will make a mandatory distribution to an Individual Retirement Arrangement (IRA) on behalf of the participant.

Notes Receivable from Participants – Participants may borrow from their account balance with interest charged at a rate comparable to the rates being charged by lending institutions in the same geographical location as the employer (5.25% to 10.50%). The interest rate remains in effect for the duration of the loan. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a principal residence. The minimum loan amount is $1,000 and the maximum loan is the lesser of $50,000 less the highest outstanding loan balance during the one-year period prior to the new loan application date, or 50% of the participant's account balance.

The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through after-tax payroll deductions and are credited to the participant's account. Full and partial prepayments are permitted; however, loans may not be consolidated or refinanced. Participants may only take out one loan during any 12-month period and may only have one loan outstanding at any time. As of December 31, 2025, and 2024, the Plan had notes receivable from participants with principal balances totaling $232,902 and $245,404, respectively.

Participant Investment Rollovers – Participants are allowed to transfer or rollover funds into the Plan from other qualified 403(b) plans.

Note 2 Summary of Accounting Policies

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except distributions to participants which are prepared on the cash basis of accounting.

Use of Accounting Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. The Plan's trustees determine the Plan's valuation policies using information provided by the asset custodian. See Note 4 for information on fair value measurements.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investment in the Standard Stable Asset Fund II represents a fully benefit-responsive investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. All investment income from pooled separate accounts is included within the net appreciation (depreciation) in fair value of investments consistent with the presentation provided by the custodian.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the term of the plan documents.

Contributions – Contributions from employees and the Organization are recorded in the period in which the Organization makes the payroll deductions from participant earnings.

Distributions – Distributions are recorded when paid. On December 31, 2025, there were no benefits processed and approved for payment, but not paid.

Expenses – Certain of the Plan's administrative expenses are paid by the Organization and are excluded from these financial statements. Specific fees related to the administration of investments are charged directly to the individual participants' accounts and are included in administrative expenses. All other investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events – The Organization has evaluated subsequent events for recognition or disclosure through the date of the Auditor's Report, which is the date the financial statements were available for issuance.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 3 Investments

During the year ended December 31, 2025, the Plan's investments appreciated (including gains and losses on investments bought and sold as well as held during the year) by $3,779,433.

The Standard Stable Asset Fund - II – As discussed in Note 2, because the Standard Stable Asset Fund - II is fully benefit-responsive, contract value is the relevant measurement attribute for this investment contract.

Contract value, as reported to the Plan by Standard Insurance Company (Standard), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Crediting rates are established quarterly based on account yield forecasts and required margins.

Certain events may limit the ability of the Plan to transact at contract value with $1,225,587. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

Standard may terminate the contract with 30 days advance notice for reasonable cause, including the Plan's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least $25,000, plan disqualification, and failure to adopt the Plan in a reasonable period of time.

Note 4 Fair Value Measurements

Generally accepted accounting principles require the Plan to use a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1
Unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2
Prices are determined using significant other observable inputs. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Prices are determined using significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies – Valued at net assets value of the shares held by the Plan at year-end. The share prices are quoted in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

Investment Category:	Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at Fair Market Value:				
Mutual funds	$ 24,141,352	$ -	$ -	$ 24,141,352

The following sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

Investment Category:	Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Investments at Fair Market Value:				
Mutual funds	$ 20,105,495	$ -	$ -	$ 20,105,495

Note 5 **Information Prepared and Certified by the Custodians**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Ascensus.

	2025	2024
Investments, at fair value	$ 24,141,352	$ 20,105,495

Note 6 **Party In Interest**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relative of such persons.

Certain accounting and administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. In addition, the Company pays certain outside administrative expenses of the Plan.

Note 7 **Tax Status**

The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. 403(b) plans currently are not required to submit plans to the Internal Revenue Service for determination. The Plan is required to operate in conformity with the Internal Revenue Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provisions for income tax have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress. Generally, plan tax returns remain open for federal income tax examination for three years from the date of filing.

Note 8 **Plan Termination**

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The participants in the plan would be fully vested in their account at termination.
