Independent Auditor's Report

To the Plan Administrator of
Trend HR Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Trend HR Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements for the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information listed in the index as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 3 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental information, other than the information in the 2024 supplemental information that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Plan Description

The following description of the Trend HR Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to their respective Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution 401(k) plan sponsored by THR Outsourcing LLC. The plan covers employees of THR Outsourcing LLC and participating employers that have adopted the Plan pursuant to service agreements with THR Outsourcing LLC. Contributions for each participating employer are determined based on that participating employer's plan adoption agreement and applicable contribution formula. Plan assets are available to pay benefits to all participants, regardless of the employer for whom services were performed.

As of December 31, 2025, the Plan had 24 participating employers and approximately 500 participants. The individual employers' information is maintained by the Plan administrator and is not presented separately in these financial statements, which reflect the Plan as a whole.

The Plan commenced as a multiple employer defined contribution 401(k) plan on April 1, 2007, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The plan was most recently amended and restated effective January 1, 2022, to comply with the latest rules and regulations.

Plan Custodian and Trustee

The Plan's assets are held by Charles Schwab Trust Bank ("Charles Schwab" and the "Custodian"). Among other duties, the Custodian receives contributions, holds and invests fund assets in accordance with the directions of participants, and makes disbursements as directed by the respective participating employer. An officer of THR Outsourcing LLC serves as the Plan's Trustee.

Eligibility and Plan Entrance Date

Certain employees are not eligible to participate in the Plan, including those under collective bargaining agreements, leased employees, and non-resident aliens who receive no U.S.-source income. All other employees of a participating employer become eligible to participate in the Plan upon reaching the age of 18 and completing one year of service. Employees may enter the Plan on the first day of the calendar month beginning the month coincident with or next following satisfaction of eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of annual eligible compensation, as defined by the Plan, limited to the maximum amount permitted under applicable Internal Revenue Service (IRS) provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has the option for employers to adopt an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at a minimum of 3% of eligible compensation and their contributions invested in a designated balances fund until changed by the participant.

Note 1 – Plan Description (continued)

Contributions (continued)

The auto-enrollment features contain auto-escalation whereby each year the participants' deferral rates will increase by 1% until reaching a set maximum amount or until the participant affirmatively elects to defer a different percentage.

For participants that did not receive a full employer match in a given year, the respective participating employer makes a year-end "true-up" contribution to provide such participants with the match they would have received had the timing of their contributions not limited the Company match. Contributions are subject to certain IRS limitations.

The Plan allows for the participating employers to make Safe Harbor matching contributions, Safe Harbor nonelective contributions or discretionary matching contributions on behalf of the employees, depending on what options were selected during plan adoption. Additionally, profit-sharing contributions can also be made on behalf of the employees. For the years ended December 31, 2025 and 2024, employer contributions were approximately $717,000 and $538,000, respectively. There were no profit-sharing contributions made during 2025 or 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions and their employer's matching contributions, as well as allocations of the respective employer's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and Safe Harbor Employer matching contributions, plus actual earnings thereon. Employer matching, safe harbor nonelective, and profit-sharing contributions are vested according to each participating employer's adopted vesting schedule, which range from immediately vested to a six-year graduated vesting schedule.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant receives a lump sum amount equal to the value of the participant's vested account balance. If the vested account balance is less than or equal to $5,000, the Plan permits involuntary lump sum cash distributions. A participant may withdraw all or a portion of their account in the event of a financial hardship as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

Forfeitures

Participants who separate from service prior to full vesting forfeit the balance of their account to the extent that vesting has not occurred. Forfeitures may be used to reduce employer contributions or pay Plan expenses. In 2025 and 2024, forfeitures totaling approximately $8,000 and $10,000, respectively, were used to reduce employer contributions. In 2025 and 2024, no forfeitures were used to pay Plan expenses. The balance in the forfeiture account was approximately $6,000 and $5,000 as of December 31, 2025 and 2024, respectively.

Note 1 – Plan Description (continued)

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may only have one open loan at any time. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant loan fund. Loans must be repaid within five years, unless the loan is for the participant's principal residence, in which case the loan may be repaid over a longer period approved by the plan administrator. The loan is secured by the balance in the participant's account. The loan interest rate is set at 2% above the U.S. prime rate, as defined. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Note 2 – Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. Accounting policies conform to generally accepted accounting principles in the United States of America ("GAAP") and have been consistently applied in the preparation of the financial statements.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with GAAP.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. Delinquent participant loans are recorded as benefit payments on the basis of the terms of the Plan Agreement.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits
Benefit payments to participants are recorded when paid.

Excess Contributions Payable
Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2025 excess contributions to the applicable participants prior to March 15, 2026.

Administration Expenses
Administrative expenses of the Plan are paid by the Plan, unless otherwise paid by THR Outsourcing, LLC. Expenses that are paid by THR Outsourcing, LLC are excluded from these financial statements. Certain expenses specifically incurred by, or attributable to, a participant will be paid from the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 3 – Tax Status

The Plan operates under a non-standardized pre-approved plan document sponsored by BlueStar Retirement Services, Inc. The pre-approved plan sponsor received an opinion letter from the IRS, dated June 30, 2020, which states the pre-approved document satisfies the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has not filed individually with the IRS for a letter regarding the Plan's qualified tax status, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Certified Investments

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Sponsor has elected the method of annual reporting compliance. Accordingly, Charles Schwab has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

December 31,	2025	2024
Non-interest bearing cash	$ 81,866	$ 27,590
Investments at fair value	$ 15,453,961	$ 10,490,837

Year ended December 31,	2025
Net appreciation in fair value of assets	$ 1,937,286
Interest and dividends	$ 80,172

Note 4 – Certified Investments (continued)

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information with related information included in the financial statements and supplemental schedules.

Notes receivable from participants were excluded from the certification and are presented based on records maintained by the plan.

Note 5 – Related Party and Party-in-Interest Transactions

The Plan invests in interest-bearing cash, mutual funds, and collective investment trusts that are managed by the Custodian. These transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to services providers.

The Plan has notes receivable from participants at December 31, 2025. These receivables are all related transactions qualify as party-in-interest transactions and are exempt from behind prohibited by ERISA.

Note 6 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 **–** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 **–** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 **–** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Note 6 – Fair Value Measurements (continued)

Interest-bearing cash – Valued at the daily closing price as reported by the money market fund. The money market fund held by the Plan is an open-end fund that is registered with the Securities and Exchange Commission (SEC). This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Collective Investment Trust – Valued at fair value based on the NAV of units held by the collective trust. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on observable market prices of the underlying investments within the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025:			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 29,588	$ -	$ -	$ 29,588
Mutual funds	4,028,935	-	-	4,028,935
Total investments in fair value hierarchy	$ 4,058,523	$ -	$ -	$ 4,058,523
Investments at NAV (a)				11,395,438
Total investments at fair value				$ 15,453,961

	Assets at Fair Value as of December 31, 2024:			
	Level 1	**Level 2**	**Level 3**	**Total**
Interest-bearing cash	$ 28,837	$ -	$ -	$ 28,837
Mutual funds	2,880,821	-	-	2,880,821
Total investments in fair value hierarchy	$ 2,909,658	$ -	$ -	$ 2,909,658
Investments at NAV (a)				7,581,179
Total investments at fair value				$ 10,490,837

(a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, THR Outsourcing, LLC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all remaining assets in the affected participants' accounts shall be distributed to the participants and beneficiates of the Plan in the order provided for by ERISA.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the accompanying financial statements for the year ended December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per financial statements	$15,762,467	$10,702,096
Less: employee contributions receivable	(102,668)	(85,858)
Less: employer contributions receivable	(20,235)	(24,954)
Add: excess contributions payable	349	-
Net assets available for benefits per Form 5500	**$15,639,913**	**$10,591,284**

The following is a reconciliation of changes in net assets available for benefits per the accompanying financial statements for the year ended December 31, 2025, to Form 5500:

	2025
Changes in net assets available for benefits per Financial Statements	$3,330,353
Less: 2025 employee contributions receivable	(102,668)
Less: 2025 employer contributions receivable	(20,235)
Add: 2024 employee contributions receivable	85,858
Add: 2024 employer contributions receivable	24,954
Add: 2025 excess contributions payable	349
Changes in net assets available for benefits per Form 5500	**$3,318,611**

Note 10 – Transfers In/Out

During the years ended December 31, 2025 and 2024, net assets totaling approximately $2,002,000 and $1,431,000, respectively, were transferred into the Plan as a result of new adopting employers moving assets from their previous plans.

During the years ended December 31, 2025 and 2024, net assets totaling approximately $272,000 and $1,111,000, respectively, were transferred out of the Plan as a result of employers ceasing participation in the Plan.

Note 11 – Prohibited Transactions

The Plan administrator failed to remit to the Plan's Custodian certain participant contributions and loan repayments in the aggregate amount of $7,536 within the period prescribed by DOL Rules and Regulations. The DOL considers late deposits to be nonexempt prohibited transactions. Delays in remitting contributions to the Custodian were due to unintentional administrative errors. The Plan administrator is in the process of correcting contributions to the affected participants' accounts to compensate those participants for potential lost earnings due to the delays.

Note 12 – Subsequent Events

The Plan has evaluated all events and transactions that occurred through October 8, 2026, the date these financial statements were available to be issued.
