Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed the audits of the accompanying financial statements of Valcor Engineering Corporation 401(k) Thrift Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Valcor Engineering Corporation 401(k) Thrift Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Valcor Engineering Corporation 401(k) Thrift Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Valcor Engineering Corporation 401(k) Thrift Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Valcor Engineering Corporation 401(k) Thrift Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 PLAN DESCRIPTION

The Valcor Engineering Corporation 401(k) Thrift Savings Plan (Plan) is administered by Valcor Engineering Corporation (Company, Plan Administrator, Plan Sponsor). The following brief description of the Plan is provided for general information purposes only. More complete information is provided in the Summary Plan Description and Plan Document, which are available from the Company.

General

The Plan is a voluntary, defined contribution, 401(k) thrift savings plan, which became effective July 1, 1985. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as restated.

Eligibility

All union and nonunion employees of the Company, other than leased employees, nonresident aliens, and individuals who, for any period, are classified by the Company as independent contractors, are eligible to participate in the Plan as of the first day of the month, coincident with or following the employee's completion of three months of service. Participants receiving benefit payments from the Valcor Engineering Corporation Employees' Pension Plan are excluded from receiving employer matching contributions.

Participant Contributions

The Plan provides for participant elective deferrals in increments of 1%, with no maximum limit. The participant may elect to roll over contributions from another qualified plan. All employees who are eligible to make elective deferrals, and who have attained age 50 before the close of the Plan Year, are eligible to make catch-up contributions in accordance with, and subject to, certain statutory limitations. In addition, the Plan allows participants to make after-tax contributions (Roth contributions). When an employee becomes eligible to participate, unless otherwise elected, the employee will be automatically enrolled in the Plan with a pretax contribution rate of 3% of eligible wages. Automatic deferral contributions shall be automatically increased on or after each January 1, by 1% up to a maximum contribution rate of 10%.

Employer Contributions

The Plan allows for discretionary matching contributions at 50% of a participant's pay that is contributed to the Plan, and the percentage of pay eligible for the match increases with years of service. For the years ended December 31, 2024 and 2023, the employer match schedule was as follows:

Years of Service	Employer Match
Less than 5 Years	50% up to 2% of eligible wages deferred
5 Years but Less than 21 Years	50% up to 6% of eligible wages deferred
21 Years or More	50% up to 8% of eligible wages deferred

The Company, at the discretion of the Board of Directors, may also make a discretionary contribution. For the years ended December 31, 2024 and 2023, there were no discretionary contributions made to the Plan.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's elective deferrals, allocation of the Company's contribution, and Plan earnings, gains or losses, and certain Plan expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The Plan permits participants to self-direct the investments in their accounts into a variety of investment options. All participants' accounts are self-directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Union and nonunion participants' vested share of employer contributions increases 20% annually, up to 100% after five years of service.

Forfeitures

Forfeitures on nonvested accounts will be used to offset future employer contributions or Plan expenses. For the years ended December 31, 2024 and 2023, forfeitures in the amount of $20,520 and $18,757, respectively, were used to offset administrative expense and employer contributions. At December 31, 2024 and 2023, the balance in the forfeiture account was $562 and $-0-, respectively.

Investment Options

Investments with Principal Trust Company, the Trustee of the Plan, may be made in fund vehicles, and participants may elect to have their contributions invested in any of these funds. A separate account is maintained for each participant and dividends earned by each fund are reinvested in that fund. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant's loan fund. Loan terms range from one to five years or greater than five years for the purchase of a primary residence, not to exceed fifteen years. A loan is secured by the vested balance in the participant's account and bears a reasonable fixed interest for a return commensurate with rates currently charged by commercial lenders for loans under similar circumstances.

The repayment of any loan must be made in at least quarterly installments of principal and interest through payroll deductions. A participant may only have one loan outstanding at any time. A one-time loan setup fee of $75 is charged to the participant's account each time a loan is initiated, as well as a quarterly maintenance fee.

Benefit Payments

Upon separation of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or a joint and survivor annuity if married, and an annuity if not married.

NOTE 1 PLAN DESCRIPTION (CONTINUED)

Benefit Payments (Continued)

Participants who are actively employed with the Company have the option to leave amounts in the Plan up to the mandatory distribution date, which is defined as April 1 following the calendar year of attaining the age of 72. If participants are terminated and have reached the age of 72, the mandatory distribution date generally is April 1 following the termination date of employment. For a participant who is a 5% owner, the required beginning date of distributions is April 1 of the calendar year following the calendar year in which they attain age 72.

If the value of the participant's vested balance does not exceed $5,000, the participant's entire vested account shall be distributed as of the earliest of their retirement date, the date they die, or the date they have a severance from employment.

In-Service Withdrawals

Participants attaining the age of 59½ may request a withdrawal of all or part of the vested portion of their account, subject to rules and procedures as may be established by the Plan Administrator. Also, in the event a participant suffers financial hardship, as defined in the Plan, the participant may withdraw a portion of their vested account balance.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses and Participant Transaction Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and for certain distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Subsequent Events

The Company has evaluated its subsequent events and transactions occurring after December 31, 2024, through June 30, 2025, the date that the financial statements were available to be issued.

NOTE 3 INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Principal Trust Company, the Trustee of the Plan.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Level 1 inputs)

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Common Collective Trusts and Pooled Separate Accounts – Valued at the NAV of units of a bank collective trust or a pooled separate account. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a collective trust or a pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the Trust or account in order to ensure that securities liquidations will be carried out in an orderly business manner. (Other inputs)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,787,087	$ -	$ -	$ 7,787,087
Investments Measured at Net Asset Value [1]				38,321,928
Total Investments at Fair Value				$ 46,109,015

	2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,152,657	$ -	$ -	$ 6,152,657
Investments Measured at Net Asset Value [1]				32,651,538
Total Investments at Fair Value				$ 38,804,195

(1) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31 respectively.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 9,233,429	N/A	Daily	Monthly
Common Collective Trust	29,088,499	N/A	Daily	Daily

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts	$ 7,498,523	N/A	Daily	Monthly
Common Collective Trust	25,153,015	N/A	Daily	Daily
	$ 32,651,538			

NOTE 5 GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL

The Plan entered into a fully benefit-responsive, guaranteed investment contract with Principal Life Insurance Company (Principal). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a semiannual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the Trust to qualify for exemption under ERISA. The Plan Administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 6 RELATED-PARTY TRANSACTIONS

The Plan's investments include investments managed by Principal Trust Company, the Trustee, as defined by the Plan and, therefore, those transactions are considered as party-in-interest transactions.

Notes receivable from participants qualify as party-in-interest transactions.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. To the extent that a participant directs that their contributions be invested through the self-directed brokerage account option, the participant solely determines the extent to which such amounts will be diversified, if at all.

NOTE 9 TAX STATUS

The Company has been informed that the Internal Revenue Service has issued an opinion letter, dated June 30, 2020, stating that the written form of the underlying volume submitter Plan Document is qualified under Section 401(a) of the Internal Revenue Code (Code) and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024 and 2023, there are no uncertain tax positions taken, or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 SUBSEQUENT EVENTS

Effective January 1, 2025, the plan was amended to increase the automatic deferral contribution limit from 10% to 15%.

Effective January 1, 2025, the plan was amended to increase the mandatory cash out minimum for small accounts from $5,000 to $7,000.
