Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Polytechnic School Defined Contribution Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Polytechnic School Defined Contribution Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institution as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

- the information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Polytechnic School Defined Contribution Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Polytechnic School Defined Contribution Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Polytechnic School Defined Contribution Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Polytechnic School Defined Contribution Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of Polytechnic School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective October 1, 1947. The Plan has been amended throughout the years to comply with statutory regulations and most recently restated effective January 1, 2026. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). TIAA and CREF is the record keeper of the Plan. Plan investments are held by TIAA Trust, N.A. (the Plan Custodian) and TIAA and CREF (insurance companies of the Plan).

Participant assets are grouped into “contracts” which have different funding and distribution options, crediting rates and withdrawal restrictions. Effective November 2016, Retirement Choice contracts were added as the primary contract into which all future employee and employer contributions will be directed. Participants may keep their balances in the former, legacy contracts or transfer them to the Retirement Choice contract.

Eligibility

Employees of Polytechnic School (the School or Employer) are eligible to participate in the deferral component of the Plan immediately. The Plan excludes student employees. Union employees, coaches for after school athletic teams, summer school teachers, and exempt employees teaching PFS! classes are excluded from participating in mandatory employee contributions and employer contributions. Participants must have an employment agreement to work at the Employer for at least one semester or 5 months for staff (no look back) and at least 0.75 FTE and obtain 21 years of age to be eligible to receive the employer matching contribution. Eligible participants will enter the plan on the first day of each month, as soon as administratively feasible.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax or Roth 403(b) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for qualified organization catch-up contributions to be made for participants with 15 years or more of service. Employees must contribute 6% of their compensation upon attainment of age 30 if they have an employment agreement to work at the Employer for at least one semester or five months for staff (no look back) and at least 0.75 FTE.

The School makes a qualified matching contribution to the Plan. For the years ended December 31, 2025 and 2024, the School’s matching contribution was 6% of compensation for participants with less than 15 years of service and 10% for participants with 15 or more years of service.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Vesting

Participants are immediately vested in their contributions and school matching contributions plus actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions, the school's matching contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant’s account. Principal and interest are paid ratably by the participant. As of December 31, 2025 and 2024 outstanding notes receivable from participants were $368,960 and $371,348 respectively.

Plan Loans to Participants

Prior to 2019, active participants could borrow from the general assets of TIAA up to the lesser of $50,000 or 50% of their vested account balance. A portion of the participant’s account balance is reserved (held as collateral) to cover 110% of the outstanding loan in case of default. As of December 31, 2025 and 2024, outstanding Plan loans were $41,132 and $40,346, respectively.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution, installments, an ad-hoc distribution, or an annuity. The Plan allows for in-service distributions upon reaching age 59 ½, disability, and hardship distributions subject to Plan provisions. The Plan provides for mandatory distribution of account balances below $7,000 upon termination of employment, which are automatically rolled over to an IRA in the participant’s name.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Contributions

Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the School, as provided for by the Plan document. Expenses paid directly by the School are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain expenses are paid for by the plan through the revenue sharing account. Investment and investment management related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued interest income. Related fees are recognized as administrative expenses when incurred. Delinquent notes are recognized as participant distributions in accordance with the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF, the insurance companies of the Plan, and TIAA on behalf of TIAA Trust, N.A. (collectively the insurance companies) the qualified institution of the Plan, has supplied the Plan administrator with certifications as to the completeness and accuracy of investments and notes receivable from participants as of December 31, 2025 and 2024, and investment income and interest income on notes receivable from participants for the years then ended, in the accompanying financial statements and ERISA-required supplemental schedule.

NOTE 4 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used for the years presented.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuity and Pooled Separate Accounts: Valued at NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Account Contracts: Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31 (excludes assets valued at contract value):

	2025			
	Level 1	Level 2	Level 3	Total
Insurance Company General Account Contract	$ -	$ -	$ 19,035,374	$ 19,035,374

Quantitative Information about Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

		2025			
		Information from TIAA White Paper on TIAA Traditional Annuity			
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs		Average Crediting Rate
TRA Traditional	$ 19,035,374	Discounted Cash Flow; Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied	RC: 3.80% to 6.75% RA: 3.55% to 6.50%	4.33%

		2024			
		Information from TIAA White Paper on TIAA Traditional Annuity			
Instrument	Fair Value	Principal Valuation Technique	Significant Unobservable Inputs		Average Crediting Rate
TRA Traditional	$ 18,084,019	Discounted Cash Flow; Theoretical Transfer (Exit Value)	Risk-Adjusted Discount Rate Applied	RC: 3.90% to 6.75% RA: 3.65% to 6.50%	4.52%

In estimating fair value of the investments in Level 3, the Plan may use third-party pricing sources or appraisers.

NOTE 5 GUARANTEED INSURANCE CONTRACT

TIAA Traditional Annuity (TIAA Traditional) is an unallocated fixed annuity contract that is fully and unconditionally guaranteed by TIAA. TIAA Traditional provides a guarantee of principal, a minimum rate of interest that is guaranteed for the "declaration year" (generally 3%, but in some recent contracts between 1% and 3%) and the potential for additional interest if declared by TIAA. The guaranteed rate and additional interest, when declared, remain in effect for the "declaration year," which begins each March 1. Interest is not guaranteed for future years. Contributions to a participant's account purchases a guaranteed amount of lifetime annuity income. When a participant's account in the TIAA Traditional is annuitized based on available options, the present value of the stream of payments is equal to the account balance. The subsequent stream of annuity payments occurs outside of the Plan and does not represent an obligation of the Plan.

NOTE 5 GUARANTEED INSURANCE CONTRACT (CONTINUED)

The fully benefit-responsive contract is valued at contract value as reported to the Plan by TIAA, which represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct their withdrawal or transfer of all or a portion of their investment at contract value.

The Plan has various contracts, as described in Note 1. Guaranteed Insurance Contracts within the legacy contracts either require withdrawal over ten years or permit lump-sum withdrawal within 120 days of termination subject to a surrender charge, depending upon the nature of the legacy contract. Legacy contracts for supplemental employee contributions generally permit lump sum withdrawal without restriction. Guaranteed Insurance Contracts within the Retirement Choice contract permit lump-sum withdrawal only within 120 days of termination subject to a surrender charge otherwise, withdrawals must be made over seven years.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. As discussed in Note 8, proposed termination of the Plan has been approved; however, as of December 31, 2025, the Plan had not commenced formal termination or liquidation activities. Accordingly, the Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants were probable of occurring as of December 31, 2025. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TAX STATUS

The Plan has adopted a pre-approved plan document that has received an opinion letter from the IRS stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of

NOTE 7 PLAN TAX STATUS (CONTINUED)

the IRC, and, therefore, believes that the plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PROPOSED PLAN TERMINATION

In May 2026, the Plan Sponsor's Board of Trustees approved a resolution to terminate the Plan effective June 30, 2026 and establish a successor retirement plan. As of December 31, 2025, and through the date the financial statements were available to be issued, no participant distributions related to the proposed termination had commenced, participants had not been provided distribution election materials, and the administrative steps necessary to effect the termination had not been completed. Accordingly, the Plan continued to operate as of December 31, 2025, and management had not determined that Plan liquidation was imminent.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of insurance company general account contracts, pooled separate accounts, and registered investment company shares managed by the insurance companies; therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment advising, consulting, and annual audit services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. RBC Wealth Management is the Plan’s investment advisor, and CliftonLarsonAllen LLP is the Plan’s auditor; therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The variable annuity contracts held by the Plan are reported by their underlying investments (mutual funds) on the Form 5500.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (CONTINUED)

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
