INDEPENDENT AUDITOR'S REPORT

Plan Administrator
phData 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of phData 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of Plan

This description of the phData 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 2018, and is a defined contribution plan covering substantially all full-time employees of phData Inc. (the Company), other than those specifically excluded by the Plan, who are age 18 or older. The Plan allows eligible employees to become participants immediately upon satisfying eligibility requirements. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

In March 2025, the Company appointed Fidelity Management Trust Company as Trustee of the Plan. Benefits Trust Company serviced as trustee over certain Plan assets until they were transferred to Fidelity Management Trust Company on April 15, 2025.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or Roth (after-tax) contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan included an Eligible Automatic Contribution Arrangement (EACA) for participants who failed to make a contribution election through April 14, 2025. Under the EACA, the Company automatically withheld 3% on behalf of these participants if no other election was made. Effective April 15, 2025, the Plan was amended to include an automatic enrollment provision under which participants who fail to make a contribution election are enrolled at a 3% contribution rate; however, the automatic enrollment provision is not an EACA. Additionally, the plan amendment included an annual increase program for automatically enrolled participants under which participant deferrals will be increased 1% annually until deferrals reach a cap of 6%. The increase will take place annually on March 1st of each year.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, otherwise known as rollover contributions.

The Company makes safe harbor matching contributions of 100% of employee deferrals up to 3% of eligible plan compensation and 50% of employee deferrals greater than 3% up to a maximum of 5%. Safe harbor matching contributions are funded each pay period. The Company may also make discretionary nonelective contributions to the Plan.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, investment earnings, changes in market values and certain Plan expenses. Investment earnings and changes in market values are allocated daily based on the investments held in the participant's account. Plan expenses are allocated either directly to a participant's account for certain transactions affecting only the participant or proportionally to all participants for certain administrative expenses charged to the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are automatically 100% vested in all Plan contributions to their account plus actual earnings thereon upon entering the Plan. Therefore, there are no forfeitures in the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money under similar circumstances. Principal and interest is paid ratably through payroll deductions and loans are generally repaid within 5 years, unless for the purchase of a principal residence.

Payment of Benefits

Upon termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account. Distribution of a deceased participant's account will be made to the designated beneficiary. Distributions are made in the form of a lump sum payment. Participants are also allowed to take in-service distributions beginning at age 59 ½. Participants will receive a lump sum distribution upon payout. When a participant separates from service, a forced payout will be made for account balances of $7,000 or less and will automatically be rolled into an individual retirement account on behalf of the participant. Hardship distributions are permitted.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, for or on behalf of the participant, to any one or more of the investment funds determined at the discretion of the Plan Administrator and Plan Sponsor and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances at any time.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation in the market value of investments held at year end, is presented in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 2, 2026, the date these financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodians

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Benefit Trust Company (the custodian of the Plan) as of December 31, 2024 and for the period January 1, 2025 through April 14, 2025 and Fidelity Management Trust Company (the trustee of the Plan) as of December 31, 2025 and for the period April 15, 2025 through December 31, 2025.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end, which is a publicly quoted price.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	Level 1	Level 2	Level 3	Total
December 31, 2025				
Mutual Funds	$ 38,316,334	$ -	$ -	$ 38,316,334
Investments at Fair Value	$ 38,316,334	$ -	$ -	$ 38,316,334

	Level 1	Level 2	Level 3	Total
December 31, 2024				
Mutual Funds	$ 27,136,690	$ -	$ -	$ 27,136,690
Investments at Fair Value	$ 27,136,690	$ -	$ -	$ 27,136,690

Note 5: Income Tax Status

The Company adopted a prototype plan with Fidelity Management Trust Company that became effective in April 2025. The Internal Revenue Service (IRS) determined, by a letter dated June 30, 2025, that the prototype plan adopted by the Company is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code (IRC). The prototype opinion letter has been relied on by the Plan. The Plan and prototype plan have not been amended since receiving the opinion letter on June 30, 2025. The Plan Administrator believes that the Plan, as adopted from the prototype plan, is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Guideline RK, LLC pre-approved plan that was in place prior to April 2025 received a similar opinion letter dated September 26, 2024.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination of the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7: Related Party and Party-in-Interest Transactions

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the year ended December 31, 2025, the Plan made direct payments of $41,832 to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

Note 8: Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: Concentrations

Four and three investments accounted for approximately 62% and 70% of total investments held at December 31, 2025 and 2024, respectively.

Note 10: Prohibited Transactions

During the years ended December 31, 2025 and 2024, certain participant deferrals were not remitted to the Plan within the time frame prescribed by the Department of Labor, resulting in prohibited transactions in accordance with ERISA and IRC.

Note 11: Reconciliation of Financial Statements to Form 5500

The financial statements have been prepared using the accrual method of accounting while the Plan's Form 5500 has been prepared on the cash basis. The following is a reconciliation of net assets available for benefits per Form 5500 to the financial statements as of December 31, 2025 and 2024, and for the year ended December 31, 2025:

	2025	2024
Total net assets available for benefits per Form 5500, Schedule H	$ 38,719,375	$ 27,429,185
Add: Participant contributions receivable	-	25,016
Add: Employer contribution receivable	-	7,015
Net assets available for benefits per financial statements	$ 38,719,375	$ 27,461,216
Net increase in net assets available for benefits per Form 5500, Schedule H	$ 11,290,190	
Less: 2024 Participant contributions receivable	(25,016)	
Less: 2024 Employer contribution receivable	(7,015)	
Net increase in net assets available for benefits per financial statements	$ 11,258,159	

Note 13: SECURE 2.0

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 CARES Act. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. Those provisions include both required and optional elements.

During the year ended December 31, 2025, the Plan adopted certain optional provisions set forth by the SECURE 2.0 Act effective April 15, 2025, including domestic abuse withdrawals, qualified disaster distributions, and emergency expense withdrawals. The Plan's operations have been modified to comply with the required provisions of the SECURE 2.0 Act, as applicable.

Formal amendments reflecting the required provisions of SECURE 2.0 have not been executed as of the date the financial statements were available to be issued. However, the plan sponsor intends to make all necessary amendments by the applicable deadline of December 31, 2026, in accordance with IRS Notice 2024-2.
