Independent Auditor's Report

Cottonport Bank 401(k) Plan
Cottonport, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Cottonport Bank 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cottonport Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully submitted,

The accompanying notes are an integral part of this financial statement.

Note 1 - Description of Plan -

The following description of the Cottonport Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of Plan

Mansura Bancshares, Inc. established a profit sharing plan during 1994 for the employees of The Cottonport Bank and its subsidiaries, The Cottonport Insurance Agency and Cottonport Armored Services, LLC (collectively, the Company). The Plan established is a defined contribution plan and benefits available to participants, therefore, are not guaranteed. Employees who have completed six (6) months of service may enter the plan on the first day of the months of January, April, July, and October. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

An eligible employee may contribute a portion of their eligible compensation to the Plan subject to certain limitations of the Internal Revenue Code (the Code). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company may make discretionary profit sharing contributions. Effective January 1, 2003, the Company adopted the safe harbor provisions of the Code resulting in the following matching contribution schedule:

Employee Contributions	Employer Contributions
3%	3%
4%	3.5%
5%	4%
over 5%	4%

Participants direct the investment of their contributions into various investment options offered by the Plan. During the year ended December 31, 2025, the Company made $221,435 of matching contributions to the Plan.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution, the Company's contribution, the allocation of the Plan earnings or losses, and certain plan administration costs not covered by the Company. Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor contributions plus actual earnings on these contributions. Vesting in the remainder of their accounts is based on years of continuous service with a participant being 100% vested after six years.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants are entitled to receive a lump-sum payment equal to the value of their vested account balance or payments in installments over a period selected by the participant.

Forfeited Accounts

At December 31, 2025 and 2024, there were no forfeited nonvested accounts. These accounts can be used first to reduce future expenses of the Plan and then any remaining amounts may be used to reduce employer contributions.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. All assets of the Plan are held by the custodian of the Plan and are participant directed.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2025 and 2024, the Plan has no fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net investment income (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investments in pooled separate account funds with the custodian of the Plan. The funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain pooled separate account funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees for certain transactions, such as withdrawals, are charged directly to the account of the participant reporting such a transaction and included in administrative expenses. Investment related expenses are included in net investment income (loss).

Reclassifications

Certain items in the 2024 financial statements may have been reclassified to conform to the presentation in the current year financial statements. Such reclassifications had no effect on the previously reported change in net assets available for benefits.

Subsequent Events

The Plan Sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 5, 2026, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 4 - Tax Status -

The Company has adopted a volume submitter defined contribution plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax

periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts - These accounts are valued daily as the number of units held multiplied by the unit value (UV). The UV is determined based on the quoted market prices (fund NAV or share price) of the underlying investments and the account charges.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments Measured Using Total Investments at Fair Value	$ -	$ -	$ -	$ -
Net Asset Value per Share Practical Expedient*				$ 14,855,321

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments Measured Using Total Investments at Fair Value	$ -	$ -	$ -	$ -
Net Asset Value per Share Practical Expedient*				$ 12,657,011

* Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the year ended December 21, 2025 are reported in investment income (loss).

The following tables summarize investments measured at fair value based on the NAV practical expedient as of December 31, 2025 and 2024.

(a) The objective of these funds is a high level of current income to the extent consistent with the preservation of capital and maintenance of liquidity. The investments are generally composed of a variety of U.S. dollar denominated money market securities, which may include domestic corporate obligations, securities issued by the U.S. government and shares of other money market funds.

(b) The objective of these funds is to maximize long-term total return while investing in low risk options. The investments are generally composed of investment grade fixed-income bond securities that are largely liquid and are designed to not lose much value.

(c) The objective of these funds is long-term growth of principal and income, as well as a reasonable current income. These investments are generally composed of a diversified portfolio of equity securities, primarily in U.S. companies.

(d) The objective of these funds is a favorable long-term total return, mainly through capital appreciation, by investing primarily in a portfolio of foreign equity investments based on a market index.

(e) The objective of these funds corresponds to the investment objective of the underlying funds. The various investment options are specialized in nature and include investments in securities of companies in the real estate, health sciences, and technology industries.

(f) The objective of these funds corresponds to the investment objective of the underlying funds. These investments are generally composed of a combination of fixed income and equity investment options, which may include balanced, asset allocation, target-date, and targeted-risk investment options.

Note 6 - Information Prepared and Certified by the Custodian -

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by The Standard Insurance Company, the custodian.

	2025	2024
Investments at Fair Value:		
Pooled Separate Accounts	$ 14,855,321	$ 12,657,011
Investment Income (Loss)	$ 1,898,280	

Note 7 - Related Party and Party-In-Interest Transactions -

Certain plan investments are shares/units of pooled separate account managed by The Standard Insurance Company. Since The Standard Life Insurance Company is the custodian of plan assets as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company may also directly pay other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 - Reconciliation of Financial Statements to Schedule H of Form 5500 -

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Net Assets Available for Benefits per the Financial Statements	$ 14,945,731	$ 12,675,199
Contributions Receivable:		
Participants	(56,970)	(10,620)
Employer	(33,440)	(7,568)
Net Assets Available for Benefits per Schedule H of Form 5500	$ 14,855,321	$ 12,657,011

The following is a reconciliation of total contributions per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Total Contributions per the Financial Statements	$ 588,717
Less: Contributions Receivable at December 31, 2025	(90,410)
Add: Contributions Receivable at December 31, 2024	18,188
Total Contributions per Schedule H of Form 5500	$ 516,495

Note 9 - Delinquent Participant Contributions -

During the year ended December 31, 2025, participant deferrals totaling $56,970 were not timely remitted to the Plan in accordance with the requirements of the Department of Labor. The contributions were remitted to the Plan upon discovery of the errors. The Company computed lost earnings on those deposits and made corrective contributions for lost earnings to the Plan in 2026.
