INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Adviser Compliance Associates, LLC dba ACA Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Adviser Compliance Associates, LLC dba ACA Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 9, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Adviser Compliance Associates, LLC dba ACA Group 401(k) Plan (the Plan) provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan was adopted effective January 1, 2009 to establish a savings and investment plan for the exclusive benefit of the employees of ACA Group (the Company and Plan Sponsor) and their beneficiaries. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company acts as the Plan administrator and is responsible for the Plan.

Participation—An employee is eligible to become a participant in the Plan upon hire and having attained the age of 21. Excluded employees include leased employees, part-time employees, and interns; except in case of part-time employees and interns who have attained the age of 21 and completed 1,000 hours of service following the end of the 12-consecutive-month period beginning with the employment commencement date.

Contributions—Participants may elect to make pre-tax contributions to the Plan in an annual amount from 1% to 90% of their compensation. Eligible compensation in 2025 is limited to $350,000. Contributions are made through authorized payroll deductions. These contributions by individual employees were limited to $23,500 in 2025. Participants age 50 or older generally were eligible to make additional catch-up contributions of $7,500. Effective in 2025, participants who attained ages 60, 61, 62 or 63 during the calendar year were eligible for a higher catch-up contribution limit of $11,250. This limitation is periodically adjusted to reflect cost-of-living increases. Participants can make pretax deferrals (regular) or after-tax deferrals (Roth). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

The Company may also make discretionary matching contributions equal to 50% of participant deferrals up to 6% of a participant's compensation. The Plan also provides for a true-up matching contribution in an amount equal to the difference between (1) a participant's matching contributions determined based on the participant's compensation and eligible contributions for the entire plan year and (2) the amount of the participant's matching contributions actually contributed to the Plan for the plan year. The Plan recorded a receivable of $387,227 and $355,021 as of December 31, 2025 and 2024, respectively, for the true-up matching contribution.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contribution and related Company contributions and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Each participant directs the investment of their account into any of the investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participants may also direct their investments through a trustee sponsored brokerage account, which offers the option to invest in a variety of common stocks and registered investment companies.

Vesting—All participants are immediately vested in their contributions, rollover contributions, Company contributions, and actual earnings.

Payment of Benefits—Upon termination of service, a participant may elect to receive a lump sum in an amount equal to the participant's vested interest in their account.

Participant Loans—Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between investment funds and participant loans receivable. Loan terms range from one year to five years, except for loans that are for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Principal and interest are typically paid ratably through payroll deductions. As of December 31, 2025, participant loans have maturities through 2048 at interest rates ranging from 4.25% to 9.5%.

Plan Termination—Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. All participants would be fully vested in their accounts upon termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation—The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides for several investment options, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable from Participants—Loans to participants are reported as receivables from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses—The Company, as the Plan administrator, may, at its discretion, pay the Plan's administrative expenses as provided in the Plan document. Any Plan expenses not paid by the Company will be paid by the Plan. Investment management fees for investments are included as a reduction of investment return and not reflected separately in the statement of changes in net assets available for benefits.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the recordkeeper to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue sharing amounts.

Payment of Benefits—Benefits are recorded when paid.

Valuation of Investments and Income Recognition—Registered investment companies, interest bearing cash, and self-directed brokerage accounts are reported at fair value. Collective investment trusts are valued using net asset value as a practical expedient, as provided by the trustee to estimate fair value. Fair

value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit-Responsive Fund—The Guaranteed Interest Account invests primarily in asset-backed contracts that are fully benefit-responsive. These asset-backed contracts have two components: (1) a portfolio of securities or underlying assets and (2) a wrap contract. Pursuant to the contract, the issuer of the contract (wrap provider) undertakes to repay the principal amount deposited plus accrued interest less expenses to fund participant-directed withdrawals, transfers and loans. The crediting rate of the asset-backed contract is a function of the relationship between the market value, yield and duration of the underlying assets versus the contract value. If the positive adjustment for the portion of net assets attributable to fully benefit-responsive investment contracts from fair value to contract value increases, the crediting rate at the next reset date will be negatively impacted and vice versa. Interest rate change is a key factor that can influence future crediting rates because it impacts the value, yield and duration of the underlying securities.

All of the asset-backed contracts held by the Guaranteed Interest Account are fully participating contracts. In a fully participating contract, the asset and liability risks may be transferred from the wrap provider to the Guaranteed Interest Account in the event of a termination or non-participant directed withdrawal, transfer or loan. The wrap provider may terminate a fully benefit-responsive contract and settle at an amount different from the contract value if the wrap provider of the Guaranteed Interest Account is unable to meet the terms of the contract. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

At December 31, 2024, the Guaranteed Interest Account was reported at contract value of $53,241.

Subsequent Events—The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2025.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the information regarding the Plan as of and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that were prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained a certification from the trustee that such information is complete and accurate:

Statements of Net Assets Available for Benefits	**2025**
Investments:	
Registered investment companies	$ 152,402,275
Self directed brokerage accounts	6,088,167

Interest income from participant loans	124,666

Supplemental schedule: All investment balances included in the supplemental schedule of assets (held at end of year). All investment balances in Note 4, Fair Value Measurements are certified, except for leveling, unfunded commitments and redemption provisions.

The following investments are recorded at fair value as determined and certified by Fidelity Management Trust Company at December 31, 2024:

	2024
Investments, at fair value:	
Registered investment companies	$ 121,103,108
Interest bearing cash	3,189,771
Self directed brokerage accounts	1,684,622
Investment, at net asset value:	
Collective investment trusts	12,987,788
Investment, at contract value:	
Guaranteed interest account	53,241
	$ 139,018,530

Fidelity Management Trust Company has also certified participant loans receivable at December 31, 2024.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a fair value hierarchy that prioritizes the inputs used in valuation techniques to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and the lowest priority to unobservable inputs.

The three levels of the fair value hierarchy are as follows:

Level 1—Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2—Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. These inputs may include quoted prices for similar assets in active or inactive markets and other market-corroborated inputs.

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement.

The level within the fair value hierarchy in which an investment is classified is based on the lowest level input that is significant to the fair value measurement.

Following is a description of the valuation techniques used for investments measured at fair value:

Registered investment companies and interest-bearing cash: Valued at quoted market prices of shares held by the Plan at year-end and are classified within Level 1 of the fair value hierarchy.

Self-directed brokerage account: Includes a variety of common stocks and registered investment companies. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment trusts:

Collective investment trusts: Valued at the net asset value ("NAV") of units held by the Plan as provided by the trustee. NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by each fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to confirm that securities liquidations will be carried out in an orderly business manner. Investments valued using NAV as a practical expedient are not classified within the fair value hierarchy.

Stable value fund: A collective trust fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes the valuation techniques used are appropriate and consistent with those used by other market participants.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments measured at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 152,402,275	$ -	$ -	$ 152,402,275

Total investments measured at NAV*				14,291,429
Total investments	$ 158,490,442	$ -	$ -	$ 172,781,871

*Certain investments that are measured at fair value using the NAV per unit (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

	2024			
	Level 1	Level 2	Level 3	Total
Interest bearing cash	$ 3,189,771	$ -	$ -	$ 3,189,771

Total investments	$ 125,977,501	$ -	$ -	$ 138,965,289

The following table provides additional information for the collective investment trusts which are measured using NAV as a practical expedient as of December 31, 2025 and 2024:

Investment Class	2025	2024	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective investment trusts	$ 12,780,680	$ 12,987,788	None	Daily	None
Stable value fund	1,510,749	-	None	Daily	None
Total	$ 14,291,429	$ 12,987,788			

5. RELATED PARTY TRANSACTIONS AND EXEMPT PARTIES-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by or held with Fidelity Management Trust Company. Fidelity Management Trust Company serves as trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid certain expenses related to Plan operations and investment activities to various service providers who are parties in interest under ERISA. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

These transactions are permitted under applicable provisions of ERISA.

6. FEDERAL INCOME TAX STATUS

The Plan uses a Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by FMR LLC. FMR LLC received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Profit Sharing Plan and related trust are designed in accordance with Section 401(a) of the Internal Revenue Code (Code). The Plan itself has not received a determination letter from the IRS and it has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.
