INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Trustees and Participants of
Vacation Innovations LLC 401(k) Plan
Orlando, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vacation Innovations LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements are comprised of the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Vacation Innovations, LLC 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are

presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vacation Innovations LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vacation Innovations LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Vacation Innovations LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vacation Innovations LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VACATION INNOVATIONS LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

A. Description of the plan:

The following description of the Vacation Innovations LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of Vacation Innovations, LLC (the "Company"), who have completed six months of service, are age twenty-one or older and are not union employees or nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may contribute up to 100% of compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan allows the Company to make both discretionary matching contributions and profit sharing contributions. The Company did not make or elect to make any discretionary matching or profit sharing contributions during 2025 or 2024. The Plan also includes a Safe Harbor provision which requires the Company to make minimum qualified matching contributions in accordance with requirements of the Internal Revenue Code. Currently, the Company matches 100% of participant contributions up to the first 6% of Plan compensation, as defined in the Plan under the Safe Harbor provision. Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may also invest in self-directed brokerage accounts.

Voluntary "rollover" contributions may be accepted by the Plan under certain terms and conditions.

A. Description of the plan (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) forfeitures of terminated participants' non-vested accounts, (c) Plan earnings and (d) Plan administrative expenses, as required. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in all their contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings is based on years of service. A participant vests at 20% annually, starting with one year of service, until fully vested upon completion of five years of credited service. Any participant employed at the date of total and permanent disability, death or the attainment of normal retirement age, as defined, is deemed to be 100% vested.

Participant notes receivable:

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 reduced by the highest outstanding loan balance in the participant's account or 50% of their vested account balance, whichever is less. Loan terms may not exceed five years unless for the purchase of a primary residence. The loans are secured by the balance in the participants' accounts and bear interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator at the time of issuance. Principal and interest are repaid ratably through payroll deductions.

Payment of benefits:

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account. Participants who continue in the employment of the Company may request a pre-retirement distribution of defined amounts under certain hardship conditions, as defined in the Plan.

A. Description of the plan (continued):

Payment of benefits (continued):

The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59½ or under certain qualifying conditions, as defined by the Plan.

Forfeited accounts:

Forfeited accounts represent non-vested Company contributions forfeited by employees who terminate their employment or withdraw from the Plan. Forfeitures are retained by the Plan and used to reduce future Company discretionary contributions and administrative expenses. At December 31, 2025 and 2024, there were no forfeited non-vested accounts.

B. Summary of significant accounting policies:

Basis of accounting:

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles (GAAP).

Use of estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan’s investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

B. Summary of significant accounting policies (continued):

Investment valuation and income recognition (continued):

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gains or losses on investments are the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Participant notes receivable:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits:

Benefits are recorded when paid.

C. Information prepared and certified by the Custodian:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for certain investments.

Other than the self-directed brokerage accounts managed by Charles Schwab and Raymond James, the investment information included in the accompanying financial statements and supplemental schedules was obtained from data that has been certified as complete and accurate to the Plan Administrator by John Hancock Trust Company LLC ("John Hancock"), a Custodian of the Plan, at December 31, 2025 and 2024. Incorporation of this financial information in the accompanying financial statements and supplemental schedules is based solely on those certifications.

The investment income related to investments maintained by John Hancock reported in the statement of changes in net assets available for benefits for the year ended December 31, 2025 was certified by John Hancock.

D. Fair value measurements:

The Fair Value Measurements and Disclosures Topic of FASB ASC requires disclosure of a fair value hierarchy of inputs the Plan uses to value an asset or a liability.

The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities. For the Plan, Level 1 inputs include marketable securities that are actively traded.

Level 2: Inputs other than Level 1 that are observable, either directly or indirectly. The Plan did not have any Level 2 assets at December 31, 2025 or 2024.

Level 3: Inputs that represent financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. The Plan did not have any Level 3 assets at December 31, 2025 or 2024.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-ended funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed Brokerage Accounts: Primarily consists of mutual funds, common stock and interest-bearing cash accounts that are valued on the basis of readily determinable market prices.

D. Fair value measurements (continued):

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Total
Mutual funds	$ 12,990,549	$ 12,990,549
Self-directed brokerage accounts	3,231,241	3,231,241
Investments at fair value	$ 16,221,790	$ 16,221,790

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Total
Mutual funds	$ 11,304,341	$ 11,304,341
Self-directed brokerage accounts	2,972,416	2,972,416
Investments at fair value	$ 14,276,757	$ 14,276,757

E. Stable value fund:

The Plan invests in the John Hancock Stable Value Fund (the "Fund"), a common collective trust. The Fund invests in fully benefit-responsive investment contracts, including group annuity contracts and synthetic guaranteed investment contracts issued by insurance companies and other financial institutions. Because the underlying investment contracts are fully benefit-responsive, the Plan's investment in the Fund is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions to the Fund, plus investment

E. Stable value fund (continued)

income credited based on the crediting rates of the underlying contracts, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the Plan's investment in the John Hancock Stable Value Fund at December 31, 2025 and 2024 was $82,672 and $71,865, respectively. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuers' ability to meet their financial obligations. The issuers' ability to meet such obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the Fund's underlying contracts or the termination of the Plan, could limit the Plan's ability to transact at contract value. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

For the years ended December 31, 2025 and 2024, the average yield earned by the Fund on fully benefit-responsive investment contracts was 4.42% and 4.96%, respectively, and the average yield adjusted to reflect the actual interest rate credited to participants was 3.46% and 3.04%, respectively.

F. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

G. Tax status:

The Plan has adopted a prototype plan that has been determined by the Internal Revenue Service, in an opinion letter dated June 30, 2020, to be in accordance with applicable sections of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or additional disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

H. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

I. Administrative expenses:

Administrative expenses associated with custody and recordkeeping are paid through forfeited accounts or by the Company. Loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

J. Related party transactions:

Certain Plan investments are shares of funds managed by John Hancock, Charles Schwab and Raymond James, the Custodians as defined by the Plan, and therefore these transactions qualify as exempt party-in-interest transactions.

K. Subsequent events:

Subsequent events were evaluated through October 13, 2026, which is the date the financial statements were available to be issued.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)
