Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keller Rohrback L.L.P. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keller Rohrback L.L.P. 401(k) Profit Sharing Plan 's ability to continue as a going concern for within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.
In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keller Rohrback L.L.P. 401(k) Profit Sharing Plan 's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keller Rohrback L.L.P. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KELLER ROHRBACK L.L.P. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND DESCRIPTION OF THE PLAN

Effective January 1, 1985, Keller Rohrback L.L.P. (the Sponsor) adopted the Keller Rohrback L.L.P. 401(k) Profit Sharing Plan (Plan). The Plan has been amended and restated to comply with current legislation. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all eligible employees of the Sponsor as defined by the Plan document. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - The Plan was amended on January 1, 2024, to allow employees who are 21 or older to make deferral contributions on the first day of the calendar month following eligibility. Prior to this date employees who had completed one year of service and had attained twenty-one years of age were eligible to participate in salary deferrals. Employees who completed one year of service, attained twenty-one years of age, worked a minimum of 1,000 hours during the year, and were employed on the last day of the year are eligible to share in employer discretionary profit sharing contributions. For purposes of employer contributions, employees are admitted to the Plan beginning the first day of the quarter following attainment of eligibility requirements.

Contributions - Participants may elect to contribute up to 100% of their compensation, within statutory limits, to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. All employee deferral contributions are paid to the Plan after each pay period, and are placed in participant directed investments. At its discretion, the Sponsor may make profit sharing contributions to the accounts of those that have attained the eligibility requirements. Profit sharing contributions are allocated to participants based on a formula described in the Plan document. Profit sharing contributions are paid on an annual basis subsequent to the Plan year end and are placed in participant directed investments.

Participant Accounts - Individual participant accounts are maintained by Northwest Investment Consulting, Inc. D/B/A Northwest Plan Services, the Plan's administrative service provider. Each participant's account is credited or charged with the participant's contribution and allocations of the Sponsor's contributions and investment earnings and losses. Allocations are based on compensation or participant account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may elect to have their accounts invested in fourteen different investment options or individually directed portfolios through Plan-approved brokerage firms. The investment fund mix may be changed on a daily basis. The individually directed portfolios may be changed at any time.

Note 1 - continued

Notes Receivable From Participants - The Plan allows participants to draw against their Plan investments in the form of loans. Participants may borrow from their accounts up to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participants' accounts and bear interest at rates ranging from 4.25 to 9.5 percent.

Vesting - Participants are immediately vested in their own contributions and employer profit sharing contributions, plus actual earnings thereon.

Payment of Benefits - On termination of service due to death, disability, retirement or other termination of employment, a participant may elect to receive a lump-sum amount equal to the value of his or her vested account.

Expenses - Certain administrative expenses of the Plan are paid directly by the Sponsor and excluded from these financial statements. Investment advisory and management fees related to individually managed portfolios are changed directly to the participant's account and are included in administrative expenses. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses. Other investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination - Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies used by the Plan:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest, if any. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Income Recognition - Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Note 2 - continued

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

NOTE 3 - TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter , the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that as of December 31, 2025, the Plan has not taken any uncertain positions that would require recognition or disclosure. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 4 - FAIR VALUE OF INVESTMENTS

Fair value is a market-based measurement determined based on assumptions that market participants would use in pricing an asset or liability. There are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

The Plan's money fund and mutual funds are valued at the daily closing priced as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - continued

Individually directed investments are comprised of publicly traded investments including equities; fixed income; exchange traded funds and mutual funds. Individually directed investments are stated at fair value using quoted market prices in active markets.

The Morley Stable Value Fund is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of the units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at net asset value on a next day basis, provided transfers are not made to investments that compete with the Fund. Withdrawals or transfers during times of "unusual market conditions" (as determined by the Fund) will be settled within thirty days and all other withdrawals or transfers may be delayed up to twelve months. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The investment objective of the Morley Stable Value Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

The following sets forth by level, within the fair value hierarchy, the Plan's assets (including individually directed accounts) at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025
