INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the
City Light & Power, Inc. 401(k) Profit Sharing Plan
Greenwood Village, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of City Light & Power, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of City Light & Power, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of City Light & Power, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about City Light & Power, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of City Light & Power, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City Light & Power, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. **Description of plan**

The following is a brief description of the City Light & Power, Inc. 401(k) Profit Sharing Plan (the "Plan") and is provided for general information purposes only. Participants should refer to the Plan document, as adopted and amended, for more complete information.

General

The Plan is a defined contribution plan covering all employees, except collective bargaining, non-resident alien and leased employees, of City Light & Power, Inc., CLP Operations and Maintenance, Inc., and CLP Engineering, LLC (the "Sponsor") who have completed 90 days of service during which 250 hours are worked. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan begins on the first day of the month coinciding with or following the date the eligibility requirement is met. The trustees are responsible for oversight of the Plan. The Plan's trustees monitor the appropriateness of the Plan's investment offerings and investment performance.

Participant Contributions

Each year, participants may contribute up to 100% of pretax annual compensation as defined in the Plan. Participants may designate their contributions as either pre-tax or Roth deferrals. Participants, who have attained the age of 50 prior to the end of the Plan year, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions, as well as the Sponsor's contributions, into various investment options offered by the Plan.

The Plan includes an automatic deferral feature whereby a participant is treated as electing to defer 6% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature provides for an annual increase in the percentage deferred and is ultimately capped at 10%.

Sponsor contributions

The Sponsor contributes a non-elective safe-harbor contribution of not less than 3% of each participant's eligible compensation. During the year ended December 31, 2025, non-elective safe-harbor contributions were $558,305. In addition, the Sponsor may make discretionary profit sharing contributions. To be eligible for the discretionary profit sharing contribution, participants must have at least 1,000 hours of service and must be employed on the last day of the Plan year. During the year ended December 31, 2025, discretionary profit sharing contributions were $451,169. Sponsor contributions are subject to IRS limitations. Sponsor contributions are allocated to participants accounts and invested at the direction of the participants.

Sponsor profit sharing contributions are recorded when received by the Plan consistent with the modified cash basis of accounting as described in Note 2.

Participant accounts

Each participant's account is credited with the participant's contribution, the Sponsor's contributions and allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Vesting

Participants are immediately vested in their contributions and Sponsor safe-harbor contributions plus actual earnings on the contributions. Vesting in the Sponsor's profit sharing contribution portion of their accounts is based on years of continuous service according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account. The loan interest rate is set at the prime rate. Principal and interest is paid ratably through payroll deductions. Participants can have up to two loans outstanding at one time.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant receive a lump sum amount equal to the participant's vested interest in his or her account or if the participant is required to receive lifetime required minimum distributions may receive monthly, quarterly or annual installments. Participant's may request an in-service distribution once attaining age 65 or for hardship as defined in the Plan.

Forfeited accounts

Participants who terminate employment forfeit any non-vested portion of their account. At December 31, 2025 and 2024, the balance held in the forfeiture account was $21,595 and $23,456, respectively. These accounts may be used to reduce future Sponsor contributions or pay Plan expenses. During the year ended December 31, 2025 forfeitures of $30,388 were used to reduce employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. Sponsor profit sharing contributions are calculated and often remitted to the Plan after year-end. These contributions are recorded as income in the year received.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the

investment adviser and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable are treated as distributions based upon the terms of the Plan Adoption Agreement.

Payment of benefits

Benefits to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain transaction based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Fair Value Measurement Topic of the Accounting Standards Codification (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities n active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: The pooled separate accounts each invest in underlying securities with observable level 1 quoted pricing inputs. The nest asset value of the pooled separate accounts is readily available to investors. The net asset value is the basis for current transactions and the investment can be redeemed at net asset value as of the measurement date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2025 and 2024.

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 21,236,155	$ -	$ -	$ 21,236,155

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 16,314,351	$ -	$ -	$ 16,314,351

The Plan's policy is to recognize transfers between levels at the end of each reporting period, if applicable. There were no significant transfers between Level 1, 2, or 3 assets or liabilities during the year ended December 31, 2025.

4. **Group annuity contract**

The Plan was invested in the Voya Fixed Account fund, which is a traditional fully benefit-responsive guaranteed investment contract that is fully guaranteed by the general account assets of Voya Retirement Insurance and Annuity Company. The total invested as of December 31, 2025 and 2024 was $44,410 and $322,316, respectively. The fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is contractually obligated to repay the principal and a specified interest rate that is declared at the beginning of each calendar quarter. The average yield for 2025 was approximately 1.50%. The actual yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the fund's ability to meet its financial obligations. The fund's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

5. **Information certified by custodian**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company for the years ended December 31, 2025 and 2024.

6. **Plan termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. **Related-party transactions and party-in-interest transactions**

Voya Retirement Insurance and Annuity Company was the trustee and custodian for Plan assets.

Voya Insurance and Annuity Company, received indirect compensation from investment fund providers for recordkeeping, administration, communication and other shareholder services provided on behalf of the registered investment companies or common collective trusts. Indirect compensation is offset against administrative expenses charged to the Plan. If there is excess, it is deposited into the Plan's forfeiture account.

8. **Income tax status**

Effective January 1, 2022, the Plan was amended and restated by adopting a volume submitter plan. The volume plan submitter obtained a determination letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

The Plan applies the standards on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. **Risks and uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits – Modified Cash Basis.

10. **Subsequent events**

Subsequent events were evaluated through the date of the auditor's report, which is the date the financial statements were available to be issued. In 2026, the Plan Sponsor adopted certain operationally available plan provisions available under the SECURE 2.0 Act. Beginning in 2026, long-term part-time employees will be governed by automatic enrollment provisions and will be eligible to receive Sponsor contributions. In addition, certain emergency and disaster distributions will be made available to qualifying participants. A formal plan amendment document is expected to be completed in late 2026. This amendment is not expected to have a material impact on the Plan's net assets available for benefits.
