INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
George Packing Co. Inc. 401(k) Profit Sharing Plan and Trust
Newberg, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of George Packing Co. Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the George Packing Co. Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering substantially all employees of George Packing Co. Inc., Hazelnut Growers of Oregon, LLC, and Northwest Hazelnut Company (collectively the Company), aged 21 years or older who have completed 3 months of service. Employees whose employment is governed by a collective bargaining agreement under which retirement benefits were subject to good faith bargaining, employees acquired in a Code section 410(b)(6)(C) transaction during the transition period, and nonresident aliens with no US source income are not eligible to participate in the Plan. Participants may enter the Plan immediately upon meeting age and eligibility service requirements. The Plan provides participants with a salary deferral option pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan engages Mid Atlantic Trust Company, the trustee, to hold and invest Plan assets and execute Plan transactions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each year, participants may contribute up to 96% of compensation as defined by the Plan into a pre-tax or after-tax Roth account, subject to limits of the tax law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Company has elected to make safe harbor matching contributions equal to 233% of the first 6% of eligible earnings that a participant defers. The Company may elect to make a discretionary profit sharing contribution. In order to be eligible for a discretionary profit sharing contribution, a participant must have 500 hours of service during the year or be employed on the last date of the Plan year. No discretionary profit sharing contribution was made during the year ended December 31, 2025.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment Elections
Participants direct the investment of their and the Company’s contributions into various investment options offered by the Plan. Participants can change their investment elections daily.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses and any related transaction fees for loans and distributions. Allocations are made in a manner which recognizes each participant’s account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their deferral contributions and safe harbor matching contributions plus actual earnings thereon. Vesting in the Company’s discretionary profit sharing contributions plus actual earnings thereon is based on years of service and occurs gradually. A participant becomes partially vested at the end of two years of credited service and is 100% vested after six years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of normal retirement age, permanent disability or death. Any amount not vested upon a participant's separation from service is forfeited and may be used to reduce the Company’s contribution, pay Plan expenses or as a Company profit sharing contribution.

Note 1 – Description of the Plan, continued

Notes Receivable from Participants
Participants may borrow up to 50% of their vested account balance to a maximum of $50,000. These loans are secured by the balance in the participant's account and bear interest at 1% above the prime rate. The repayment term may not exceed five years, except for loans used to purchase the participant's primary residence. Participants can have one loan outstanding at any time. Principal and interest are paid through payroll deductions.

Payment of Benefits
On termination of service due to any reason, participants with vested account balances of $1,000 or less receive an automatic lump-sum distribution, unless the participant requests that it be rolled over to an Individual Retirement Account (IRA) provider or another qualified retirement plan. Participants with vested account balances of $7,000 (formerly $5,000) or less and more than $1,000 receive an automatic distribution to an IRA. Participants with vested account balances of more than $7,000 (formerly $5,000) may elect to receive a single lump-sum amount, choose to roll over their balance into another retirement plan or IRA, or leave their balance in the Plan. Participants may also take in-service distributions subject to the terms of the Plan and IRS regulations.

Forfeited Accounts
Generally, a participant's unvested portion of the Company's profit sharing contributions is forfeited upon termination of employment. Forfeitures are maintained in a separate account and can be used to pay Plan expenses or reduce Company contributions, or as a Company profit sharing contribution.

At December 31, 2025 and 2024 forfeited nonvested accounts totaled $0. During the year ended December 31, 2025, no forfeitures were used.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan.

Payment of Benefits
Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies, continued

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or to a participant's account for transactions specifically related to that participant.

Certain investment management fees and other charges paid to the trustee are offset against fund performance in the net appreciation in fair value of investments on the statement of changes in net assets available for benefits and are not, therefore, separately reflected as administrative expenses. Certain Plan expenses are paid directly by the Company and therefore are excluded from these financial statements.

Risks, Uncertainties and Concentrations
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025, approximately 24% and 20%, respectively, of the Plan's investments were invested in the Vanguard Target Retirement 2040 and 2050 Funds.

Contributions
Contributions from Plan participants and the Company, when applicable, are recorded in the year in which the employee contributions are withheld from compensation.

Subsequent Events
The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

Effective July 6, 2026, the Plan was amended to reduce the eligibility age from 21 to 13.

Note 3 – Certified Information

Certain information in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company, the trustee of the Plan, a qualified institution.

Notes receivable from participants as of December 31, 2025 and 2024 and related interest income on notes receivable from participants for the year ended December 31, 2025 are not certified.

Note 4 – Tax Status

The Company has adopted a pre-approved plan document that has received an opinion letter from the IRS dated August 31, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

> Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
>
> Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
>
> Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 – Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,630,646	$ -	$ -	$ 7,630,646
Total investments at fair value	$ 7,630,646	$ -	$ -	$ 7,630,646

	Investments at Fair Value as of December 31, 2024

Registered investment companies	$ 5,765,384	$ -	$ -	$ 5,765,384
Total investments at fair value	$ 5,765,384	$ -	$ -	$ 5,765,384

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

Note 7 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the net assets per the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 7,917,494	$ 6,078,917
Less: Deemed participant loans	(986)	(986)
Less: Contributions receivable not on Form 5500	(105,431)	(166,647)
Net assets per the Form 5500	$ 7,811,077	$ 5,911,284

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits per the financial statements	$ 1,838,577
Change in contributions receivable not on Form 5500	61,216
Net income per the Form 5500	$ 1,899,793

Note 8 – Related-Party and Party-in-Interest Transactions

Paychex, Inc. provides third-party administration services to the Plan, Mid Atlantic Trust Company provides trustee services to the Plan, and Aldrich Service, LLP provides investment advisory services to the Plan. Transactions with these entities qualify as party-in-interest transactions. Loans to participants also qualify as party-in-interest transactions.
