INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Bone & Joint Clinic, S.C.
The Plan Administrator for the
Bone & Joint Clinic, S.C. 401(k) Plan
Wausau, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bone & Joint Clinic, S.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bone & Joint Clinic, S.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bone & Joint Clinic, S.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bone & Joint Clinic, S.C. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bone & Joint Clinic, S.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bone & Joint Clinic, S.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

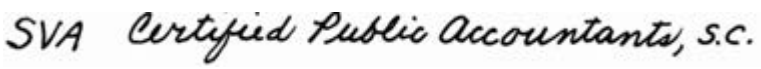

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- Description of plan and significant accounting policies

The following description of Bone & Joint Clinic, S.C. 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Bone & Joint Clinic, S.C. and its participating employers, BJOSC, LLC and B&J Properties, LLC, (the Company) has adopted, with subsequent amendments, the Alerus Financial N.A. (Alerus) Defined Contribution Volume Submitter Plan and Trust, under the name Bone & Joint Clinic, S.C. 401(k) Plan (the Plan) with the most recent restatement effective January 1, 2024. The Plan was originally effective July 1, 1995.

General

The Plan is a defined contribution plan with elective deferral 401(k) features covering all employees, excluding leased or reclassified employees, non-resident aliens, and residents of Puerto Rico. Non-excluded employees become eligible to participate for purposes of elective deferrals upon their entry date, which is defined as the first day of each month coinciding with or following the date they satisfy the eligibility requirements. To be eligible for the purposes of discretionary matching company contributions, employees must have completed: 1) one year of service, defined as at least 750 hours of service, and 2) attained age 21. To be eligible for nonelective company contributions, employees must also be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-1130341, and the Plan's number is 004.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment provision, which will automatically defer 4% of the participant's eligible compensation. Participants may elect out of the automatic enrollment provision or select an alternative deferral amount at any time.

The Company contributes up to 6.42% of eligible compensation, as defined in the Plan, as well as 5.70% of excess compensation, defined as annual compensation greater than $176,100. Contributions are determined annually by the Board of Directors. The Company made a nonelective profit sharing contribution of $1,386,694 for the year ended December 31, 2025.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals, which is updated at the discretion of Plan management each year. For 2025, the matching contribution was 100% of the first 4% of a participant's elective deferral. The Company made a discretionary matching contribution of $798,464 for the year ended December 31, 2025.

Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

NOTE A -- Description of plan and significant accounting policies (Continued)

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing and discretionary contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocation of Company contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits the rollover of funds from other qualified plans to a participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's nonelective profit sharing and discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested ratably over five years of credited service. Participants, who leave the Plan because of death or disability, as defined in the Plan, are considered 100% vested in all amounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined as 1% over the prime rate (6.75% at December 31, 2025). Principal and interest are paid ratably through monthly payroll deductions.

Benefits

On termination of service due to death, disability, retirement (age 59 ½) or termination of employment, a participant may elect either a lump-sum distribution of the entire vested account balance or in a single sum distribution of a portion of the participant's vested interest in his or her account. In-service distributions are allowed provided the participant has attained age 59 ½. A participant with an account valued at less than $1,000 shall receive a lump-sum distribution. An automatic rollover of a participant's account will occur if the account is valued between $1,000 and $5,000. For accounts exceeding $5,000, the participant may elect a lump sum distribution or an installment payment or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan.

Forfeited accounts

At December 31, 2025 and 2024, forfeited non-vested accounts were $1,205 and $8, respectively. These accounts will be used to pay administrative expenses, if so directed by the plan administrator, or to reduce future Company nonelective or matching contributions. Forfeited non-vested accounts of $52,118 were used to pay administrative expenses in 2025.

NOTE A -- Description of plan and significant accounting policies (Continued)

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Contributions receivables are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the company.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays some of the administrative expenses of the Plan, which are excluded from these financial statements. The major administrative expenses are recordkeeping and investment management fees.

NOTE A -- Description of plan and significant accounting policies (Continued)

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Subsequent events

These financial statements have not been updated for subsequent events occurring after October 12, 2026, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by asset custodian and trustee

Certain information related to investments, cash, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, cash and notes receivable from participants held at December 31, 2025 and 2024, and dividends, net appreciation and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus, the asset custodian and trustee of the Plan.

NOTE C -- Party-in-interest transactions

Alerus is the asset custodian and trustee of the Plan as of and for the year ended December 31, 2025, and is therefore designated as a fiduciary and party-in-interest. Alerus provides recordkeeping services for the Plan. Orgel Wealth Management provides investment advisory services to the Plan; therefore, is designated as a fiduciary and party-in-interest. Transactions with these parties-in-interest occur in the course of ordinary business and are exempt transactions.

Alerus receives revenue from some mutual fund service providers for services Alerus provides to the funds. This revenue is used to offset certain amounts owed to Alerus for its recordkeeping services to the Plan. During the year ended December 31, 2025, revenue received from mutual fund service providers used to offset amount owed to Alerus totaled $19,209 and are included in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

NOTE D -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit.

		Fair value measurements at reporting date using:		
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2025				
Registered investment companies	$ 44,537,298	$ 44,537,298	$ 0	$ 0
Investments measured at net asset value [1]	4,619,187	0	0	0
Investments at fair value	$ 49,156,485	$ 44,537,299	$ 0	$ 0
December 31, 2024				
Registered investment companies	$ 38,687,178	$ 38,687,178	$ 0	$ 0
Investments measured at net asset value [1]	4,370,974	0	0	0
Investments at fair value	$ 43,058,152	$ 38,687,178	$ 0	$ 0

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE D -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Registered investment companies: Valued based on quoted net asset values of the shares held by the Plan at year-end. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Stable value collective fund: A stable value fund composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025**,** are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Putnam Stable Value Fund	$4,619,187	n/a	Daily	N/A
December 31, 2024				
Galliard Stable Return Fund	$4,370,974	n/a	Daily	12 months

NOTE E -- Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their allocated Company contributions.

NOTE F -- Tax status

The Alerus Financial N.A. (Alerus) Defined Contribution Volume Submitter Plan and Trust that the Plan has adopted effective January 1, 2024, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Plan amendment

Effective January 1, 2024, the Plan was restated. As part of the restatement, the Plan was amended to exclude compensation paid after termination (as defined), move/relocation stipend, referral award, and all non-earned income items from the definition of eligible compensation.

NOTE I -- Subsequent event

Effective January 1, 2026, the Plan was restated. The restatement incorporated provisions permitting in plan Roth rollover contributions and in plan Roth transfers and modified the Plan's joint and survivor annuity provisions. The new provisions and modifications became effective March 15, 2026.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Bone & Joint Clinic, S.C.
The Plan Administrator for the
Bone & Joint Clinic, S.C. 401(k) Plan
Wausau, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bone & Joint Clinic, S.C. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bone & Joint Clinic, S.C. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bone & Joint Clinic, S.C. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bone & Joint Clinic, S.C. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bone & Joint Clinic, S.C. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bone & Joint Clinic, S.C. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

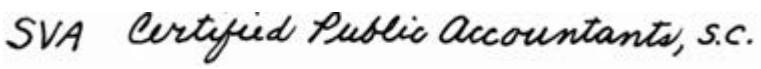

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A -- Description of plan and significant accounting policies

The following description of Bone & Joint Clinic, S.C. 401(k) Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Bone & Joint Clinic, S.C. and its participating employers, BJOSC, LLC and B&J Properties, LLC, (the Company) has adopted, with subsequent amendments, the Alerus Financial N.A. (Alerus) Defined Contribution Volume Submitter Plan and Trust, under the name Bone & Joint Clinic, S.C. 401(k) Plan (the Plan) with the most recent restatement effective January 1, 2024. The Plan was originally effective July 1, 1995.

General

The Plan is a defined contribution plan with elective deferral 401(k) features covering all employees, excluding leased or reclassified employees, non-resident aliens, and residents of Puerto Rico. Non-excluded employees become eligible to participate for purposes of elective deferrals upon their entry date, which is defined as the first day of each month coinciding with or following the date they satisfy the eligibility requirements. To be eligible for the purposes of discretionary matching company contributions, employees must have completed: 1) one year of service, defined as at least 750 hours of service, and 2) attained age 21. To be eligible for nonelective company contributions, employees must also be employed on the last day of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Company oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan's federal identification number is 39-1130341, and the Plan's number is 004.

Contributions

Each year, participants may contribute up to the maximum percentage of pretax and after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment provision, which will automatically defer 4% of the participant's eligible compensation. Participants may elect out of the automatic enrollment provision or select an alternative deferral amount at any time.

The Company contributes up to 6.42% of eligible compensation, as defined in the Plan, as well as 5.70% of excess compensation, defined as annual compensation greater than $176,100. Contributions are determined annually by the Board of Directors. The Company made a nonelective profit sharing contribution of $1,386,694 for the year ended December 31, 2025.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of participant elective deferrals, which is updated at the discretion of Plan management each year. For 2025, the matching contribution was 100% of the first 4% of a participant's elective deferral. The Company made a discretionary matching contribution of $798,464 for the year ended December 31, 2025.

Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

NOTE A -- Description of plan and significant accounting policies (Continued)

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing and discretionary contributions, (b) Plan earnings and (c) charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant account balances, as defined, and allocation of Company contributions are based on participant compensation, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits the rollover of funds from other qualified plans to a participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's nonelective profit sharing and discretionary matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested ratably over five years of credited service. Participants, who leave the Plan because of death or disability, as defined in the Plan, are considered 100% vested in all amounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined as 1% over the prime rate (6.75% at December 31, 2025). Principal and interest are paid ratably through monthly payroll deductions.

Benefits

On termination of service due to death, disability, retirement (age 59 ½) or termination of employment, a participant may elect either a lump-sum distribution of the entire vested account balance or in a single sum distribution of a portion of the participant's vested interest in his or her account. In-service distributions are allowed provided the participant has attained age 59 ½. A participant with an account valued at less than $1,000 shall receive a lump-sum distribution. An automatic rollover of a participant's account will occur if the account is valued between $1,000 and $5,000. For accounts exceeding $5,000, the participant may elect a lump sum distribution or an installment payment or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan.

Forfeited accounts

At December 31, 2025 and 2024, forfeited non-vested accounts were $1,205 and $8, respectively. These accounts will be used to pay administrative expenses, if so directed by the plan administrator, or to reduce future Company nonelective or matching contributions. Forfeited non-vested accounts of $52,118 were used to pay administrative expenses in 2025.

NOTE A -- Description of plan and significant accounting policies (Continued)

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Cash

The Plan maintains its cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk on cash and cash equivalents.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's Board of Directors determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Contributions receivables are written off when they are determined to be uncollectible. The allowance for credit losses is estimated based on expected credit losses considering the Plan's historical losses, existing economic conditions, and the financial stability of the company.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays some of the administrative expenses of the Plan, which are excluded from these financial statements. The major administrative expenses are recordkeeping and investment management fees.

NOTE A -- Description of plan and significant accounting policies (Continued)

Notes receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Subsequent events

These financial statements have not been updated for subsequent events occurring after October 12, 2026, which is the date these financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by asset custodian and trustee

Certain information related to investments, cash, and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments, cash and notes receivable from participants held at December 31, 2025 and 2024, and dividends, net appreciation and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus, the asset custodian and trustee of the Plan.

NOTE C -- Party-in-interest transactions

Alerus is the asset custodian and trustee of the Plan as of and for the year ended December 31, 2025, and is therefore designated as a fiduciary and party-in-interest. Alerus provides recordkeeping services for the Plan. Orgel Wealth Management provides investment advisory services to the Plan; therefore, is designated as a fiduciary and party-in-interest. Transactions with these parties-in-interest occur in the course of ordinary business and are exempt transactions.

Alerus receives revenue from some mutual fund service providers for services Alerus provides to the funds. This revenue is used to offset certain amounts owed to Alerus for its recordkeeping services to the Plan. During the year ended December 31, 2025, revenue received from mutual fund service providers used to offset amount owed to Alerus totaled $19,209 and are included in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits.

NOTE D -- Fair value measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefit.

		Fair value measurements at reporting date using:		
	Fair value	Quoted prices in active markets for identical assets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2025				
Registered investment companies	$ 44,537,298	$ 44,537,298	$ 0	$ 0
Investments measured at net asset value [1]	4,619,187	0	0	0
Investments at fair value	$ 49,156,485	$ 44,537,299	$ 0	$ 0
December 31, 2024				
Registered investment companies	$ 38,687,178	$ 38,687,178	$ 0	$ 0
Investments measured at net asset value [1]	4,370,974	0	0	0
Investments at fair value	$ 43,058,152	$ 38,687,178	$ 0	$ 0

[1] In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE D -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

- Registered investment companies: Valued based on quoted net asset values of the shares held by the Plan at year-end. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Stable value collective fund: A stable value fund composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025**,** are reported in net appreciation in fair value of investments.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Putnam Stable Value Fund	$4,619,187	n/a	Daily	N/A
December 31, 2024				
Galliard Stable Return Fund	$4,370,974	n/a	Daily	12 months

NOTE E -- Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their allocated Company contributions.

NOTE F -- Tax status

The Alerus Financial N.A. (Alerus) Defined Contribution Volume Submitter Plan and Trust that the Plan has adopted effective January 1, 2024, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has been amended since the date of the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risk

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Plan amendment

Effective January 1, 2024, the Plan was restated. As part of the restatement, the Plan was amended to exclude compensation paid after termination (as defined), move/relocation stipend, referral award, and all non-earned income items from the definition of eligible compensation.

NOTE I -- Subsequent event

Effective January 1, 2026, the Plan was restated. The restatement incorporated provisions permitting in plan Roth rollover contributions and in plan Roth transfers and modified the Plan's joint and survivor annuity provisions. The new provisions and modifications became effective March 15, 2026.
