INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Matkin-Hoover Engineering, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Matkin-Hoover Engineering, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier (a "qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to, by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) and Delinquent Participant Contributions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to, by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following brief description of the Matkin-Hoover Engineering, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan's document for complete information regarding the Plan's definitions, benefits, eligibility and other matters.

General

The Plan is a IRC section 401(k) salary deferral plan covering substantially all employees of Matkin-Hoover Engineering, Inc. and related entities through common ownership (the "Company" or the "Employer") who have reached age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee and custodian of the Plan is John Hancock Insurance Company (the "Trustee").

Eligibility

Participants are eligible to participate in the Plan and receive employer contributions upon completion of one year of service in which at least 1,000 hours were completed. Participants can then enroll in the Plan on the first day of the quarter succeeding their one year anniversary date of hire.

Participants are eligible to participant in the Plan but not receive employer contributions if they complete two consecutive years of 500 - 999 hours or more. Participants can then enroll in the Plan on the first day of the quarter succeeding their two year anniversary date of hire.

Contributions

Employee

Each year, participants may contribute to the Plan an amount up to 100% of their annual compensation as pre-tax or Roth after-tax contributions. However, each participant's annual contribution shall not exceed the maximum amount allowed for deferral as set forth by the Internal Revenue Code (the "Code"), which was $23,500 for 2025 and $23,000 for 2024. In addition, participants over age 50 were allowed to contribute an additional $7,500 for 2025 and $7,500 for 2024. Additionally, if an employee attains age 60, 61, 62 or 63 at the beginning of the year, the employee may make a greater catch-up contribution to the Plan (150% of the prior year or $11,250 for 2025). The amount of a participant's annual compensation that may be taken into account for purposes of determining the Company's matching contribution for any purpose under the Plan shall not exceed an amount prescribed annually by the Code.

Employer Safe Harbor

Employees are automatically eligible to receive a 3% safe harbor employer contribution upon completion of their eligibility requirements for entry into the Plan. This contribution is not subject to any vesting requirements and the employees retain this money upon termination or withdrawal.

Note A – Description of Plan (Continued)

Employer Special Discretionary

A special discretionary contribution, as determined by the Company, may be contributed, pro rata, based upon each participating employee's compensation to the total compensation of all participating employees. Participants are eligible to receive the Company special discretionary matching contributions after meeting eligibility requirements for entry into the Plan, subject to vesting requirements. No special discretionary contribution was made in 2025 or 2024.

All contributions are subject to applicable limitations.

Vesting

Participants are immediately vested in their contributions (including rollovers) and the safe harbor 3% employer contribution plus actual earnings thereon. Vesting in the special discretionary employer contribution is based on years of continuous service with the Company, which is determined as a twelve consecutive month period ending on each anniversary of a participant's date of hire. Participants become 25% vested in Employer contributions after two years, and an additional 25% each year thereafter until 100% vested upon five years of credited service. A participant is also 100% vested in Employer contributions upon reaching retirement age or if employment ceases by reason of total and permanent disability or death.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's special discretionary contributions, if applicable. The various participant allocations are based on a percentage of the participant's elective deferral or compensation in relation to total compensation of participants, as defined in the Plan document.

Investment Options

Upon enrollment into the Plan, a participant may direct their contributions to purchase any of the investment options offered by the Trustee of the Plan. Participants may change the allocation of their existing funds and future contributions at any time.

Payment of Benefits

Participants whose employment terminates for any reason (except death or disability) are generally entitled to receive the vested portion of their account in the form of a lump sum distribution payable in cash. Upon termination, the participant may request a distribution be made or for their balance to be rolled into another plan as soon as is administratively feasible. Any balance under $7,000 is automatically paid out as soon as administratively feasible. Hardship withdrawals are permitted if the participant meets the eligibility requirements of the Plan.

Note A – Description of Plan (Continued)

Expenses

Expenses relating to the purchase or sale of investments are included in the cost or deducted from the proceeds, respectively. Direct charges and expenses, including investment manager fees attributable to specific investment funds, may be charged against that investment fund and are allocated to participant accounts based on the total of the participant balance relative to the fund balance of the entire Plan. Administrative expenses such as Trustee transaction fees are allocated directly to the participant account who is responsible for the transaction.

Forfeitures

Participants who terminate employment prior to being fully vested in the Company's special discretionary contributions forfeit the non-vested matching employer contributions and related earnings. At December 31, 2025 and 2024, there were approximately $-0- and $1,128 of forfeited non-vested amounts. Forfeitures of Company matching contributions may be used to reduce future Employer's matching contributions to the Plan.

Tax Status

The IRS has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America ("GAAP") requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Amendments

Effective January 1, 2025, the Plan was amended to ensure compliance with Secure 2.0 Act. Employees who have two consecutive years of 500 - 999 hours of service shall be admitted to the Plan and allowed to make employee contributions but are not eligible for employer contributions. Additionally, if an employee attains age 60, 61, 62 or 63 at the beginning of the year, the employee may make a greater catch-up contribution to the Plan (150% of the prior year or $11,250 for 2025).

Note A – Description of Plan (Continued)

Subsequent Events

The Plan monitors significant events occurring after the balance sheet date and prior to the issuance of the financial statements to determine the impacts, if any, of events on the financial statements to be issued. The Plan has evaluated subsequent events through October 8, 2026, the date which the financial statements are issued.

Note B – Summary of Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting in accordance with U.S. GAAP.

Valuation of Investments

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices as of the last trading day of the Plan year. Investments in money market funds are valued using $1 for the Net Asset Value ("NAV") as a practical expedient. Reinvested income, accrued interest and dividends are reflected as additions to the cost basis of the investments. Investment transactions are recorded on a trade-date basis. Interest income is recorded when earned and dividend income is recorded on the ex-dividend date. The Plan did not record any interest or dividend income for the year ended December 31, 2025. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of its investments, which consists of net realized gains or losses on investments sold during the year and the unrealized net appreciation on those investments held at the end of the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with GAAP, as applied to defined contribution employee benefit plans, requires the Plan's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements

The Plan is currently evaluating the implications of the Secure 2.0 Act and its effects on the Plan. Current implementation is being designed as necessary for applicable components of the Secure 2.0 Act.

Note C – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note D – Related Parties and Parties-In-Interest

The Trustee of the Plan is a party-in-interest as defined by ERISA. The Trustee invests certain Plan assets in common/collective trust funds, mutual funds and money market funds managed by the Trustee or its affiliates, and such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. Amounts paid as compensation to the Trustee of the Plan for the years ended December 31, 2025 and 2024 was $20,891 and $17,739, respectively, amounts paid to registered investment advisors for the years ended December 31, 2025 and 2024 was $16,583 and $14,017, respectively. These transactions are party-in-interest transactions under ERISA.

Note E – Information Certified and Provided by John Hancock Insurance Company

The investment schedule included in Note F is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, included throughout the Plan's financial statements and supplemental schedules, that was prepared or derived from information certified and provided by John Hancock Insurance Company, the Trustee and custodian of the Plan. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the assets as listed in the investment schedule included in Note F.

John Hancock also certified as to the completeness and accuracy of $1,006,251 of net appreciation in fair value of investments related to the aforementioned investments for the year ended December 31, 2025.

Note F – Fair Value Measurements

In accordance with GAAP, the Plan's assets and liabilities, which are carried at fair value, are classified in one of the following three categories:

Level 1 – Quoted prices in active markets for identical investments.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs that are not corroborated by market data.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for instruments measured at fair value.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV, or its equivalent, as a practical expedient.

Mutual Funds

These investments are valued at quoted market prices as of the last trading day of the Plan year and are classified within Level 1 of the fair value hierarchy. Mutual funds held by the Plan are open-end mutual

Note F – Fair Value Measurements (Continued)

funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets or liabilities measured at fair value on a nonrecurring basis as of December 31, 2025 or 2024, and there were no changes in the valuation methodologies between these periods.

The following tables present the fair value of investments, measured on a recurring basis, as of December 31, 2025 or 2024, respectively, by the fair value hierarchy described above. The Plan had no investments classified as Level 2 or 3 at December 31, 2025 or 2024.

Note G – Risks and Uncertainties

The Plan invests in various types of investments. Investments are exposed to various risks, such as interest rate and market fluctuations and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note H – Prohibited Transactions

During 2025, the plan sponsor failed to remit to the plan's trustee certain employee contributions totaling approximately $4,334 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors, and the plan sponsor will make contributions to the affected participants' account to compensate those participants for lost earnings using the Self-Correction Program.
