CRS Hardware Corporation Employee Stock Ownership Plan and Trust

Financial Statements and Supplemental Schedule

Including Independent Auditor's Report

As of December 31, 2025 and 2024

and for the Years Ended December 31, 2025

Independent Auditor's Report

To the Plan Administrator
CRS Hardware Corporation Employee Stock Ownership Plan and Trust
Missoula, Montana

Opinion

We have audited the financial statements of CRS Hardware Corporation Employee Stock Ownership Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets (deficit) available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets (deficit) available for benefits of CRS Hardware Corporation Employee Stock Ownership Plan and Trust as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the year ended December 31, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CRS Hardware Corporation Employee Stock Ownership Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

“Wipfli” is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CRS Hardware Corporation Employee Stock Ownership Plan and Trust's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CRS Hardware Corporation Employee Stock Ownership Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CRS Hardware Corporation Employee Stock Ownership Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the CRS Hardware Corporation Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a leveraged employee stock ownership plan (ESOP) established effective January 1, 2016. The Plan covers all employees, excluding leased employees, non-resident aliens and collective bargaining unit employees, of CRS Hardware Corporation (the Company or Employer) who have completed 12 months of service (1,000 hours) and are age 21 or older. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is responsible for oversight of the Plan. The Plan’s investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

At the inception and again in June 2024, the Plan purchased Company preferred shares using the proceeds of borrowings (See Note 5.) With the purchase of 490,000 shares at inception and 510,000 shares in June 2024, the Plan owns 100% of the Company's shares. The Plan holds the preferred stock in a trust established under the plan document. The borrowings are to be repaid by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible participant accounts in accordance with the applicable regulations under the Code.

The lenders have no rights against shares once they are allocated under the Plan. Accordingly, the financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of participants with vested rights in allocated stock ("Allocated"), and (b) stock not yet allocated to participants ("Unallocated").

Contributions

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan. Employee contributions are not permitted. Participants who are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year. Additional discretionary amounts may be contributed by the Company at the option of the Company. For the year ended December 31, 2025, there were no discretionary contributions to the Plan.

1. Description of Plan (Continued)

Participant accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with an allocation of the Company's discretionary contributions and, on the last day of each plan year, an allocation of the Company's stock shares released from the unallocated account, as well as forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated, as defined in the plan agreement, to each participant's account based on the ratio of the participant's account balance to all participants' account balances.

Vesting

If a participant's employment with the Company is terminated for any reason other than retirement, permanent disability, or death, vesting in their contributions is based on years of continuous service. A participant is 20 percent vested after two years of credited service and continues to vest in increments of 20 percent until 100 percent vested after six years of credited service.

Voting rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account (i) with respect to any corporate matter which involves the voting of such shares with respect to the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sales of substantially all assets of a trade or business, or such similar transaction, and (ii) with respect to all corporate matters, if, at the time of the vote thereon, the Company stock is a "registration-type" class of securities. If the participant does not timely exercise his or her right to vote Company stock, the trustees will vote such Company stock. The trustees shall vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

1. Description of Plan (Continued)

Payment of benefits

On termination of service due to death, disability, or retirement, a participant will receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $1,000, the amount may be automatically distributed in the form of lump sum. Distributions are made in cash or, if the participant elects, in the form of Company stock plus cash for any fractional share of stock. The amount to be distributed is based upon the immediately preceding valuation date. Unless in writing, Company stock will be distributed in substantially equal installments over a period not longer than 5 years. Distributions of Company stock may be subject to a "right of first refusal" in favor of the Company for any future sales or transfers of said stock. The Plan also allows for in-service distributions upon attaining age 60 and 20 years of service.

Forfeited accounts

Plan forfeitures are allocated to each participant's account in the same manner in which the Company contributions are allocated. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $85,314 and $91,318, respectively. These accounts will be allocated to participant accounts of those employed on the last day of the plan year. During 2025, $26,982 was allocated to participant accounts from forfeited nonvested accounts, in accordance with plan provisions.

Put option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

1. Description of Plan (Continued)

Diversification

Diversification is allowable by the Code (IRC Section 401(a)(28)(B)) and is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with a minimum 10 years of participation in the Plan may elect to diversify a portion of their account attributable to Company stock.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares are released from collateral and become allocated generally in the period in which debt service is actually paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

2. Summary of Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Advance Contributions

During the year ended December 31, 2025, the Company contributed additional funding of $224,012 to the Plan. These Company contributions were not allocated to participants and are intended to be used to offset future scheduled Company contributions.

Subsequent Events

Subsequent events were evaluated through October 13, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (Continued)

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Company preferred stock: Valued at estimated fair value based on an independent third-party appraisal using a combination of widely used valuation approaches, including the market and income valuation techniques. The appraiser considered inputs such as historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities, along with a discount for lack of marketability where appropriate.

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Company preferred stock	$ -	$ -	$12,060,000	$12,060,000
Total investments at fair value	$ -	$ -	$12,060,000	$12,060,000

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Company preferred stock	$ -	$ -	$10,810,000	$10,810,000
Total investments at fair value	$ -	$ -	$10,810,000	$10,810,000

3. Fair Value Measurements (Continued)

Changes in Fair Value of Level 3 Assets

During the year, the Plan's only Level 3 investment was its investment in CRS Hardware Corporation. There were no purchases, sales, or issues of Employer stock during the year, other than the allocation of shares released from collateral as loan payments were made. All shares were acquired in the ESOP transactions; no new shares were purchased or issued during the year.

The following table provides further details of the Plan's Level 3 fair value measurement.

	2025
Balance, beginning of year	$10,810,000
Unrealized gains relating to instruments still held at the reporting date	1,250,000
Balance, end of year	$12,060,000

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table presents the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2025 and 2024, the significant unobservable inputs and the quantitative information about those inputs.

Instrument	2025	2024	Principal Valuation Technique	Significant Unobservable Inputs
Company stock	$12,060,000	$10,810,000	Income	EBITDA, net income, weighted average cost of capital, discount rate, discount for lack of marketability
			Market	Public comparables, revenue multiple, EBITDA multiple, discount for lack of marketability

4. Investment in Company Stock

The Plan's investments in Company preferred shares as of December 31, 2025 and 2024 are shown below.

	Allocated 2025	Unallocated 2025	Allocated 2024	Unallocated 2024
Number of shares	537,591	462,409	520,204	479,796
Cost	$ 6,841,437	$ 11,333,551	$ 6,415,178	$ 11,759,810
Fair value	$ 6,483,344	$ 5,576,656	$ 5,623,401	$ 5,186,599

5. Loan Payable

On June 28, 2024, the Plan purchased 510,000 shares of the Company's stock with a loan from the Company in the amount of $12,500,000. The lender has no rights against shares of stock once they are allocated to participants in accordance with the terms of the Plan. The note matures in December 2053 and bears interest at a fixed rate of 4.79%. The borrowing is collateralized by the unallocated shares of stock. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral, multiplied by the ratio of the current year payments divided by the total of this year's payments, plus all future years' principal and interest payments.

The scheduled amortization of the loan for subsequent years is as follows:

Year Ended December 31,	
2026	$ 198,856
2027	208,382
2028	218,363
2029	228,823
2030	239,783
Thereafter	9,917,486
Total	$ 11,011,693

6. Related-Party and Party In Interest Transactions

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

The Plan invests in Company stock. These are related party and party in interest transactions. As described in Note 5, the Plan also has a loan payable to the Company. As described in Note 2, the Company may pay plan expenses. The Plan has a number of service providers. Such providers are parties in interest under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Company directs the Trustee to pay all liabilities and expenses of the Plan and to sell shares of financed stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan agreement and the IRC. In the event of Plan termination, participants would become 100 percent vested.

8. Tax Status

The IRS has determined and informed the Company by a letter dated September 26, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan investments consist primarily of the Company's preferred stock, which is exposed to various risks, such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the preferred stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the preferred stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
