Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aspirant Consulting, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aspirant Consulting, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirant Consulting, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aspirant Consulting, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirant Consulting, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Aspirant Consulting, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan was established January 1, 2006, and is a defined contribution plan covering all participating employees of Aspirant Consulting, LLC and Aspirant RPO, LLC. The Plan is designed to comply with the ERISA and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with ERISA. The custodian of the Plan's assets is Financial Management Trust Company.

Participation Requirements

Employees are eligible to participate and are eligible for employer matching contributions once they have attained at least 21 years of age. Participants in the Plan have the option of investing their contributions to the Plan in the funds as shown in the supplemental Schedule of Assets Held for Investment Purposes at End of Year.

Contributions

The Plan allows participants to make voluntary contributions to the Plan by entering into a salary reduction agreement with the Company. The voluntary contributions may not exceed the limitations of Code Section 401(k). The Plan allows a participant to make elective deferral contributions of up to the maximum allowed by law, up to $23,500 and $23,000 in 2025 and 2024, respectively. The Plan allows for two types of salary deferrals: pre-tax 401(k) deferrals, on which your taxable income is reduced by the deferral contributions, and Roth 401(k) deferrals, which the participant is subject to federal income taxes on their respective contribution. The Plan allows catch-up contributions if the participant is or will attain the age of 50 before the end of calendar year. Rollover contributions to the Plan are also allowed.

The Company may make a discretionary matching contribution equal to a uniform percentage of the salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. Participants must be employed as of the last day of the Plan year and have completed a year of service (1,000 hours of service) in order to be eligible for discretionary matching contributions. The Company made discretionary matching contributions in the amount of $400,424 and $319,788 for the years ended December 31, 2025 and 2024, respectively.

The Company may make a discretionary profit-sharing contribution to the Plan based on a percentage of employee compensation as decided annually by the Company's Board of Directors. The Company did not make any discretionary profit-sharing contributions for the years ended December 31, 2025 and 2024.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Funding Policy

The Company shall, within the time period and manner permitted by the Internal Revenue Code, remit to the trustee an amount equal to the sum of the elective deferral contributions and the Company matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution. Investment income or loss is allocated daily based on the ratio of each participant's account balance at the end of each day. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment of Contributions

The participant, with the consent of the trustee, shall direct the investment of all elective deferral, matching and employee rollover contributions made on the participant's behalf. Fidelity Management Trust Company (the "Custodian") offers various investment options under the trust or group contract. The participant may allocate the participant's contribution in any proportion the participant chooses among these options. The participant may also direct the transfer of any portion of the participant's account balance between these investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus two percent. Principal and interest are paid ratably through monthly payroll deductions. Loan terms range from one to five years, unless the loan is for the purchase of a principal residence, the administrator may permit a longer term.

Vesting

Participants before April 1, 2020 were always 100% vested in their accounts, which is comprised of their salary deferrals, catch-up contributions, employer matching contributions, employer profit sharing contributions, and rollover contributions.

The Plan was amended on April 1, 2020 to change the vesting schedule for new participants hired on or after this date. New participants hired after April 1, 2020 are always 100% vested in their salary deferrals, catch-up contributions, and rollover contributions. The new participants are not vested at all on employer matching contributions and employer profit sharing contributions until they reach two years of service. At two years of service, they become 100% vested in the employer matching contributions and employer profit sharing contributions.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options selected by the Company. Participants may change their investment options daily.

Payment of Benefits

On termination of service, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to roll over all or part of their vested account balance into a different tax-qualified retirement plan or individual retirement arrangement upon separation from the Company.

Forfeitures

Although participants are 100% vested in their accounts, forfeitures may arise from certain situations, such as over-funding of accounts. Forfeitures may be used by the Plan for several purposes, including (1) to pay any administrative expenses; and (2) to reduce any matching contributions. The Plan had $2,194 and $941 in forfeitures available as of December 31, 2025 and 2024, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States and have been consistently applied in the preparation of the financial statements.

Accrual Basis of Accounting

The Plan management's policy is to prepare the Plan's financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net investment gain (loss) of investments.

Subsequent Events

Management has evaluated subsequent events through September 25, 2026, which was the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Notes receivable from participants: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Cash and Money Market Accounts	$ 8,377	$ -	$ -	$ 8,377
Registered Investment Companies	15,552,986	-	-	15,552,986
Notes Receivable from Participants	-	-	108,970	108,970
Total Assets at Fair Value	$15,561,363	$ -	$ 108,970	$15,670,333

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Cash and Money Market Accounts	$ 5,620	$ -	$ -	$ 5,620
Registered Investment Companies	13,594,629	-	-	13,594,629
Notes Receivable from Participants	-	-	86,492	86,492
Total Assets at Fair Value	$13,600,249	$ -	$ 86,492	$13,686,741

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

The Plan has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no such transfers.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

NOTE 5 – PLAN TERMINATION

The Company expects to continue the Plan indefinitely, but is not contractually bound to do so. In order to protect both employees and the Company against unforeseen contingencies, the Company reserves the right to amend or terminate the Plan, or to discontinue contributions at any time without the consent of any other party. In the event of termination, all participants' accounts will be fully vested and are to be paid in the time and manner set forth in the Plan agreement.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Case Sabatini & Company is the Plan auditor and qualifies as a party in interest.

NOTE 7 – TAX STATUS

The Company adopted the FMR LLC Non-standardized Pre-Approved Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Effective September 29, 2022, the Plan was amended to conform to the CARES act. Effective June 1, 2024, the Plan was amended to conform to the SECURE act to allow part-time employees to be eligible to participate in the Plan if they have completed at least 500 hours of service for two consecutive years, effective starting with the 2025 plan year.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Fidelity Management Trust Company held the Plan assets and executed transactions therein. As the Plan administrator has elected the method of compliance under Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Fidelity has provided the trustee with certified statements regarding the assets held by it at December 31, 2025 and 2024, and the executed transactions, income and expense items and the schedules of investments and reportable transactions for the year ended December 31, 2025.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Aspirant Consulting, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Aspirant Consulting, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirant Consulting, LLC 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aspirant Consulting, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aspirant Consulting, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Aspirant Consulting, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan was established January 1, 2006, and is a defined contribution plan covering all participating employees of Aspirant Consulting, LLC and Aspirant RPO, LLC. The Plan is designed to comply with the ERISA and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with ERISA. The custodian of the Plan's assets is Financial Management Trust Company.

Participation Requirements

Employees are eligible to participate and are eligible for employer matching contributions once they have attained at least 21 years of age. Participants in the Plan have the option of investing their contributions to the Plan in the funds as shown in the supplemental Schedule of Assets Held for Investment Purposes at End of Year.

Contributions

The Plan allows participants to make voluntary contributions to the Plan by entering into a salary reduction agreement with the Company. The voluntary contributions may not exceed the limitations of Code Section 401(k). The Plan allows a participant to make elective deferral contributions of up to the maximum allowed by law, up to $23,500 and $23,000 in 2025 and 2024, respectively. The Plan allows for two types of salary deferrals: pre-tax 401(k) deferrals, on which your taxable income is reduced by the deferral contributions, and Roth 401(k) deferrals, which the participant is subject to federal income taxes on their respective contribution. The Plan allows catch-up contributions if the participant is or will attain the age of 50 before the end of calendar year. Rollover contributions to the Plan are also allowed.

The Company may make a discretionary matching contribution equal to a uniform percentage of the salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. Participants must be employed as of the last day of the Plan year and have completed a year of service (1,000 hours of service) in order to be eligible for discretionary matching contributions. The Company made discretionary matching contributions in the amount of $400,424 and $319,788 for the years ended December 31, 2025 and 2024, respectively.

The Company may make a discretionary profit-sharing contribution to the Plan based on a percentage of employee compensation as decided annually by the Company's Board of Directors. The Company did not make any discretionary profit-sharing contributions for the years ended December 31, 2025 and 2024.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Funding Policy

The Company shall, within the time period and manner permitted by the Internal Revenue Code, remit to the trustee an amount equal to the sum of the elective deferral contributions and the Company matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution. Investment income or loss is allocated daily based on the ratio of each participant's account balance at the end of each day. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment of Contributions

The participant, with the consent of the trustee, shall direct the investment of all elective deferral, matching and employee rollover contributions made on the participant's behalf. Fidelity Management Trust Company (the "Custodian") offers various investment options under the trust or group contract. The participant may allocate the participant's contribution in any proportion the participant chooses among these options. The participant may also direct the transfer of any portion of the participant's account balance between these investment options.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus two percent. Principal and interest are paid ratably through monthly payroll deductions. Loan terms range from one to five years, unless the loan is for the purchase of a principal residence, the administrator may permit a longer term.

Vesting

Participants before April 1, 2020 were always 100% vested in their accounts, which is comprised of their salary deferrals, catch-up contributions, employer matching contributions, employer profit sharing contributions, and rollover contributions.

The Plan was amended on April 1, 2020 to change the vesting schedule for new participants hired on or after this date. New participants hired after April 1, 2020 are always 100% vested in their salary deferrals, catch-up contributions, and rollover contributions. The new participants are not vested at all on employer matching contributions and employer profit sharing contributions until they reach two years of service. At two years of service, they become 100% vested in the employer matching contributions and employer profit sharing contributions.

NOTE 1 – DESCRIPTION OF PLAN - Continued

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options selected by the Company. Participants may change their investment options daily.

Payment of Benefits

On termination of service, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect to roll over all or part of their vested account balance into a different tax-qualified retirement plan or individual retirement arrangement upon separation from the Company.

Forfeitures

Although participants are 100% vested in their accounts, forfeitures may arise from certain situations, such as over-funding of accounts. Forfeitures may be used by the Plan for several purposes, including (1) to pay any administrative expenses; and (2) to reduce any matching contributions. The Plan had $2,194 and $941 in forfeitures available as of December 31, 2025 and 2024, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States and have been consistently applied in the preparation of the financial statements.

Accrual Basis of Accounting

The Plan management's policy is to prepare the Plan's financial statements on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net investment gain (loss) of investments.

Subsequent Events

Management has evaluated subsequent events through September 25, 2026, which was the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Notes receivable from participants: Valued at amortized cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Cash and Money Market Accounts	$ 8,377	$ -	$ -	$ 8,377
Registered Investment Companies	15,552,986	-	-	15,552,986
Notes Receivable from Participants	-	-	108,970	108,970
Total Assets at Fair Value	$15,561,363	$ -	$ 108,970	$15,670,333

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Cash and Money Market Accounts	$ 5,620	$ -	$ -	$ 5,620
Registered Investment Companies	13,594,629	-	-	13,594,629
Notes Receivable from Participants	-	-	86,492	86,492
Total Assets at Fair Value	$13,600,249	$ -	$ 86,492	$13,686,741

NOTE 3 – FAIR VALUE MEASUREMENTS - Continued

The Plan has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no such transfers.

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Fidelity Management Trust Company (Fidelity). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value.

NOTE 5 – PLAN TERMINATION

The Company expects to continue the Plan indefinitely, but is not contractually bound to do so. In order to protect both employees and the Company against unforeseen contingencies, the Company reserves the right to amend or terminate the Plan, or to discontinue contributions at any time without the consent of any other party. In the event of termination, all participants' accounts will be fully vested and are to be paid in the time and manner set forth in the Plan agreement.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Case Sabatini & Company is the Plan auditor and qualifies as a party in interest.

NOTE 7 – TAX STATUS

The Company adopted the FMR LLC Non-standardized Pre-Approved Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Effective September 29, 2022, the Plan was amended to conform to the CARES act. Effective June 1, 2024, the Plan was amended to conform to the SECURE act to allow part-time employees to be eligible to participate in the Plan if they have completed at least 500 hours of service for two consecutive years, effective starting with the 2025 plan year.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Fidelity Management Trust Company held the Plan assets and executed transactions therein. As the Plan administrator has elected the method of compliance under Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, Fidelity has provided the trustee with certified statements regarding the assets held by it at December 31, 2025 and 2024, and the executed transactions, income and expense items and the schedules of investments and reportable transactions for the year ended December 31, 2025.
