Plan Administrator and Plan Participants
Burkes Mechanical, Inc.
401(k) Profit Sharing Plan
Brent, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the accompanying financial statements of Burkes Mechanical, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Burkes Mechanical, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Burkes Mechanical, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Burkes Mechanical, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Burkes Mechanical, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Burkes Mechanical, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BURKES MECHANICAL, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Burkes Mechanical, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Burkes Mechanical, Inc., Burkes Mechanical – Arkansas, Inc. and Burkes Mechanical South Carolina. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – An employee is eligible to participate in the Plan who has completed one year with 500 hours of service and has attained the age of twenty-one.

Contributions – Each year participants may contribute up to the maximum amount allowed under the federal tax laws. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. The matching company contribution is invested in the same manner as the participant's contributions. Additional profit sharing amounts may be contributed at the option of the Company's management. Participants direct the investments of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the life expectancy of the participant or the joint and last survivor life expectancy of the participant and his or her designated beneficiary, or apply the vested portion toward the purchase of an annuity contract. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** (Continued)

Hardship Distributions – Upon submission of a withdrawal request based on hardship circumstances, and approval by management, participants may withdraw up to 100% of their elective account only.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled $24,894 and $13,351, respectively. These accounts will be used, first, to pay any administrative expenses, then any remaining forfeitures attributable to non-elective contributions will be used to reduce any non-elective contribution, then any remaining forfeitures attributable to matching contributions will be used to reduce any matching contribution. In 2025 and 2024, no plan administrative expenses were reduced by balances from forfeited non-vested accounts.

Revenue Sharing – Many of the investment funds provide for a revenue sharing arrangement with the Plan that provides for a portion of the fund expenses to be credited to the Plan to pay for certain administrative expenses that are incurred by the Plan, such as record keeping and investment advisory fees. Income from revenue sharing agreements during 2025 were $67,525.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, results could differ from those estimates.

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

(Continued)

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Operating Expenses – Administrative expenses incurred by the Plan include contract administrative fees, service fees, third party investment advisory fees and various transaction fees.

3. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

In 2021, the plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life & Annuity Insurance Company (GWL&A) totaling $701,139 and $682,519 for 2025 and 2024. GWL&A maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawal, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestiture or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

3. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT** (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer. The Plan administrator does not believe that any events would limit the Plan's ability to transact at contract value with the Plan participants or the issuer are probable of occurring.

4. **FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented, and there were no changes in methods used to measure fair value at December 31, 2025 and 2024.

Level 1 – assets include equity securities that are traded in an active exchange market, as well as certain money market instruments. Valuations are obtained from readily available pricing sources for market transactions involving identical assets.

Level 2 – observable inputs other than Level 1 prices such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Mutual Funds – The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded ("Level 1").

4. **FAIR VALUE MEASUREMENTS** (Continued)

Variable Annuities – The Plan holds investments in variable annuity contracts which are classified within Level 2 of the fair value hierarchy. The fair value of the contracts is calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the contract. The formula-calculated unit value is then compared to an accounting-driven net value the following morning. The accounting unit value is determined in a manner similar to a mutual fund net asset value calculation. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day. The plan uses Level 2 inputs when quoted prices for identical assets in active markets are not available.

There were no transfers into or out of Level 1 and Level 2 fair value measurements during the years ended December 31, 2025 and 2024.

The following table presents, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2025:

	Level 1	Level 2	Totals
Mutual Funds	$ 26,184,778	$ -	$ 26,184,778
Investments at net asset value	$ -	$ 6,337,316	$ 6,337,316
Investments at fair value	$ 26,184,778	$ 6,337,316	$ 32,522,094

The following table presents, by level within the fair value hierarchy, the Plan's assets at fair value at December 31, 2024:

	Level 1	Level 2	Totals
Mutual Funds	$ 27,049,977	$ -	$ 27,049,977
Investments at fair value	$ 27,049,977	$ -	$ 27,049,977

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net appreciation in fair value of investments.

5. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. EXCESS CONTRIBUTIONS

Benefit distributions of $1,716,297 for the plan year ended December 31, 2025 include payments of $35,261 to active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the prior year.

7. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian, Empower Trust Company, LLC.

The investment income reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025 was certified by the custodian, Empower Trust Company, LLC.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Company paid $23,500 in professional fees and $1,405 in administrative fees related to the Plan. These transactions qualify as exempt party-in-interest transactions.

11. MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

For the year ended December 31, 2025, the Company evaluated subsequent events for potential recognition and disclosure through October 9, 2026, the date of financial statement issuance.
