INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Porto's Bakery, Inc. 401(k) Plan
Burbank, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Porto's Bakery, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Porto's Bakery, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Porto's Bakery, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Porto's Bakery, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Porto's Bakery, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Porto's Bakery, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the Porto's Bakery, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The qualified Plan is a defined contribution plan covering all full-time employees of the Plan Sponsor who have completed 60 days of service and are age twenty-one or older. The Plan is subject to the provisions of ERISA. The plan is a multiple-employer plan covering the following sponsors: Porto's Bakery, Inc, Porto's Bakery Burbank, Inc., Porto's Bakery Downey, Inc., Porto's Bakery Buena Park, Inc., Porto's Bakery West Covina, Inc., Porto's Bakery Northridge, R&R Management Corporation, and Porto's Food Products, Inc. (collectively "Plan Sponsor"). The trustees are responsible for selecting investment offerings and ensuring compliance with the Plan document. The Plan is administered by Transamerica Retirement Solutions ("Transamerica'), who performs the function of recordkeeper, and Transamerica Trust Company (the "trustee") and Transamerica Life Insurance Company (the "custodian"), are responsible for the custody and management of the Plan's assets. The Plan Sponsor serves as the plan administrator.

Contributions: Each year, participants may contribute either a percentage of pretax compensation, a percentage of post-tax compensation or a combination of both as limited by the law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. All contributions are subject to certain Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing rollover distributions from other qualified plans. The Plan Sponsor may make matching contributions and required minimum contributions. For the year ended December 31, 2025, the Plan Sponsor is matching a percentage of elective contributions for each eligible participant of 50% of eligible contributions up to 4%, which amounted to $603,955 for the year ended December 31, 2025. All contributions to the Plan, including any matching funds by the Plan Sponsor, are invested at the discretion of the participants or trustee.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contributions and Plan earnings. Each participant may elect to transfer funds to a non-participant directed account. The non-participant account is managed by a trustee. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings or losses thereon. Vesting in the Plan Sponsor's contribution to the participants' accounts is based on years of continuous service. Upon retirement age, death, disablement or termination of the Plan by the Plan Sponsor, a participant becomes fully vested. Vesting of Employer matching contributions and earnings thereon are based upon the participant's years of service with the Plan Sponsor as follows:

Years of vested service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

NOTE 1. DESCRIPTION OF PLAN (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear a reasonable interest rate commensurate with local prevailing rates as determined by the plan administrator (prime rate plus 2%). Principal and interest is paid ratably through payroll deductions. Interest rate on the outstanding notes ranged from 5.25% to 10.5% at December 31,2025. Notes are amortized in level payments over a period not to exceed five years, except for notes to purchase the participant's primary residence that are amortized not to exceed 15 years. These notes are subject to certain restrictions as defined by the plan document and applicable restrictions under the IRC. For participant notes that become delinquent, the amount of the unpaid loan principal plus any accrued interest will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

Payment of benefits: The payment of benefits can be made upon service or disability retirement, termination of the Plan, death, termination of employment, or financial hardship. Upon termination or employment, a participant may withdraw his or her accumulated balances in the Plan. If a participant has reached the age of 59 ½, distributions may be made, at the participant's election, from any account which are 100% vested without requiring the participant to terminate employment. Only lump sum cash distributions are permitted. Upon termination, a participant with a vested account balance equal to or less than $5,000 will automatically receive a lump sum distribution. Hardship withdrawals are allowed from the participant's elective account only, consistent with ERISA requirements.

Administrative expenses: Certain expenses of the Plan are paid by the Plan Sponsor and are excluded from these financial statements. Administrative expenses paid by the Plan for the year ended December 31, 2025, was $134,759.

Forfeited accounts: As of December 31, 2025 and 2024, the forfeited nonvested accounts totaled $8,061 and $19,957, respectively. Forfeitures of nonvested accounts may first be used to pay any administrative expenses and any remaining forfeitures may be used to reduce Plan Sponsor contributions. For the year ended December 31, 2025, $19,036 of forfeitures was used to pay Plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loan receivables from participants are reclassified as distributions based upon the terms of the plan agreement. No allowance of credit losses have been recorded as of December 31, 2025, and 2024.

Payment of benefits: Distributions to the participants of the Plan are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition: Except for certain contracts held by Transamerica Life Insurance Company, investments are reported at fair value as determined by Transamerica based on factors such as quoted market prices in active markets and prevailing interest rates. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts are reported at contract value on the statements of net assets available for plan benefits. Contract value is the relevant measure for that portion of the net assets available for plan benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Contributions are invested in unaffiliated registered investment companies and stable value funds accounts. These investments generally invest in a mix of stocks, bonds, investment contracts, cash equivalents, and potentially other asset classes, either directly or via underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as held during the year.

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for applicable investments.

Subsequent events: Except as noted in Note 13, the Plan has evaluated subsequent events through September 30, 2026, the date the financial statements were available to be issued.

NOTE 3. NONPARTICIPANT-DIRECTED INVESTMENTS

Net assets and significant components of the changes in net assets relating to the nonparticipant-directed investments are as follows:

	Year Ended December 31,	
Investments:	2025	2024
Registered investment companies, at fair value	$ 3,106,385	$ 2,346,577
Stable value funds, at contract value	42,467	41,197
Total non-participant-directed investments	$ 3,148,852	$ 2,387,774

	Year Ended December 31,	
Changes in net assets:	2025	2024
Contributions	$ 603,955	$ 503,757
Net appreciation	412,549	234,544
Benefits paid to participants	(228,027)	(99,714)
Adminstrative expenses	(24,946)	(20,221)
Forfeitures transferred	(6,669)	-
Issued notes & report	4,217	(14,238)
	$ 761,079	$ 604,128

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation measurement are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded and are considered Level 1 assets. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 12,364,283	$ -	$ -	$ 12,364,283
Total investments	**$ 12,364,283**	**$ -**	**$ -**	**$ 12,364,283**

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 9,480,124	$ -	$ -	$ 9,480,124
Total investments	**$ 9,480,124**	**$ -**	**$ -**	**$ 9,480,124**

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

In regards to the classification of investment options offered by the plan, there were no reclassifications in or out of levels 1, 2 or 3 during the years ended December 31, 2025, and 2024. The nature, risks and investment objectives of the investments described above, including those for which fair value is estimated using NAV as a practical expedient, can be found in the plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. For the years ended December 31, 2025 and 2024, there were no unfunded commitments associated with any of these investments.

NOTE 5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company through the Transamerica Stable Value Ascend Option. The Stable Value Ascend Option is invested in the general account of Transamerica and is not considered a guaranteed investment contract ("GIC") or a common collective trust ("CCT"). There is no stated minimum or maximum interest rate.

The Stable Value Ascend Option is a non-tradable obligation of Transamerica. The repayment of principal and interest credited to participants holding the investment is a financial obligation of Transamerica. The investment is fully benefit-responsive and is reported at contract value. Contract value, which Transamerica also considers to be fair value, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses.

Interest is credited based on each participant's daily balance. Prior to January 1 and July 1 of each year, Transamerica establishes the effective annual interest rate applicable to the corresponding six-month period. The guaranteed credited interest rate does not change during the six-month period for which it is effective. The Stable Value Ascend Option has no unfunded commitments, and the redemption frequency and redemption notice period are daily.

For fully benefit-responsive investment contracts, Transamerica states that the average yield earned by the Plan is equal to the average yield adjusted to reflect the actual interest rate credited to Plan participants. Based on the Stable Value Rates information provided by Transamerica, the applicable average yields were as follows:

Stable Value Ascend Option	12/31/2025	12/31/2024
Based on actual earnings	2.25%	2.25%
Based on interest rate credited to participants	2.25%	2.25%

Transamerica specifically states that, for this Stable Value Option, average yield equals the credited rate.

The terms of Transamerica's Group Annuity Contract require all permitted participant-initiated transactions involving the Stable Value Ascend Option to occur at contract value with no conditions, limits, or restrictions. Permitted participant-initiated transactions include withdrawals for benefits, participant notes, and transfers to other investment choices within the Plan.

Since the Stable Value Ascend Option is an obligation of Transamerica, the occurrence of an event that would limit the ability of the investment to transact at contract value between Transamerica and a participant holding the investment is not considered probable. Participants have reasonable access to their investments in the Stable Value Ascend Option.

The Stable Value Ascend Option had a contract value of $159,775 at December 31, 2025 and $189,337 at December 31, 2024. The Plan was credited with approximately $4,056 of interest during 2025.

NOTE 6. EXCESS CONTRIBUTIONS

As of December 31, 2024, excess contributions payable totaled $76,799. The 2024 excess contributions were returned to participants during 2025. The required excise form and penalties were filed and paid as a result.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are made available by Transamerica Trust Company and Transamerica Life Insurance Company, who are the Trustees and Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Fees incurred by the Plan for investment servicing are included in net appreciation (depreciation) in fair value of investments and are paid through revenue sharing rather than direct payment. During the years ended December 31, 2025, the Plan made direct payments of $134,759, to third party servicers for recordkeeping, trustee, custodian, third-party administration, and investment advisory services. Of these payments, recordkeeping fees of $44,557 for year ended December 31, 2025, are considered party-in-interest transactions under ERISA. The Plan Sponsor pays directly any other fees related to the Plan's operations, other than investment management fees. Notes from participants and the related interest income of $38,506 are also considered related party transactions.

NOTE 8. CERTIFIED INVESTMENT INFORMATION

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Trust Company and Transamerica Life Insurance Company, the Plan's non-discretionary custodian and insurance carrier, respectively, have certified to the completeness and accuracy of all investments and notes receivables from participants reflected on the accompanying statements of net assets available for plan benefits as of December 31, 2025 and 2024, the supplemental Schedule, Schedule H, line 4i -- Schedule of Assets (Held at End of Year) as of December 31, 2025; and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025.

NOTE 9. TAX STATUS

The Plan document is a pre-approved prototype plan that received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRS. Although the plan has been amended since receiving the favorable opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS.

Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal or state tax authorities. The Plan's administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, respectively, to the respective Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 13,054,365	$ 9,935,650
Amounts accrued for employer contributions	-	76,799
Net assets available for benefits per the Form 5500	$ 13,054,365	$ 10,012,449

NOTE 11. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts. Net assets available for plan benefits would be distributed to the participants based on each participant's interest in the plan.

NOTE 12. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 13. SUBSEQUENT EVENT

On January 1, 2026, the Company adopted a Safe Harbor Matching Contribution to the Plan that is equal to the sum of (a) 100% of an eligible participant's effective deferrals that do not exceed 3% of his or her compensation to the allocation period, plus (b) 50% of the participant's elective deferrals that exceed 3% of his or her compensation for the allocation period but do not exceed 5% of the participant's compensation for the allocation period.
