INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
PolyPeptide Laboratories, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Plan is a defined contribution plan covering substantially all employees of the Company and PolyPeptide Laboratories San Diego, LLC who have completed three months of service and have attained age twenty-one. Participation commences on the first day of the month following completion of the eligibility requirements. Effective May 2019, eligible participants who have no deferral election or a 0% deferral election are automatically enrolled in an initial pre-tax deferral contribution of 3% unless they opt-out of participation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Trustee, recordkeeper, and custodian of assets:

Fidelity Management Trust Company ("Fidelity") is the Plan's Trustee, recordkeeper and custodian of assets.

[3] Participant contributions:

Each year, participants may contribute up to 100% of their eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

[4] Employer contributions:

The Company may make a discretionary matching contribution that equals a percentage of the participant's elective pre-tax and after-tax contributions. The Company's matching contribution was 100% of a participant's contribution, up to a maximum of 6% of the participant's eligible compensation for the years ended December 31, 2025 and 2024. The Company's matching contribution totaled $1,140,874 and $1,039,283 for the years ended December 31, 2025 and 2024, respectively.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least three months of service and be employed on the last day of the Plan year in order to receive the profit sharing contribution. There were no profit sharing contributions made by the Company for the years ended December 31, 2025 or 2024.

[5] Participant accounts:

Each participant's account is credited with the participant's elective deferral, the employer's matching contribution, an allocation of the Company's profit sharing contribution, if applicable, Plan earnings (losses), and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[6] Vesting:

Participants are fully vested immediately in their elective contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. During the year ended December 31, 2024, the following three-year graded vesting schedule applied to any contribution to the Plan made by the Company: one year – 33%, two years – 66%, and three years – 100%. Effective July 1, 2025, the Plan was amended to modify the vesting provisions applicable to matching and profit-sharing contributions. Eligible employees hired before July 1, 2025 continue to vest under the three-year graded vesting schedule. Employees hired on or after July 1, 2025 are subject to a six-year graded vesting schedule of: one year- 0%, two years - 20%, three years - 40%, four years - 60%, five years - 80%, and six years - 100%.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined by the Plan Trustee. Interest rates on outstanding loan balances range from 4.25% to 9.50% at both December 31, 2025 and 2024. Principal and interest are paid ratably through monthly payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[8] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of not more than the participant's assumed life expectancy or the assumed life expectancy of the participant and their beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[9] Hardship provisions:

Upon approval of the Plan Sponsor, participants may take taxable withdrawals for reasons of immediate and heavy financial need as defined by the Tax Code.

[10] Forfeitures:

Participants are always fully vested in their deferral and rollover contributions to the Plan and the earnings thereon. If a participant terminates service prior to becoming fully vested in employer matching or profit sharing contributions, any account balance that is not vested is subject to forfeiture. Forfeitures can be used either to pay administrative expenses or to reduce employer contributions. As of December 31, 2025 and 2024, the forfeitures account balance was $32,176 and $17,590, respectively. Forfeitures of $38,002 and $143,865 were used to reduce employer contributions during the years ended December 31, 2025 and 2024, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

[2] Investment valuation:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

[3] Income recognition:

Realized gains and losses from the sale of investments and the difference in the value of assets held from one period to the next are recognized and included in net appreciation or depreciation in value of investments in the accompanying statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

[4] Benefit payments:

Benefits are recorded when paid.

[5] Administrative expenses:

Plan administration fees are either paid by the forfeiture account or passed through to the participants of the Plan. Expenses incurred by the Company in administering the Plan are not passed on as expenses of the Plan and are excluded from the financial statements. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the Trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024 and the accompanying supplemental schedule of assets (held at end of the year) as of December 31, 2025.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their employer contributions.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds – Valued at one dollar per share by the Plan at year-end. Money market funds held by the Plan are mutual funds invested in highly liquid, near-term instruments and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investment assets carried at fair value within the FASB ASC 820 fair value hierarchy levels as of:

Investment Assets at Fair Value as of December 31, 2025

	Unadjusted Quoted Prices (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Balance as of December 31, 2025
Investments:

Total	**$ 45,005,208**	**$ -**	**$ -**	**$ 45,005,208**

Investment Assets at Fair Value as of December 31, 2024

	Unadjusted Quoted Prices (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Balance as of December 31, 2024
Investments:				
Mutual funds	$ 36,659,084	$ -	$ -	$ 36,659,084
Money market fund	1,518,957	-	-	1,518,957
Total	$ 38,178,041	$ -	$ -	$ 38,178,041

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE F - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by Fidelity. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Tax Code and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Tax Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

NOTE F - TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments, which include mutual funds and a money market fund, are managed by Fidelity. Fidelity is the Plan Trustee, recordkeeper, and custodian. Therefore, transactions related to these investments qualify as exempt party-in-interest transactions as defined by ERISA. Fees paid by the Plan to Fidelity were $47,678 and $45,265 for the years ended December 31, 2025 and 2024, respectively. The Plan also pays accounting and investment advisory fees. As service providers to the Plan, these transactions qualify as exempt party-in-interest transactions as defined by ERISA. Fees paid by the Plan to these service providers were $10,268 and $7,915 for the years ended December 31, 2025 and 2024, respectively.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 and 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan’s investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 12, 2026, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.

NOTE K - NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2025, it was discovered that certain amounts withheld from participants' compensation were not timely remitted to the Plan. The Plan administrator is in the process of calculating and depositing interest on contributions of $1,996 in order to make affected participants whole.

During the year ended December 31, 2024, it was discovered that certain amounts withheld from participants' compensation in the amount of $170,000 were not timely remitted to the Plan. Corrective action as determined by the Plan administrator and Trustee was satisfied during the 2025 Plan year.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants and Beneficiaries of the
PolyPeptide Laboratories, Inc. 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

"EisnerAmper" is the brand name under which EisnerAmper LLP and Eisner Advisory Group LLC and its subsidiary entities provide professional services. EisnerAmper LLP and Eisner Advisory Group LLC are independently owned firms that practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations and professional standards. EisnerAmper LLP is a licensed CPA firm that provides attest services, and Eisner Advisory Group LLC and its subsidiary entities provide tax and business consulting services. Eisner Advisory Group LLC and its subsidiary entities are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and schedule of delinquent participant contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the PolyPeptide Laboratories, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is PolyPeptide Laboratories, Inc. (the "Company" or "Plan Sponsor").

[1] General:

The Plan is a qualified retirement plan which permits contributions by participants as defined under Section 401(k) of the Internal Revenue Code ("Tax Code"). The Plan is a defined contribution plan covering substantially all employees of the Company and PolyPeptide Laboratories San Diego, LLC who have completed three months of service and have attained age twenty-one. Participation commences on the first day of the month following completion of the eligibility requirements. Effective May 2019, eligible participants who have no deferral election or a 0% deferral election are automatically enrolled in an initial pre-tax deferral contribution of 3% unless they opt-out of participation of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

[2] Trustee, recordkeeper, and custodian of assets:

Fidelity Management Trust Company ("Fidelity") is the Plan's Trustee, recordkeeper and custodian of assets.

[3] Participant contributions:

Each year, participants may contribute up to 100% of their eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

[4] Employer contributions:

The Company may make a discretionary matching contribution that equals a percentage of the participant's elective pre-tax and after-tax contributions. The Company's matching contribution was 100% of a participant's contribution, up to a maximum of 6% of the participant's eligible compensation for the years ended December 31, 2025 and 2024. The Company's matching contribution totaled $1,140,874 and $1,039,283 for the years ended December 31, 2025 and 2024, respectively.

The Company may also elect to make a discretionary profit sharing contribution. Participants must complete at least three months of service and be employed on the last day of the Plan year in order to receive the profit sharing contribution. There were no profit sharing contributions made by the Company for the years ended December 31, 2025 or 2024.

[5] Participant accounts:

Each participant's account is credited with the participant's elective deferral, the employer's matching contribution, an allocation of the Company's profit sharing contribution, if applicable, Plan earnings (losses), and an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

[6] Vesting:

Participants are fully vested immediately in their elective contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching contribution and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. During the year ended December 31, 2024, the following three-year graded vesting schedule applied to any contribution to the Plan made by the Company: one year – 33%, two years – 66%, and three years – 100%. Effective July 1, 2025, the Plan was amended to modify the vesting provisions applicable to matching and profit-sharing contributions. Eligible employees hired before July 1, 2025 continue to vest under the three-year graded vesting schedule. Employees hired on or after July 1, 2025 are subject to a six-year graded vesting schedule of: one year- 0%, two years - 20%, three years - 40%, four years - 60%, five years - 80%, and six years - 100%.

[7] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at various rates, which are commensurate with local prevailing rates as determined by the Plan Trustee. Interest rates on outstanding loan balances range from 4.25% to 9.50% at both December 31, 2025 and 2024. Principal and interest are paid ratably through monthly payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when they are incurred.

[8] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments over a period of not more than the participant's assumed life expectancy or the assumed life expectancy of the participant and their beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[9] Hardship provisions:

Upon approval of the Plan Sponsor, participants may take taxable withdrawals for reasons of immediate and heavy financial need as defined by the Tax Code.

[10] Forfeitures:

Participants are always fully vested in their deferral and rollover contributions to the Plan and the earnings thereon. If a participant terminates service prior to becoming fully vested in employer matching or profit sharing contributions, any account balance that is not vested is subject to forfeiture. Forfeitures can be used either to pay administrative expenses or to reduce employer contributions. As of December 31, 2025 and 2024, the forfeitures account balance was $32,176 and $17,590, respectively. Forfeitures of $38,002 and $143,865 were used to reduce employer contributions during the years ended December 31, 2025 and 2024, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

[2] Investment valuation:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

[3] Income recognition:

Realized gains and losses from the sale of investments and the difference in the value of assets held from one period to the next are recognized and included in net appreciation or depreciation in value of investments in the accompanying statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

[4] Benefit payments:

Benefits are recorded when paid.

[5] Administrative expenses:

Plan administration fees are either paid by the forfeiture account or passed through to the participants of the Plan. Expenses incurred by the Company in administering the Plan are not passed on as expenses of the Plan and are excluded from the financial statements. Transaction based fees associated with optional services, including withdrawal fees, are charged directly to the respective Plan participant's account.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the Trustee and custodian of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and notes receivable from participants and related activity in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024 and the accompanying supplemental schedule of assets (held at end of the year) as of December 31, 2025.

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their employer contributions.

NOTE E - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds – Valued at one dollar per share by the Plan at year-end. Money market funds held by the Plan are mutual funds invested in highly liquid, near-term instruments and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables summarize the Plan's investment assets carried at fair value within the FASB ASC 820 fair value hierarchy levels as of:

Investment Assets at Fair Value as of December 31, 2025

	Unadjusted Quoted Prices (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Balance as of December 31, 2025

Total	**$ 45,005,208**	**$ -**	**$ -**	**$ 45,005,208**

Investment Assets at Fair Value as of December 31, 2024

	Unadjusted Quoted Prices (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Balance as of December 31, 2024
Investments:				
Mutual funds	$ 36,659,084	$ -	$ -	$ 36,659,084
Money market fund	1,518,957	-	-	1,518,957
Total	$ 38,178,041	$ -	$ -	$ 38,178,041

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE F - TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by Fidelity. On June 30, 2020, the Internal Revenue Service ("IRS") stated in an opinion letter that the Volume Submitter adopted by the Plan, as then designed, was in compliance with applicable requirements of the Tax Code and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Tax Code. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

NOTE F - TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE G - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain investments, which include mutual funds and a money market fund, are managed by Fidelity. Fidelity is the Plan Trustee, recordkeeper, and custodian. Therefore, transactions related to these investments qualify as exempt party-in-interest transactions as defined by ERISA. Fees paid by the Plan to Fidelity were $47,678 and $45,265 for the years ended December 31, 2025 and 2024, respectively. The Plan also pays accounting and investment advisory fees. As service providers to the Plan, these transactions qualify as exempt party-in-interest transactions as defined by ERISA. Fees paid by the Plan to these service providers were $10,268 and $7,915 for the years ended December 31, 2025 and 2024, respectively.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025 and 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE I - MUTUAL FUND FEES

Certain investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan’s investment earnings activity, and thus not separately identifiable as an expense.

NOTE J - SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 12, 2026, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or disclosure in the financial statements.

NOTE K - NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2025, it was discovered that certain amounts withheld from participants' compensation were not timely remitted to the Plan. The Plan administrator is in the process of calculating and depositing interest on contributions of $1,996 in order to make affected participants whole.

During the year ended December 31, 2024, it was discovered that certain amounts withheld from participants' compensation in the amount of $170,000 were not timely remitted to the Plan. Corrective action as determined by the Plan administrator and Trustee was satisfied during the 2025 Plan year.
