INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
J.H. Walker, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of J.H. Walker, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements (the 2025 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, Voya Retirement Insurance and Annuity Company, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

J.H. Walker, Inc. 401(k) Plan
Notes to the Financial Statements
December 31, 2025

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the J.H. Walker, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 1993 for the benefit of eligible employees of J.H. Walker, Inc.(the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended and restated effective January 1, 2024 to be in compliance with current legislative and regulatory changes. The Plan was amended (Secure, Cares and Secure 2.0 Amendment) on November 9, 2025 to implement SECURE 2.0. Some of the changes include allowing an increased specified distribution threshold to $7,000 for certain terminated participants and changes to the determination of required minimum distributions to agree with legislative and regulatory changes.

Loren D. Stark Company, Inc. is the Plan's prototype sponsor.

Administration

The Plan is administered by the Company. The Company has the power to carry out the provisions of the Plan including the power to interpret Plan provisions, decide on questions of eligibility and direct the disbursements of funds in accordance with the provisions of the Plan. The Company may appoint any person to perform the duties of the Administrator. The primary responsibility of the Administrator is to administer the Plan for the exclusive benefit of the participants, subject to the specific terms of the Plan. The administrative expenses may be paid out of the Plan unless paid by the Company. The Company appoints the Custodian of the Plan.

Eligibility

Employees of the Company must have attained the age of 21, have performed one year of service for the Company and work a minimum of 1,000 hours to be eligible to participate.

Contributions

Participants may elect to contribute an amount up to 100% of eligible pre-tax compensation, not to exceed the limits of the Internal Revenue Code (IRC). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make profit sharing contributions at its discretion which will be allocated among all eligible employees based upon compensation. Federal law limits the total annual amount that may be contributed to a participant's account.

Notes Receivable from Participants

Participants who transfer loan balances from the merged plan will be permitted to continue loan repayments under the previous loan terms. No new loans will be permitted.

NOTE 1 – DESCRIPTION OF THE PLAN – continued

Vesting

Participants are immediately vested 100% in their voluntary contributions and actual earnings thereon. Vesting in Company contributions and earnings are as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Years of service before age 18 and below 1,000 hours are not counted towards vesting.

Payment of Benefits

Benefits are payable to participants or their beneficiaries in the event of retirement, disability, death, or termination of service and are valued in accordance with the terms of the Plan. Financial hardship withdrawals are available to participants. The participant must certify in writing or in such other form as authorized in IRS guidance, that he or she has insufficient cash or other liquid assets reasonably available to satisfy the need.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contributions and the participant account earnings. The Company profit sharing contributions are allocated based on participant compensation. Participant earnings and expenses are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures with respect to terminated participants may be used to pay plan expenses, with remaining forfeitures being allocated to remaining participants based upon compensation. Forfeitures of $3,680 and $14,097 were allocated to participants for the years ended December 31, 2025 and 2024, respectively.

Investment Options

Investment decisions for the Plan are made by the Plan Administrator and its investment advisors. Participant direct investments are permitted for all accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their respective account balances, net of any termination fees, if any.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reflected in the accompanying financial statements at fair value based on quoted market prices at year-end. The Plan has not invested in any fully benefit-responsive investments which would be required to be valued at contract value. Net investment income reflects the impact of changes in fair value as well as purchases and sales of investments during the year. Purchases and sales of securities are recorded on a trade-date basis.

Benefit Payments

Deductions related to benefits paid to participants are expensed when paid; accrual of benefits payable liabilities result when participants fail to deposit the respective payments in a timely manner.

Federal Income Taxes

The Trust established under this Plan is qualified under the Internal Revenue Code ("Code") as exempt from federal income taxes; the prototype plan adopted by the Company has received a favorable determination letter from the Internal Revenue Service dated November 30, 2020. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator and Management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and are not aware of any tax positions that would have a significant impact on the Plan's financial position. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2022.

As permitted by the Code, a participant is not subject to federal income tax on contributions made by the Company or on any income of the Plan until a distribution is made to the participant.

New Accounting Pronouncements

The Company considers the applicability and impact of all accounting standards updates (ASU's) issued by the Financial Accounting Standards Board (FASB). Most ASU's were assessed and determined to be either not applicable or are expected to have minimal impact on the financial position and results of operations of the Company.

NOTE 3 – FAIR VALUE MEASUREMENTS

As described in the Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 820 (ASC 820), *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quotes prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. In determining fair value, the Plan uses two different approaches, (the market approach and the cost approach), depending on the nature of the asset or liability. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets or liabilities. The cost approach is the amount that would be currently required to replace an asset or liability and indicates the cost to the Plan to acquire a substitute asset. The following is a description of the valuation methodologies used for assets or liabilities measured at fair value. There have been no changes in the methodologies used at December 31, 2025 or 2024.

Mutual Funds:
Valued at the net asset value (NAV) of shares held by the Plan at the end of the reporting period. These values are reported by each respective fund daily and are deemed to be actively traded, (Market Approach).

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

Investments in money market funds are valued at amortized cost which approximates fair value, (Cost Approach).

All investments are participant-directed.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Cash Account	$ 15,037	$ -	$ -	$ 15,037
Mutual Funds	6,790,572	-	-	6,790,572
Total Investments, at fair value	$ 6,805,609	$ -	$ -	$ 6,805,609

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Cash Account	$ 5,009	$ -	$ -	$ 5,009
Mutual Funds	5,814,150	-	-	5,814,150
Total Investments, at fair value	$ 5,819,159	$ -	$ -	$ 5,819,159

NOTE 4 – CONCENTRATION OF CREDIT RISK

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The Plan trustees have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA of 1974. Accordingly, Voya Retirement Insurance and Annuity Company, the "Custodian" of the Plan, has certified to the completeness and accuracy of the following information included in the financial statements and supplemental schedule of assets (held at end of year) as of December 31, 2025 and 2024, and for the year ended December 31, 2025 are complete and accurate:

	2025	2024

NOTE 6 – TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by the Custodian, and as such, these transactions qualify as party-in-interest transactions as defined by ERISA.

As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

All these transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest.

Fees paid during the years for investment, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.
