Independence Auditor's Report

To the Participants and Administrator
Deferred Salary Plan for Employees of Topsoe, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of Deferred Salary Plan for Employees of Topsoe, Inc. (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2025 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 Deferred Salary Plan for Employees of Topsoe, Inc.'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- The amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Deferred Salary Plan for Employees of Topsoe, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the Deferred Salary Plan for Employees of Topsoe, Inc. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated September 26, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Deferred Salary Plan for Employees of Topsoe, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was established on January 1, 1985 to cover all eligible employees of Topsoe, Inc. (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is administered by the Company.

The Plan has been amended from time to time, most recently effective January 1, 2025, to incorporate certain provisions of the SECURE 2.0 Act.

Administration

The Plan is administered by the Company. The trustee for the Plan's assets is Charles Schwab Bank (the "Trustee"). The recordkeeper for the Plan is Milliman, Inc.

Eligibility

An employee is eligible to participate immediately upon completion of one hour of service, except for (i) foreign nationals whose services are performed primarily outside the continental United States (unless approved by the Plan Administrator) and (ii) leased employees.

Automatic Enrollment

Prior to April 1, 2025, effective with the first payroll period ending on or after April 1 of each Plan year, employees who are eligible to participate in the Plan are automatically enrolled in the Plan and deemed to have elected a deferral rate of 5% of their pre-tax annual compensation, increased by 1% on or after April 1 of each subsequent Plan year until a deferral rate of 10% is reached, unless the employee affirmatively elects not to participate or elects a different deferral rate. Starting April 1, 2025, the deferral rates increased to 5% and 15%, respectively.

Contributions

Participants may contribute up to 60% of their total annual compensation as pre-tax deferral contributions, Roth contributions, or a combination thereof, not to exceed the limitation set forth in Section 402(g) ($23,500 and $23,000 for the years ended December 31, 2025 and 2024) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions during both of the years ending December 31, 2025 and 2024 cannot exceed $7,500. Participants may also rollover amounts from other qualified plans. Starting January 1, 2025, a higher catch-up contribution limit (i.e., $11,250) applies for employees who turn 60, 61, 62, and 63. Participants direct the investment allocation of all contributions.

The Company, at their discretion, may make matching or discretionary contributions. Matching contributions are based on a percentage of the participant's salary deferral contribution, as designated by the Company's board of directors. Discretionary contributions, if any, are to be allocated to each eligible employee's participant account in the same ratio each employee's earnings bear to the total earnings of all such employees.

Participants hired after February 1, 2008, and participants hired before February 1, 2008 who elected not to participate in the Retirement Plan for Employees of Haldor Topsoe, Inc. (the "Retirement Plan"), a defined benefit plan sponsored by the Company, are eligible to receive Employer non-discretionary contributions. The Company will contribute an amount equal to a percentage of each eligible participant's considered compensation as follows:

Percentage of Participant's Considered Compensation for Plan Year	Age at Any Time During Plan Year		Years of Active Service
9%	52 or less	or	Less than 10
12%	53 or more	and	10 or more

The first 3% of a participant's considered compensation that is contributed on behalf of a participant as an Employer non-discretionary contribution is considered an Employer non-discretionary base contribution.

Highly-compensated participants transferred into the Plan from the Retirement Plan on January 1, 2018 are eligible to receive a discretionary employer supplemental contribution equal to the percentage of such participant's considered compensation for the plan year, as determined by the Sponsor. Eligible participants will cease to become eligible for the Employer supplemental contribution for any period following the participant's attainment of retirement age, as defined by the Plan document.

Employer non-discretionary contributions to the Plan totaled $3,175,971 and $2,796,464 in 2025 and 2024, respectively. No discretionary contributions were made by the Employer in 2025 and 2024.

Participant Accounts
Each participant's account is credited with the participant's contributions, the Employer's non-discretionary and discretionary matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Earnings are allocated to the participants' accounts based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund. Upon the occurrence of a distributable event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account.

Vesting
Participants are vested immediately in their contributions, Employer non-discretionary base contributions and actual earnings thereon.

A participant's vested interest in the Employer's matching contributions, discretionary contributions, supplemental contributions and non-discretionary contributions that are not in the form of Employer non-discretionary base contributions vest at a rate of 20% per year and are fully vested upon completion of five years of active service. A participant will receive one year of active service for each Plan year in which the participant is credited with at least 1,000 hours of employment. A participant becomes 100% vested upon retirement, death or disability.

Forfeited Accounts
The Plan contains special rules relating to the consequences of a break in service by a participant. In the event that a participant is not fully vested in the Employer matching,

discretionary and non-discretionary contribution portion of the participant's account at the time employment is terminated, the non-vested portion of such account will be forfeited, subject to the break-in-service provisions of the Plan. The amounts forfeited shall be allocated as follows: 1) to restore previously forfeited accounts; 2) to reduce Employer matching contributions in the Plan year of the forfeiture; 3) to pay Plan expenses; and 4) allocated to participants' accounts in the same manner that Employer discretionary contributions are allocated. Forfeitures of $78,000 and $212,120 were used to pay Employer contributions for the years ended December 31, 2025 and 2024, respectively. The unallocated forfeiture balances at December 31, 2025 and 2024 were $12,440 and $22,046, respectively.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding note balance within the preceding twelve months or 50% of their vested account balance. Repayments on notes receivable are calculated on a fully amortized basis.

Loan terms are not to exceed five years, except for the purchase of a principal residence, which is subject to approval and is to be repaid within a reasonable time. Loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50% per year as of December 31, 2025 and 2024.

Payment of Benefits
Upon retirement, termination of employment, death or disability, a participant, or the participant's beneficiary may elect to withdraw any part of their vested account. Benefits may be paid by a lump-sum amount equal to the value of their account or by various annuity options. Withdrawals of employee contributions for financial hardship are also permitted. In-service withdrawals are allowed upon reaching age 59½.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Because of inherent uncertainties in this process, actual results could differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator considers the loan to be in default, the loan balance is reduced, and a benefit payment is recorded.

Benefit Payments
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement and reflect the reporting entity's estimates of the assumptions that market participants would use in pricing the asset or liability, including risk assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for investments measured at fair value. There has been no change in the methodologies used at December 31, 2025 and 2024.

Registered investment companies ("mutual funds"): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment adviser reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 94,273,398	$ -	$ -	$ 94,273,398
Total assets in the fair value hierarchy	$ 94,273,398	$ -	$ -	94,273,398
Investments measured at NAV (a)				8,501,194
Total assets, at fair value				$ 102,774,592

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 79,370,704	$ -	$ -	$ 79,370,704
Total assets in the fair value hierarchy	$ 79,370,704	$ -	$ -	79,370,704
Investments measured at NAV (a)				7,195,795
Total investments, at fair value				$ 86,566,499

(a) In accordance with ASC 820, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2025 and 2024:

	Fair value December 31, 2025	Unfunded Commitments	Redemption Frequency (if) Currently Eligible	Redemption Notice Period
Common collective trust - Morley Stable Value Fund	$ 8,501,194	N/A	Daily	30 days

	Fair value December 31, 2024	Unfunded Commitments	Redemption Frequency (if) Currently Eligible	Redemption Notice Period
Common collective trust - Morley Stable Value Fund	$ 7,195,795	N/A	Daily	30 days

4. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan received a determination letter from the Internal Revenue Service ("IRS") dated June 11, 2015, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. The Plan has been amended since receipt of the determination letter, however, the Plan administrator believes the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL and IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their total account balance.

7. Party-in-Interest Transactions

The Plan issues notes receivable from participants and pays certain fees to the Trustee for the daily operational services of the Plan. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Subsequent Events

The Plan Sponsor initiated the process to formally terminate the Retirement Plan for Employees of Haldor Topsoe, Inc. in May 2025, which was subsequently completed during 2025. After payment of all final administrative expenses and satisfaction of all benefit liabilities of the Retirement Plan, the remaining surplus assets of approximately $13,742,000 were transferred in May and June 2026 to the Deferred Salary Plan for Employees of Topsoe, Inc., to be used for future employer contributions.

Plan management has evaluated subsequent events through October 7, 2026, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
