REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees and Plan Participants
CHS Inc. 401(k) Plan for Union Production Employees

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of CHS Inc. 401(k) Plan for Union Production Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is a U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedule required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CHS Inc. 401(k) Plan for Union Production Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information regarding the Plan's definitions, benefits, eligibility and other matters.

General and Eligibility

The Plan is a contributory defined contribution plan covering certain production employees of CHS Inc. (the "Company") covered by a collective bargaining agreement specifically providing for participation in the Plan. Effective January 1, 2023, full-time employee's eligibility date is the first of the month following the participant's hire date. Part-time employees are eligible to participate in the Plan on the first day of the month following the completion of one year of service and 1,000 hours as defined in the Plan. Employee participation is voluntary. Effective January 1, 2025, all Part-time and Long-Term Part-Time employees who meet all other eligibility requirements will be eligible to make employee contributions and eligible for the match, if the union allows for match, on the first of the month following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Vanguard Fiduciary Trust Company ("Vanguard" or the "Trustee") is the Trustee. The CHS Retirement Plans Committee has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings and charged with plan expenses related to notes receivable from participant fees, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Contributions

Participants may voluntarily elect to contribute up to a maximum of 50% of their eligible compensation on a pre-tax and/or Roth basis subject to statutory limitations ($23,500 for 2025 and $23,000 for 2024). Effective January 1, 2024, the Plan was amended to make Roth 401(k) allowable contributions with the applicable limit specified in the Internal Revenue Code ("IRC") and applicable regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($7,500 for 2025 and 2024). Participants may also contribute amounts representing rollover distributions from other qualified plans. Effective January 1, 2025, catch-up contributions amount increased for active participants turning ages 60-63 in the calendar year to either $11,250 or 150% of the applicable limit specified in the IRC and applicable regulations, whichever is greater.

Matching contributions by the Company are determined based on the terms of the respective Collective Bargaining Agreement between the Company and the unions. Only the union contract for Myrtle Grove employees provides for a 1.5% employer matching contribution for the years ended December 31, 2025 and 2024. The Plan also permits other discretionary employer contributions; however, no discretionary contributions were made for the years ended December 31, 2025 and 2024.

Vesting and Forfeitures

Participants are immediately fully vested in their voluntary contributions plus actual earning thereon. Participants are subject to a three-year cliff vesting schedule for Company contributions. A participant can also be fully vested if the participant (as defined in the Plan), dies while in service or attains normal retirement age. Forfeitures of non-vested employer matching contributions are used to reduce future

Company matching contributions or pay Plan expenses. At December 31, 2025 and 2024, unallocated forfeited non-vested accounts totaled $1,988 and $16,102, respectively. During the years ended December 31, 2025 and 2024, forfeitures used to reduce Company matching contributions were $15,562 and $0, respectively.

Benefits

Benefits may be withdrawn from the Plan upon termination of employment, retirement, death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the vested balance in their account or annual or more frequent installments over a period not to exceed the participant's life expectancy or the joint and last survivor life expectancy of the participant and their designated beneficiary. Benefits may also be withdrawn upon attaining the age of 59½ or incurring a qualified financial hardship. In addition, a participant may withdraw any contributions that were rolled or transferred into the Plan at any time.

All terminated employees with vested balances less than $1,000 are distributed as a lump sum payment as soon as practicable. If the value of a separated participants' vested balance exceeds $1,000, and the Participant has not reached the latest date that distribution must commence to the participant of the Plan, then the Participant must consent to any distribution of such vested balance.

Notes Receivable From Participants

Participants are allowed to borrow against their Plan account. The maximum allowable borrowing for each participant is 50% of the vested portion of the participant's account up to a maximum of $50,000. Repayment terms may not exceed five years for a general purpose note or 15 years for a principal residence note. Principal and interest is paid ratably through periodic payroll deductions. A participant can have no more than one loan outstanding at a time. The interest rates on the notes were fixed equal to the prime rate, published by Reuters, plus 1% at the date of note origination.

Administrative Fees

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Investment of Participant Funds

Participants in the Plan are offered various mutual fund investment options and common collective trusts. Participants may direct their contributions and existing account balances to one or any combination of the options available. Investment option changes may be made daily in 1% increments.

Plan Termination

While the Company has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and the provisions of the collective bargaining agreement. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Transfers

From time to time Plan participants will change designations from union to non-union and vice versa. Once this event has occurred, balances will transfer to the respective CHS 401(k) plan in which they are eligible to participate.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared on the accrual basis. The following significant accounting policies were used to prepare the financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options of the Plan, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the Plan's financial statements.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes are reclassified as benefits paid to participants based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2025.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability, including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable and reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability based on the best information available in the circumstances (e.g., internally derived assumptions surrounding the timing and amount of expected cash flows).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at quoted market prices, which are based on the net asset value ("NAV") of shares held by the Plan at year end.

Collective Trusts: Valued at NAV per unit as determined by the common collective trusts as of the valuation date. The unit values are determined based upon the fair value of the underlying assets. The NAV, as provided by the Trustee, is used as practical expedient to estimate fair value. The redemption notice period is 12 months for the Vanguard Retirement Savings Trust III investment, five days for the

American Century Small Cap Value Fund II investment if the redemption is more than $1,000,000, and for all other collective trusts is 30-90 days. The collective trusts have a daily redemption frequency for participant directed transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,941,944	$ -	$ -	$ 5,941,944
Total assets in the fair value hierarchy	$ 5,941,944	$ -	$ -	5,941,944
Common collective trusts measured at NAV as a practical expedient				10,076,607
Investments, at fair value				$ 16,018,551

	2024			
Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,558,780	$ -	$ -	$ 5,558,780
Total assets in the fair value hierarchy	$ 5,558,780	$ -	$ -	5,558,780
Common collective trusts measured at NAV as a practical expedient				9,977,803
Investments, at fair value				$ 15,536,583

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 29, 2017 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been restated since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the current design and operation of the Plan are consistent with

preservation of the qualification of the Plan and exemption of the Trust and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan follows the provisions of uncertain tax positions that provide criteria for the recognition, measurement, presentations and disclosure of uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and collective trusts managed by Vanguard Fiduciary Trust Company. Vanguard is the Trustee as defined by the Plan and is allowed under contract provisions and by ERISA to invest in securities under its control. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

NOTE 7 - SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2025 financial statements for subsequent events through October 5, 2026, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements, except as follows:

- Effective January 1, 2026, update to specify the methodology for use of forfeitures.
- Effective January 1, 2026, in accordance with Setting Every Community Up for Retirement Enhancement Act (“Secure Act 2.0”), whereas employees with earnings in excess of $150,000 Federal Insurance Contributions Act wages (indexed for inflation), all age 50 catch-up contributions must be made as Roth catch-up contributions.
- Effective January 1, 2026, adopt the optional Secure Act 2.0 Qualified Disaster Recovery distribution provision.
- Effective January 1, 2026, to update 401(k) and match eligibility in the Plan to be the date of hire.
- Effective January 1, 2026, change the administrative practice of limiting deferrals based on the annual compensation limit to the 402(g) limit (in lieu of the annual compensation limit).
- Effective January 1, 2026, certain language clarification in Plan documents regarding eligible compensation.
