Independent Auditor's Report

Retirement Plan Committee, Plan Administrator, and Plan Participants
The First National Bank in Sioux Falls Employees Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The First National Bank in Sioux Falls Employees Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.
Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following is not a complete description of The First National Bank in Sioux Falls Employees Profit Sharing Plan (the Plan) and provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering qualified employees of The First National Bank in Sioux Falls (the Company) and Minnehaha Banshare Inc. (MBI). MBI owns 100% of The First National Bank in Sioux Falls. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established effective December 31, 1950. The Plan Administrator is the Retirement Plan Committee appointed by the Company. The Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Change in third-party administrators: During 2025, the Plan changed its custodian and record keeper of the Plan from Matrix Trust Company and OneAmerica Financial Partners Inc. to Alerus Financial, N.A. and Alerus Retirement and Benefits. The Plan was amended and restated effective January 1, 2025 to transition to a nonstandard pre-approved plan adoption agreement sponsored by Alerus Financial, N.A.

Eligibility: Employees are eligible to participate in the deferral portion of the Plan if they have attained the age of 18. Employees are eligible to receive a profit sharing contribution after completing one year of service, attainment of age 18, and are employed on the last day of the plan year. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has completed 1,000 or more hours of service. Employees are eligible to receive the profit sharing contribution if employment is terminated during the plan year due to being deceased or disabled, or reaching normal retirement age.

Entry date: Employees may enter the deferral portion of the Plan immediately when they satisfy the Plan's eligibility requirements. Employees begin to participate in Company profit sharing contributions starting on the first day of the calendar month after meeting eligibility requirements.

Contributions: Participants may elect to contribute up to 100% of eligible compensation, subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan also allows participants to designate contributions as Roth 401(k) contributions. New participants are automatically enrolled in the Plan to contribute an automatic 3% of their compensation, unless they elect a different deferral percentage or elect to opt out. The Company contributes a profit sharing contribution equal to a fixed contribution of 10% of participants' eligible compensation. Additional amounts may be contributed at the discretion of the Company's Board of Directors. The Company contributed a total of 15% of participants' eligible compensation for the year ended December 31, 2025, which consisted of the fixed contribution of 10% as well as a 5% discretionary contribution. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant accounts: Participant accounts are credited with the participant's contributions and allocations of the Company's contributions and Plan investment earnings. Participant accounts are charged for any administrative expenses related to the specific participant. Allocations are based on participant's compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Participants may direct employee and Company contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Note 1. Description of Plan (Continued)

Vesting: Participants are vested immediately in their contributions, plus earnings thereon. Vesting in the Company's contributions and related earnings is based on years of credited service. A participant is 30% vested after one year, 40% after two years, 50% after three years, 60% after four years, 80% after five years and 100% after six years of credited service. Participants also become 100% vested upon death, disability or attainment of normal retirement age (65).

Forfeitures: As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $93,868 and $12,433, respectively. These accounts will be allocated to participants or used to fund future Company contributions. During the year ended December 31, 2025, $30,592 from forfeited nonvested accounts were used to fund Company contributions.

Payment of benefits: Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or installments, as defined in the Plan document, if their account exceeds $7,000, upon retirement, termination, death or disability. A terminated employee with a balance of less than $7,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $0.01 and $7,000 may be automatically paid out, with the balance rolled into a qualified individual retirement account. Distributions may be made at the participant's election prior to termination upon attainment of age 59½ or upon hardship as further described in the Plan document.

Death benefits: The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2025 statement of net assets available for benefits.

Note 2. Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on fair value measurements. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian.

Note 2. Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Profit sharing contributions from the employer are recorded in the year in which the eligible compensation is earned.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Administrative fees: Administrative expenses of the Plan are generally paid by the Company and are excluded from these financial statements. In the event Plan expenses are not paid by the Company, such expenses become the responsibility of the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 13, 2026, the date that the financial statements were available to be issued.

Note 3. Information Certified by the Plan Custodians

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Matrix Trust Company (Former Custodian) or Alerus Financial, N.A. (Current Custodian) of the Plan, qualified institutions:

	December 31	
	2025	2024
Cash, noninterest-bearing	$ 7,506	$ 4,595
Investments at fair value:		
Cash surrender value of life insurance contracts	114,967	243,446
Money market mutual funds	5,912,826	4,915,537
Mutual funds	114,377,351	102,286,553
	$ 120,412,650	$ 107,450,131

The custodians also certified to the completeness and accuracy of $11,738,527 of net appreciation in fair value of investments and $4,328,787 of interest and dividends related to the aforementioned investments for the year ended December 31, 2025. Investment information was certified by Matrix Trust Company for January 1, 2025 through December 31, 2025, and by Alerus Financial, N.A. for October 1, 2025 through December 31, 2025.

Note 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Money market mutual funds: Money market mutual funds are valued at the net asset value (NAV) of shares held by the Plan as of year-end, as a practical expedient.

Mutual funds: Mutual funds are valued at the NAV of identical shares as determined in active markets, held by the Plan as of year-end.

Cash surrender value of life insurance contracts: The cash surrender value of life insurance contracts are valued at the cash surrender value of the policies held as reported by the insurer, which approximates fair value.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 114,377,351	$ -	$ -	$ 114,377,351
Life insurance contracts	-	114,967	-	114,967
Total assets in the fair value hierarchy	$ 114,377,351	$ 114,967	$ -	114,492,318
Investments at net asset value (a)				5,912,826
Total assets at fair value				$ 120,405,144

	2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 102,286,553	$ -	$ -	$ 102,286,553
Life insurance contracts	-	243,446	-	243,446
Total assets in the fair value hierarchy	$ 102,286,553	$ 243,446	$ -	102,529,999
Investments at net asset value (a)				4,915,537
Total assets at fair value				$ 107,445,536

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no changes in asset classifications for the year ended December 31, 2025.

Net asset value: The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance is determined using NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable that the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient.

	Fair Value as of December 31		Redemption	Redemption	Unfunded
	2025	2024	Frequency	Notice Period	Commitments
Money market mutual funds	$ 5,912,826	$ 4,915,537	Daily	Daily	None

The objective of the money market mutual funds are to seek maximum current income, consistent with preservation of capital and maintenance of liquidity, by investing in a diversified portfolio of short-term U.S. government securities.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Income Tax Status

The Plan adopted a nonstandardized form of a preapproved plan sponsored by Alerus Financial, N.A. Alerus Financial, N.A. received an opinion letter from the IRS, dated June 30, 2020, which states the preapproved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party Transactions

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Company and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Certain administrative expenses are also paid directly by the Plan to service providers and reflect party-in-interest transactions.
