Report of Independent Auditors

The Plan Administrator and Sutter Health Audit Committee
Sutter Health 403(b) Legacy Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sutter Health 403(b) Legacy Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sutter Health 403(b) Legacy Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sutter Health 403(b) Legacy Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutter Health 403(b) Legacy Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sutter Health 403(b) Legacy Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sutter Health 403(b) Legacy Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Sutter Health 403(b) Legacy Retirement Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General – Sutter Health (the Plan Sponsor and/or Plan Administrator) established the Plan effective November 1, 2014, for the purpose of consolidating plans sponsored by certain affiliated entities. The Plan is a 403(b) tax-deferred annuity plan covering employees of certain affiliated entities of the Plan Sponsor. The Plan Sponsor is responsible for the administration and management of the Plan. The Retirement Benefits Investment Committee is responsible for (1) establishing and revising the Plan's investment policy and (2) establishing and monitoring the oversight committees that monitor the investments offered through the Plan. All investments in the Plan are participant-directed. Lincoln National Life Insurance Company (Lincoln) serves as the custodian for the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Frozen Plan and eligibility – The Plan is frozen to new participants and employer contributions as of the effective date of the Plan. All participant account balances and earnings thereon are 100% vested. Participants include employees of affiliated entities of the Plan Sponsor that have adopted the Plan and merged or transferred assets to the Plan on November 1, 2014.

Participant accounts – Individual accounts are maintained for each participant. Each participant's account is credited with earnings, and charged with losses, withdrawals, and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants' investment options – Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options at any time directly with the Plan's custodian other than as discussed in Note 5.

Notes receivable from participants – All outstanding loans as of November 1, 2014, from the prior plans were transferred and grandfathered into the Plan. The Plan does not allow participants to take new loans. Under the previous plans, participants borrowed from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms were five years or less, or up to 20 years if used to purchase the primary residence of the participant. The loans were secured by the balance in the participant's account and bore interest at prevailing market rates at the time of borrowing. Principal and interest are paid ratably through deductions from the participant's checking or savings account.

Payment of benefits – On termination of service due to death, disability, retirement, or other reasons, a participant shall receive a distribution equal to the value of the participant's vested interest in his or her account in one of the following forms: (a) an annuity option; or (b) any payout option that may be provided under the participant's annuity contract or the Plan, including a lump-sum distribution. Plan provisions do not allow the distribution of a participant's benefit without the written consent of the participant, other than minimum required distributions. Participants subject to minimum required distributions and employed with the Plan Sponsor or affiliated entities are able to defer benefit payments until they cease employment. Participants may also receive in-service distributions after attaining age 59½ or as specified in the Plan Document.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) was enacted and signed into law. The SECURE Act changed the age requirement for required minimum distributions from age 70½ to age 72 effective after December 31, 2019.

On December 29, 2022, SECURE Act 2.0 was enacted and signed into law. SECURE Act 2.0 changed the age requirement for required minimum distributions from age 72 to age 73 after December 31, 2022, and age 75 after December 31, 2024.

The Plan Sponsor intends to amend the Plan Document as legally required for SECURE Act and SECURE Act 2.0 provisions.

Transfers of Plan assets to qualified plans – Individual participants are allowed to transfer assets from the Plan to qualified plans offered by the Plan Sponsor and affiliated entities, subject to Plan provisions. These are considered transfers of assets as the participant did not have a distributable event from the Plan. There were $1,011,456 in transfers out to qualified plans during the plan year ended December 31, 2025.

Administrative expenses – Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee of the Plan Sponsor receives compensation from the Plan. The Plan's administrative expenses are paid by the participant or Plan Sponsor as specified in the Plan Document.

Plan termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participant balances will be distributed in accordance with the Plan Document and ERISA.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value, net asset value (NAV) as a practical expedient, or contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements and NAV practical expedient.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Investment contracts that are not fully benefit-responsive are reflected at fair value. See Note 5 for discussion on Investment Contracts with Insurance Company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the period.

Notes receivable from participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses as the notes are collateralized by participant account balances. Delinquent participant loans are recorded as benefits paid to participants based upon the terms of the Plan Document.

Payment of benefits – Benefit payments are recorded when paid.

Risks and uncertainties – The Plan utilizes various investment instruments, including investment contracts and pooled separate accounts. Investment instruments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment instruments, it is at least reasonably possible that changes in the values of investment instruments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 3 – INVESTMENTS AND INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian of the Plan has certified to the completeness and accuracy of:

- investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024;
- notes receivable from participants as of December 31, 2025 and 2024; and interest income from notes receivable from participants for the year ended December 31, 2025;
- net appreciation in fair value of investments and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025; and
- investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan accounts for investments at fair value. A fair value hierarchy for valuation inputs has been established to prioritize the valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels, which is determined by the lowest level of input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities as of the measurement date.

Level 2 – Pricing inputs are based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Pricing inputs are generally unobservable for the assets or liabilities and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require management's judgment or estimation of assumptions that market participants would use in pricing the assets or liabilities.

The following tables present information about the Plan's assets measured at fair value on a recurring basis.

	Fair Value Measurement at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Not fully benefit-responsive investment contracts	$ -	$ -	$ 14,202,397	$ 14,202,397
Total investments in the fair value hierarchy	$ -	$ -	$ 14,202,397	14,202,397
Investments measured at NAV practical expedient				44,364,671
Investments at fair value				$ 58,567,068

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Not fully benefit-responsive investment contracts	$ -	$ -	$ 16,241,288	$ 16,241,288
Total investments in the fair value hierarchy	$ -	$ -	$ 16,241,288	16,241,288
Investments measured at NAV practical expedient				44,635,570
Investments at fair value				$ 60,876,858

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of investments apply to investments held directly by the Plan:

Not fully benefit-responsive investment contracts – Fair value for the investment contracts approximates contract value.

Investments measured at NAV practical expedient – These investments are primarily pooled separate accounts (PSAs) that are valued using the NAV practical expedient as reported by Lincoln. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the PSAs is calculated based on compilation of primarily observable and readily available market information; however, the PSAs themselves are not actively traded in markets. Investment options within the Lincoln separate accounts include domestic or international equity securities and debt and fixed-income securities that attempt to match the returns of specific indices. Participants direct their investments to the underlying accounts that are available to them under the Plan. There are no future commitments to purchase and no redemption restrictions associated with the PSAs.

The following table provides additional information for investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2025 and 2024:

	NAV (Practical Expedient)		Redemption Frequency	Redemption Notice	Redemption Restrictions
	2025	2024			
Pooled separate accounts	$ 44,364,671	$ 44,635,570	Daily	N/A	None

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	Not fully benefit-responsive investment contracts
Balance, beginning of year	$ 16,241,288
Purchases	138,204
Sales	(2,699,005)
Interest income	521,910
Balance, end of year	$ 14,202,397

As the Plan Administrator does not have quantitative information about the significant unobservable inputs used in Level 3 investments, the Plan Administrator is unable to reasonably assess the sensitivity of the fair value measurements to changes of such inputs and other unobservable inputs used in the related fair value measurements.

The previously described methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management of the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes in the valuation techniques used at December 31, 2025 and 2024.

NOTE 5 – INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan maintains investment contracts that are not fully benefit-responsive with Lincoln, which are individual deferred annuity contracts with guaranteed fixed accounts and pooled separate account options. The guaranteed fixed accounts are supported by the general assets of Lincoln and do not have specified underlying assets assigned to them. Lincoln is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the participant as stipulated by the individual contracts. The guarantee is based upon the ability of Lincoln to meet its financial obligations from its general assets.

Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are some restrictions associated with a participant's ability to transfer amounts out of certain investments to other investments offered by the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Lincoln guarantees that it will credit interest at an effective annual rate not less than 4.50% during the first five contract years, 4.00% for the next five contract years, and 3.50% thereafter, and may credit interest at rates in excess of the guaranteed rates at any time. Interest income is credited daily and the interest crediting rate is declared on a quarterly basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (the IRS) in Revenue Procedure 2019-390. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Document is a 403(b) volume submitter plan that received a favorable opinion letter from the IRS on March 31, 2017, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in process.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as fiduciaries of the Plan, any party rendering services to the Plan, the employer, and certain others. The Plan pays expenses related to the Plan's operations and investment management to Lincoln. Certain Plan investments include pooled separate accounts and investment contracts issued by affiliates of Lincoln. Lincoln is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31, 2025	December 31, 2024
Net assets available for benefits, per the financial statements	$ 58,499,418	$ 60,940,207
Less: benefits payable	(542)	(8,000)
Net assets per the Form 5500	$ 58,498,876	$ 60,932,207

The following is a reconciliation of the change in net assets per the financial statements for the year ended December 31, 2025, to net income per the Form 5500:

Change in net assets per the financial statements	$ (1,429,333)
Add: prior year benefits payable	8,000
Less: current year benefits payable	(542)
Net income per the Form 5500	$ (1,421,875)

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the plan year-end, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at year-end. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 12, 2026, which is the date the financial statements were available to be issued.
