Schedule H, Line 4i - Schedule of Assets (Held at End of Year) 15

Independent Auditor's Report

To the Trustees and Participants of Painting Industry Profit Sharing Annuity Plan

Opinion

We have audited the financial statements of Painting Industry Profit Sharing Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Painting Industry Profit Sharing Annuity Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Painting Industry Profit Sharing Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Painting Industry Profit Sharing Annuity Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Painting Industry Profit Sharing Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Painting Industry Profit Sharing Annuity Plan's ability to continue as a going concern for a reasonable period of time.

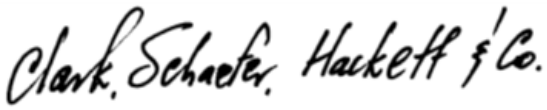

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Painting Industry Profit Sharing Annuity Plan

Notes to the Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Painting Industry Profit Sharing Annuity Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution plan that was established effective May 1, 1986 as a result of a collective bargaining agreement (CBA) between Cleveland Chapter of Painting and Decorating Contractors of America, Inc. and the International Union of Painters and Allied Trades, District Council No. 6 (the Union), the Plan was restated effective June 1, 2021. To be eligible, an employee must be working for a participating employer who is subject to the CBA or for a participating employer subject to a trustee approved participation agreement. Further, the Plan covers all employees, excluding employees who are not in covered employment, whose employers have not executed an approved collective bargaining or participation agreement, or who otherwise fall outside the Plan's definition of employee (including certain non-bargained and leased employees) are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration of the Plan is the responsibility of the Board of Trustees (the Trustees) and is governed by a joint board consisting of equal representation from the participating employers and the Union.

Contributions

On a monthly basis, employers contribute to the Plan on behalf of participants, at a specified rate per hour worked, as approved by the terms of the CBA. Such contributions and related reports are due in the month subsequent to the month in which participating employees are paid. Assessments and legal action may be imposed on contractors for reports filed on a delinquent basis. Contributions by participants are not permitted under the Plan.

Participant Accounts

Each participant's account is credited with contributions made on behalf of the participating employers, as well as an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account balances.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant’s vested balance is less than or equal to $1,000, the amount may be automatically distributed in the form of a single lump-sum distribution. In addition, the Plan allows for hardship distributions if certain criteria are met.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

The Plan's investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Expenses incurred in connection with the general administration of the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. Management of the Plan allocates certain administrative and recordkeeping costs to the Plan, in addition to the cost of payroll and related payroll benefits directly attributable to the Plan. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred, and volume of transactions relating to the Plan in relation to the various other entities administered by the Plan Administrator. (See Note 5.) Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Employers' Contributions and Related Receivables

The Plan's policy is to recognize contributions based on the latest executed CBA on an individual employer basis. Contributions from participating employers are based on a rate per hour for covered employees and are payable to the Plan during the subsequent month. Contributions due but not paid prior to year-end are recorded as contributions receivable.

Subsequent Events

Subsequent events were evaluated through October 7, 2026, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued based on the NAV of units of the collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Assets at NAV**	**Total**
Mutual funds	$ 92,564,719	$ -	$ -	$ -	$ 92,564,719
Common/collective trusts	-	-	-	4,045,068	4,045,068
Total investments at fair value	$ 92,564,719	$ -	$ -	$ 4,045,068	$ 96,609,787

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Assets at NAV**	**Total**
Mutual funds	$ 80,059,832	$ -	$ -	$ -	$ 80,059,832
Common/collective trusts	-	-	-	3,549,633	3,549,633
Total investments at fair value	$ 80,059,832	$ -	$ -	$ 3,549,633	$ 83,609,465

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common/collective trusts (a)	$ 4,045,068	$ -	Daily	None

December 31, 2024	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common/collective trusts (a)	$ 3,549,633	$ -	Daily	None

(a) Direct filing entities (DFE). The Plan is not required to disclose the investment strategies of DFE's that file a Form 5500 annual report directly with the U.S. Department of Labor

4. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional fully benefit-responsive guaranteed investment contract, for which contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include:

1. amendments to the Plan documents (including complete or partial Plan termination or merger with another plan);
2. changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
3. bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan;
4. the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or,
5. premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include:

1. an uncured violation of the Plan's investment guidelines;
2. a breach of material obligation under the contract;
3. a material misrepresentation; or,
4. a material amendment to the agreement without the consent of the issuer.

5. Related-Party and Party In Interest Transactions

The Plan pays fees for arrangements with service providers and affiliated entities, including for management of certain Plan investments by the Custodian. These transactions qualify as party in interest transactions.

Additionally, the Plan is related through common management and trustees with the Painting Industry Insurance Fund. Certain administrative fees and expenses of this Plan and Painting Industry Insurance Fund are paid by Painting Industry Funds, Inc., and are charged to the respective funds by action of the trustees of the plans. Expenses were $113,024 and $76,211 for 2025 and 2024, respectively.

6. Plan Termination

Although the Trustees have not expressed intent to discontinue the Plan, they may do so at any time subject to the provisions of ERISA and the terms of the CBA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

The IRS has determined and informed the Trustees by a letter dated March 22, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Concentrations

Participating employer concentrations

Two employers accounted for 34% and one employer accounted for 21% of contributions for the years ended December 31, 2025 and 2024, respectively.

9. Operating expenses

The Plan recorded the following expenses for the years ended December 31, 2025 and 2024:

Administrative Expenses		**2025**		**2024**
Contract administrator fees	$	113,024	$	76,211
Other trustee fees and expenses		85,847		92,153
IQPA audit fees		30,412		37,117
Legal		85,667		25,116
Other expenses		31,747		30,000
Total Administrative Expenses	$	346,697	$	260,597

10. Property and Equipment

Property and equipment used in operations consist of the following as of December 31, 2025 and 2024:

Description		2025		2024
Equipment	$	1,935	$	2,293
Accumulated depreciation		(242)		(2,293)
Total Property and equipment, net	$	1,693	$	-

Depreciation expense was $898 and $436 for the years ended December 31, 2025 and 2024, respectively, which is included in administration expenses in the Statements of Changes in Net Assets Available for Benefits.

11. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.
