INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
CompleteRx, Ltd. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CompleteRx, Ltd. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CompleteRx, Ltd. 401(k) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The CompleteRx, Ltd. 401(k) Plan (the Plan) is a defined contribution plan offered by CompleteRx, Ltd. (the Company) and was adopted effective January 1, 1999. The Plan was established to provide a savings and investment plan for the exclusive benefit of employees of the Company and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP). Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for several investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies and common/collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating these investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits.

Notes Receivable from Participants - Loans to participants are reported as a receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - The Company adopted a non-standardized pre-approved profit sharing plan with CODA (the Non-Standardized Pre-Approved Plan), which did not change the significant provisions of the former Plan. The prototype Non-Standardized Pre-Approved Plan received a favorable opinion letter from the Internal Revenue Service on October 6, 2020, which stated that the Non-Standardized Pre-Approved Plan constitutes a qualified plan under Section 401 of the Internal Revenue Code. Accordingly, the Plan Administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2025 and 2024.

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2025, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2022 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events - The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued. No subsequent events occurred, which require adjustment or disclosure to the financial statements at December 31, 2025.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - A non-union, non-leased employee is eligible to become a participant in the Plan after completing two consecutive months of employment and attaining age 21.

Contributions - Participants may elect to make contributions to the Plan in an annual amount up to 90% of their eligible compensation, subject to the annual limitations prescribed by the Internal Revenue Code ("IRC"). Participants may elect to have any portion of their contributions designated Roth contributions, subject to the same restrictions and limitations under the Plan as pre-tax contributions.

All new hires and employees not contributing to the Plan who meet eligibility requirements and have not declined participation are automatically enrolled contributing 3% of eligible wages. The participants that are not taking full advantage of the Company's matching contributions will have their contribution rate automatically escalated 1% each year to a maximum of 10%, unless otherwise specified by the participant.

In accordance with the safe harbor contribution requirements, the Company matched the sum of 100% of each participant's elective deferrals that did not exceed 1% of the participant's compensation, plus 50% of the participant's elective deferrals that exceeded 1% of the participant's compensation, but did not exceed 6% of the participant's compensation. The Company may also make an additional matching contribution, in an amount determined solely at the discretion of management. Such additional discretionary contributions, if any, are allocated pro rata to all participants who fulfill the participation eligibility requirements. There was no additional matching discretionary contribution for the year ended December 31, 2025.

Participant Accounts and Investments - Each participant account is credited with the participant's contribution, the Company's contributions and allocation of Plan earnings and charged with an allocation of administrative expenses. Expense allocations are based on participant earnings on account balances as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account. Each participant directs the investment of their contributions into various investment options.

NOTE B PLAN DESCRIPTION (CONTINUED)

Vesting - Participants are immediately vested in their salary reduction and rollover contributions plus actual earnings thereon. Any Company discretionary contributions and related earnings vest as follows:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Any Company safe harbor contributions and related earnings vest as follows:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	0%
2	100%

Forfeitures - Forfeited balances of terminated participants' non-vested accounts will be used to reduce employer contributions or to pay Plan expenses if the Company elects not to pay such expenses directly. Total forfeitures used by the Plan to reduce employer matching contributions during the year ended December 31, 2025 amounted to $169,435. Forfeitures available at December 31, 2025 and 2024 amounted to $27,812 and $166,705, respectively.

Form of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest or annual installments as outlined in the Plan document. If the amount payable is $1,000 or less, the participant may receive a lump sum distribution as soon as feasible following the date of termination. If the amount payable is greater than $1,000 and less than $7,000 and the participant does not elect to have such distribution paid directly to an eligible retirement plan, then the Plan's administrative committee will pay the distribution through a direct rollover to an individual retirement plan designated by the administrative committee. Benefits are recorded when paid.

Participant Loans - Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. Loan terms range from 1 to 5 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. Interest rates on loans outstanding at December 31, 2025 range from 4.25% to 9.5%.

NOTE B PLAN DESCRIPTION (CONTINUED)

Administration - The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Any Plan expenses not paid by the Company will be paid by the Plan. During the year ended December 31, 2025, the Company paid expenses related to the annual audit of the Plan and certain third-party administration fees. All other expenses, including (but not limited to) general administrative fees and investment advisory fees, were paid by the Plan.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. All registered investments company investments are valued using Level 1 inputs.

Level 2 - Other significant observable inputs (including quoted prices in active or inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation techniques used for investments measured at fair value. There have been no changes in the techniques used during 2025 and 2024.

Registered investment companies are valued at the market value of shares held by the Plan at year end and are classified as Level 1 investments.

Common/collective trust is valued based on the net asset value which is calculated at the market value of the underlying investments less operating expenses of the fund on a per share basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Common/collective trust that is measured at fair value using the net asset value per share (or its equivalent) practical expedient has not been categorized in the fair value hierarchy. The Plan uses the Net Asset Value (NAV) to determine the fair value of all the underlying investments which: (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)
