The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Trekker Distributor Inc 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Trekker Distributor Inc 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Trekker Distributor Inc 401(K) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Trekker Distributor Inc 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Trekker Distributor Inc 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i Schedule of Assets (Held At End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - Description of Plan:

The following description of the Trekker Distributor Inc 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 2013, as a defined contribution plan covering all employees of Trekker Distributor, Inc. (the "Plan Sponsor") and Trekker Tractor, LLC (the "Adopting Employer"). Effective December 1, 2023, the Plan's name was changed from Trekker Tractor, LLC 401(K) Plan to Trekker Distributor Inc 401(K) Plan. Unless specified, Trekker Tractor, LLC and Trekker Distributor, Inc. will hereby be referred to as (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration:

The Company's management has overall responsibility for the operation and administration of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan's assets were maintained and administered by Reliance Trust Company as Trustee through December 31, 2025, after which ADP Retirement Trust Services assumed the role of Trustee. The Plan' recordkeeping services and maintenance of participant account records are managed by ADP, LLC.

Participation:

Employees who have completed three consecutive full calendar months of service are eligible to participate. Employees who have satisfied the eligibility requirements may begin participating in the Plan on the first day of the following month.

Participant Investment Account Options:

Upon enrollment in the Plan, participants may direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Company contributions made to the Plan on behalf of participants are invested in funds in accordance with the participant's selections. Participants may change their investment options at their discretion.

Participant Accounts:

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - Description of Plan (Continued):

Contributions:

Each year, participants may elect to contribute up to one-hundred percent (100%) of eligible compensation on a pre-tax or after-tax basis or a combination thereof, up to the Internal Revenue Code (IRC) maximum allowable limit for 2025 of $23,500 if under age fifty (50) and $31,000 if age fifty (50) or over. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Under the Roth 401(k) contribution option, a participant can make after-tax contributions. Distributions from a participant's Roth 401(k) contributions and earnings at retirement are generally tax-free. Participant contributions may be subject to additional limitations imposed by the IRC as detailed in the Plan.

Contributions are automatically invested in a designated balanced fund until changed by the participant. Contributions received from participants are presented net of excess deferral contributions refunded, as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount has been accrued in liabilities as excess contributions payable in the accompanying statements of net assets available for benefits.

The Company may make matching contributions equal to a discretionary percentage of the participant’s elective deferrals, to be determined by the Company. The Company made matching contributions to the Plan for the year ended December 31, 2025 equal to 50% of the contributing participant’s elective contributions on the first 2% of the participant’s compensation; however, matching contributions are not made on participant catch-up contributions. The Company may also, in its sole discretion, make a profit sharing contribution to the Plan on behalf of participants. During 2025, the Company did not make any profit sharing contributions.

Vesting:

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employer contributions are subject to the following vesting schedule:

Years of Vesting Service	Vested %
1	20%
2	40%
3	60%
4	80%
5	100%

Notwithstanding the above, participants shall become fully vested upon reaching normal retirement age, death or suffering a disability while an employee.

NOTE 1 - Description of Plan (Continued):

Forfeited Accounts:

Forfeitures occur when a participant terminates employment and has not fully vested in a portion of the Company's contribution amount. Forfeitures of matching contributions will be used to reduce future employer contributions or payment of plan expenses. At December 31, 2025 and 2024, forfeited non-vested accounts totaled $17,176 and $17,073, respectively. During the years ended December 31, 2025 and 2024, $4,083 and $753, respectively, was applied to reduce Company contributions.

Note Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance or, if greater, the total vested account balance up to $10,000. If the loan exceeds one-half of the participant's vested account balance, the participant must give additional security for the loan. Note terms cannot extend beyond five years from the date of the loan, unless the loan is used to acquire a dwelling unit which within a reasonable time will be used as the participant's principal residence. Borrowings from Roth Contribution accounts are subject to the determination of the plan administrator. Loans are secured by the balance in the participant's account and bear an interest rate of 1% above the prime rate.

Hardship Distribution:

Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service deems an immediate and financial need of the participant. Participant voluntary contributions are suspended for six months after receipt of a hardship distribution.

Payment of Benefits:

On termination of service due to death, participants may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account or annual installments. For termination of service for any other reason, a participant may receive the value of the vested interest in their account as a lump sum distribution.

NOTE 2 - Summary of significant accounting policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - Summary of significant accounting policies (Continued):

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable:

Contributions receivable consist of participant and employer contributions receivable. No allowances were recorded, as the full balance is deemed collectible.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and recorded in the statement of changes in net assets available for benefits as a deemed distribution of participant notes receivable.

Payment of Benefits:

Benefits are recorded when they have been processed and paid by the Plan.

Administrative Expenses:

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments. Certain fees related to specific investment elections are charged directly to participant accounts.

NOTE 2 - Summary of significant accounting policies (Continued):

Subsequent Events:

The Plan monitors significant events occurring after the statement of net assets available for benefits date and prior to the issuance of the financial statements to determine the impacts, if any, on the financial statements to be issued. The Plan has evaluated subsequent events through the date which the financial statements are issued.

NOTE 3 - Information certified by the Custodian:

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements and supplemental schedule of net assets (held at end of year), including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Reliance Trust Company and ADP Retirement Trust Services, respectively.

NOTE 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest opportunity to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
Level 2	Inputs to the valuation methodology include ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - Fair value measurements (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies:

Valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust fund (stable value fund):

The Invesco Stable Asset Fund is valued at NAV per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective trust at year-end. The NAV is used as a practical expedient to estimate fair value. NAV for fully benefit investment contract held by the trust is based on contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective trust's NAV represents fair value since this is the amount at which the Plan transacts with the trust. Plan management believes that the value of the collective trust is reasonably stated and that no adjustment to NAV as of December 31, 2025 and 2024 is required.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ -	$ 1,819,311	$ -	$ 1,819,311
Total assets at fair value	$ -	$ 1,819,311	$ -	$ 1,819,311
Collective trust funds valued at net asset value ("NAV")				$ 17,177
Investments, at fair value				$ 1,836,488

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ -	$ 1,432,579	$ -	$ 1,432,579
Total assets at fair value	$ -	$ 1,432,579	$ -	$ 1,432,579
Collective trust funds valued at net asset value ("NAV")				$ 16,237
Investments, at fair value				$ 1,448,816

NOTE 5 - Related-party transactions and party in interest transactions:

The Trustee provides services to the Plan as the trustee and record keeper; therefore, these investments qualify as party-in interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend, terminate or merge the Plan subject to the provisions or ERISA. In the event of Plan termination, participants would become one-hundred percent (100%) vested in their employer contributions.

NOTE 7 - Tax status:

The Internal Revenue Service has determined that the volume submitter prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed custodian of such in a letter dated October 6, 2020. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the (tax authority). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.
