Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Appalachian Wood Floors 401k Retirement Plan, (the Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Appalachian Wood Floors 401k Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from ADP Retirement Trust Services, LLC as of December 31, 2025 and for the year ended December 31, 2025 and Reliance Trust a FIS Company, as of December 31, 2024 stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Appalachian Wood Floors 401k Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Appalachian Wood Floors 401k Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

APPALACHIAN WOOD FLOORS 401 K RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Appalachian Wood Floor 401k Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for more complete description of the Plan's provisions.

General

Effective January 1, 2019, the board of directors of Appalachian Wood Floor, Inc. (the Company) adopted the Appalachian Wood Floor, 401k Retirement Plan, a defined-contribution, 401(k) deferred plan. Employees of the Company and employees of participating affiliates (Fifty-Seven Floors, LLC, AWF Transport, LLC, Graf Custom Logistics LLC, Graf Custom Hardwood Flooring and Supply, LLC, Portsmouth Lumber Company, LLC and Graf Custom Lumber, LLC) become eligible for participation in the Plan after having completed six months of consecutive service and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan's steering committee, which includes the Plan's administrator, oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions and Forfeitures

Each year participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. A participant may designate savings as before-tax savings, Roth IRA deferral, or any combination of the two. Employee rollover and catch-up contributions are also permitted. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3%. The amount of a participant's contributions for any Plan year may not exceed certain limits which are set forth in the Plan and the Internal Revenue Code (the "Code"). The Company makes tiered basic matching contributions as follows: 100% match on the first 3% of deferrals and 50% match on deferrals between 3% and 5%. There is no match on deferrals in excess of 5%. In addition, the Company may make contributions for a plan year designated as "qualified Non-Elective Contributions".

Forfeited nonvested accounts totaling $25,770 were used to reduce employer contributions during the Plan year ended December 31, 2025, in accordance with the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions; the Company's matching contributions and an allocation of investment earnings and administrative expenses, if any.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Participant Accounts (continued)
Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may make changes of investment fund allocations on a daily basis.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's tiered basic matching contribution portion of their accounts, plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 2 years of credited service. Vesting in the Company's qualified non-elective contribution, plus earnings thereon is based on years of continuous service. A participant's vesting is based on a graded vesting schedule and is 100% vested after 6 years of credited service.

Investment Options
Upon enrollment in the Plan, a participant may direct contributions into thirty-three investment options.

The Options are listed, in the enrollment information provided during orientation and changes in investment options are timely provided to the plan participants.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $600 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance with only one loan permitted. Loan terms range from 1 to 5 years or no more than 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Interest rates on outstanding participant loans are 5¼%-10.5%. Principal and interest are paid ratably through weekly payroll deductions.

Payment of Benefits
On termination of service due to retirement, disability, or death, a participant will become 100% vested in his or her account and may elect to receive either a lump sum payment or periodic payments, subject to certain provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or periodic payments, subject to certain provisions. Participants with an account balance of less than $5,000 at termination of service, are required to take a lump-sum distribution, or roll the balance of the account to an IRA.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death.

NOTE 1 – DESCRIPTION OF PLAN (continued)

In Service Distributions

Hardship withdrawals are available to Plan participants for the various reasons as described in the Plan documents. Hardship withdrawals are limited to the pre-tax deferral portion of the participants account balance. Upon making such a withdraw, the participant is suspended from making deferrals for six months.

Employees who have reached the age of 59½ years old may withdraw all or a portion of their vested contributions.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as determined by the Plan's administrator, using market quotations and other available information. Securities are valued at the last reported sales price on the last business day of the Plan's fiscal year. The value of the investments in the collective trusts fund is based on the contractual terms of the underlying agreement which provides a daily mil-rate for income accretion. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade – date basis. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex – dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Contributions

Participant contributions and the employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. The Company's policy is to make the contribution of participant withholding and company match timely, normally within five business days of payroll withholding.

Payments of Benefits

Benefits are recorded when paid to participants or beneficiaries.

Operating Expenses

All expenses of maintaining the Plan including third party record keeping are paid by the Company.

Allowance for Credit Losses – Notes Receivable from Participants

The allowance for credit losses is a valuation account that is deducted from, or added to, the note receivable from participants amortized cost basis to present the net amount expected to be collected on the loan. Loans are charged off against the allowance when management believes the uncollectibillity of a loan balance is confirmed.

Management estimates the allowance balance using relevant available information, from internal and external sources, relating to past events, current conditions, and reasonable and supportable forecasts. Historical credit loss experience provides the basis for the estimation of expected credit losses. Adjustments to historical loss information are made for changes in environmental conditions, such as changes in unemployment rates, collateral values, or other relevant factors. Management has determined there is no requirement to provide an allowance for credit loss because the loans are secured by the balance in the participant's account.

Allowance for Credit Losses – Investments

Management assesses the financial condition and near-term prospects of the issuer, industry and/or geographic conditions, credit ratings as well as other indicators at the individual security level. Impairments below cost in the estimated fair value of individual securities when there is an intent to sell or for which it is more likely than not the Plan will be required to sell before the impairment is recovered, are realized in other income in the statement of changes in net assets available for benefits. When there is not an intent to sell or it is more likely than not the Plan will not be required to sell the security before the impairment is recovered, management assesses whether the decline is fair value has resulted from credit losses or other factors. If the present value of discounted cash flows expected to be collected is less than the amortized cost basis, credit loss exists and an allowance for securities credit losses is recorded. Such losses are limited to the amount that amortized cost exceeds fair value, even if the amount of the credit loss is greater. Any future changes in the allowance for credit losses is recorded as provision for (reversal of) credit losses. Losses attributable to other factors are charged to net appreciation (depreciation in fair value of investments).

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Allowance for Credit Losses – Investments (continued)

Mutual Funds are carried in the financial statements at fair value and Common/Collective Trust Funds are measured at net asset value, and both realized and unrealized gains and losses are included net increase (Decrease) in net assets.

Accounting Standards Not Yet Adopted

In July 2025, the FASB issued ASU 2025-05 that provides a practical expedient in developing forecasts as part of estimating expected credit losses. The amendment permits the Company to elect a practical expedient that assumes that current conditions as of the balance sheet date do not change for the remaining life of the asset. The ASU is effective for annual and interim periods beginning after December 15, 2025. Early adoption is permitted and is effective on a prospective basis. The Plan is currently assessing the potential impacts of adoption on the consolidated financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The Plan's Administrator assigns levels and categories to the Plan's investments.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

Level 1 - Quoted prices in active markets for identical assets at the measurement date. The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Observable inputs other than quoted prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the plan. This may include matrix pricing, yield curves and indices. No level 2 inputs were available to the Plan.

Level 3 - Unobservable inputs that reflects the plan's own assumptions about the assumptions market participants would use to price an asset based on the best information available in the circumstances. No level 3 inputs were available to the Plan.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective Trust: The fair value of the investments in the collective trust fund, Invesco Stable Asset Fund-ADPZ Class (Fund) is based on the contractual terms of the underlying agreement which provides a daily mil-rate for income accretion. The primary investment objective of the fund is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued)

The Plan's investments are reported at fair value as follows:

	Fair Value Measurements Using: (Level 1)	Fair Value
December 31, 2025		
Mutual funds	$ 4,111,920	$ 4,111,920
Total Investments at fair value		$ 4,111,920

	Fair Value Measurements Using: (Level 1)	Fair Value
December 31, 2024		
Mutual funds	$ 3,090,476	$ 3,090,476
Total Investments at fair value		$ 3,090,476

Gains and losses included in statement of changes in net assets available for benefits for the year ended December 31, 2025, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, there were no transfers into or out of Level 3.

NOTE 4 – RELATED PARTY TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The plan sponsor directly pays various administrative and third-party record keeping expenses for the Plan. Certain administrative functions are performed by the officers and employees of the Company (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6 – TAX STATUS

The Department of the Treasury, Internal Revenue Service (IRS) has determined and informed the ADP, LLC, by a letter dated October 6, 2020, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan has been amended, since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The plan operates under a Non-Standardized Defined Contribution Pre-Approved Plan adoption agreement in connection with a pre-approved retirement plan and trust/custodial documents sponsored by ADP, LLC. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter.

However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by tax authorities, however, there are currently no audits for any tax period in progress.

On July 4, 2025, the One Big Beautiful Bill Act ("OBBBA") was enacted in the U.S. The OBBBA includes significant provisions, such as the permanent extension of certain expiring provision of the 2021 Tax Cuts and Jobs Act, modifications to the international tax framework and the restoration of favorable tax treatment for certain business provisions. Key provisions include modification to depreciation allowance and the treatment of research and development expenditures. The legislation has multiple effective dates, with certain provisions effective for the 2025 tax year and others being implemented through 2027.

NOTE 7 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by ERISA Section 103 (a)(3)(C) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Effective January 1, 2025, ADP Retirement Trust Services, LLC became the Plan's Trustee. Prior to January 1, 2025, Reliance Trust an FIS Company served as the Plan's Trustee. Accordingly, ADP Retirement Trust Services, LLC, the Trustee 2025, and Reliance Trust an FIS Company the trustee 2024, have certified that the following data included in the accompanying financial and supplemental schedule is complete and accurate with respect to investments:

Subsequent events have been evaluated through October 5, 2026, which is the date the financial statements were available to be issued.

NOTE 12 – CARES ACT AND SECURE ACT

The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The applicable features within these Acts have been implemented. Written amendments to the Plan to reflect these operational changes were adopted in accordance, with applicable law and IRS guidance.
