Independent Auditor's Report

To the Participants and Plan Administrator of
Ask Staffing 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the accompanying financial statements of Ask Staffing 401(k) Savings Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and December 31, 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025, and December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from qualified institutions as of December 31, 2025, and December 31, 2024, and for the years ended December 31, 2025, and December 31, 2024, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the auditor's responsibilities for the audit of the financial statements section —

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the scope and nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters - Supplemental schedule required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of assets held as of December 31, 2025, (referred to as the "supplemental information"), is presented for purposes of additional analysis and not a required part of the financial statements but supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Ask Staffing 401(k) Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan effective January 01, 2019, established for the purpose of allowing Plan members to make contributions through voluntary payroll withholdings in order to accumulate benefits to be paid upon retirement, and is sponsored by Ask Staffing, Inc. (“the Company/ Plan Sponsor/ Plan Administrator"). Employees of the Company are permitted to enter the Plan on completion of six months of service and after reaching 21 years of age. Participants can begin to contribute elective deferrals on the day the eligibility requirement is satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Change in Trustee

Effective January 01, 2025, the Plan contracted with ADP Retirement Trust Services, LLC to act as the directed Trustee, and the Plan assets were transferred from Reliance Trust Company (Reliance) to ADP Retirement Trust Services, LLC (ADPRTS), collectively known as trustees.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual eligible compensation, as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Plan provisions also allow the Company to make discretionary matching contributions and discretionary non-elective contributions. For the years ended December 31, 2025, and December 31, 2024, there were no discretionary matching contributions or discretionary non-elective contributions.

Contributions are subject to certain IRC limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, rollover contributions, Company's contributions and an allocation of the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as below:

Years of service	**Percentage**
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime rate, plus 2 percent. Principal and interest are paid ratably through payroll deductions. Terms range up to 5 years or greater for the purchase of a primary residence. Delinquent loans are treated as taxable deemed distributions. Loans offset against participant account balances upon a distributable event are treated as taxable distributions.

Benefit payments

In-service withdrawals of all or a portion of a participant’s vested account balance may be made by a participant after reaching age fifty-nine and a half. Upon normal retirement at age sixty-five, disability, or death, the participant or beneficiary may receive the value of the account as set forth in the Plan document.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, disability, or death, may receive the value of their vested account by transfer to another qualified plan

or individual retirement account or as set forth in the Plan document.

If a terminated participant's vested balance is less than or equal to $7,000, the amount may be automatically distributed in the form of lump sum cash payment. In addition, the Plan allows for hardship distributions if certain criteria are met.

Distributions from the Plan will normally be subject to income taxes and, in certain circumstances, may also be subject to Internal Revenue Service ("IRS") penalties unless the distribution is transferred to another qualified plan or individual retirement account.

Forfeitures

Consistent with the terms of the Plan, forfeitures of non-vested employer contributions, if any, may be used to reduce employer contributions and/or pay eligible Plan administrative expenses. There was no activity of forfeiture during the years ended December 31, 2025, and December 31, 2024, and there were no unused forfeiture balances at either year-end.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee and insurance company, as applicable. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the

accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

Contributions

Participant contributions are recorded in the period in which the related amounts are withheld from participants' compensation. Employer contributions are recorded in the period in which they are earned in accordance with the terms of the Plan. Contributions due to the Plan at year-end are reported as contributions receivable.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Deemed Distributions and Loan Offsets

Participant loans that are in default and satisfy the applicable requirements of the IRC are treated as deemed distributions for tax-reporting purposes. Deemed distributed loans are not included in notes receivable from participants and are excluded from the Plan's net assets available for benefits. Although a deemed distribution is taxable to the participant, the participant may remain obligated to repay the loan in accordance with the Plan's provisions. If repayment is not made and a distributable event subsequently occurs, any outstanding loan balance may be offset against the participant's account balance. Loan offsets are recognized as benefit payments when the outstanding loan balance is deducted from the participant's account in accordance with the provisions of the Plan.

Corrective Distributions

Corrective distributions (such as excess deferrals or ADP/ACP refunds) are recorded as deductions from net assets when paid.

Expenses

Certain expenses for maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan evaluated all events and transactions that occurred after December 31, 2025, through the date the financial statements were available to be issued. Based on the evaluation, the Plan is not aware of any events or transactions that would require recognition or disclosure in the financial statements.

3. Information Certified by ADP Retirement Trust Services, LLC and Reliance Trust Company ("Trustees")

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for Plan years 2025 and 2024. Accordingly, ADP Retirement Trust Services, LLC, the trustee of the Plan, certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025. Reliance Trust Company, the trustee of the Plan, certified the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used as of December 31, 2025, and December 31, 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/ Collective trusts: Valued at the NAV of units of a bank's collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's Investment assets at fair value as of December 31, 2025, and December 31, 2024:

As of December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	2,393,305	-	-	2,393,305
Common/ Collective trusts (a)	-	-	-	191,116
Total investments	2,393,305	-	-	2,584,421

As of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	1,693,227	-	-	1,693,227
Common/ Collective trusts (a)	-	-	-	98,351
Total investments	1,693,227	-	-	1,791,578

(a) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) used as a practical expedient to estimate fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025, and December 31, 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/ Collective trusts	191,116	-	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/ Collective trusts	98,351	-	Daily	12 months

There were no transfers between Level 1, Level 2, and Level 3 during the years ended December 31, 2025, and December 31, 2024.

5. Concentration

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2025, and December 31, 2024:

Percentages presented in the table have been rounded to the nearest whole percentage. Accordingly, an investment representing less than 5% of the Plan's net assets may be presented as 5% due to rounding.

6. Related-Party and Party-in-Interest Transactions

The Company serves as the Plan Administrator. The Plan Administrator has the responsibility to administer

the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions that may affect eligibility for benefits.

ADPRTS, served as the Plan trustee for the year ended December 31, 2025. Reliance served as the Plan trustee for the year ended December 31, 2024. The trustees managed and maintained certain investments during respective Plan years. ADP, Inc. provides services to the Plan as a third-party plan administrator and recordkeeper for which administration fees were charged to the Plan during Plan years ended December 31, 2025, and December 31, 2024. In addition to this, the Company provides certain accounting and administrative services to the Plan for which no fees are charged. Party-in-interest transactions also include loans made to participants.

Such transactions, while considered party-in-interest transactions under ERISA, are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Tax Status

The Plan adopted a pre-approved plan offered by ADP, LLC. The pre-approved plan received an IRS Opinion Letter dated October 6, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax exempt.

The Plan management has evaluated the Plan’s tax positions and concluded that the Plan had no uncertain tax positions requiring recognition or disclosure as of December 31, 2025, and December 31, 2024. The Plan is subject to routine examinations by taxing authorities; however, no examinations are currently in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term

and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Correction of Operational Error

During the year 2025, the Company identified an operational error involving the implementation of a participant’s deferral election. The Company determined and implemented corrective action under the applicable correction principles of the IRS Employee Plans Compliance Resolution System. The correction included qualified nonelective contributions (QNEC) amounting to $972, recorded as employer contributions in the financial statements for the year ended December 31, 2025, together with applicable earnings, if any.

All corrective contributions are fully vested and subject to the same distribution restrictions as elective deferrals. These amounts are currently recorded as employer contributions in the financial statements and were contributed to the Plan during Plan year 2025.

The Plan Sponsor remains committed to maintaining compliance with IRS regulations and ensuring participants are restored to the financial position they would have been in had the error not occurred.

11. Reconciliation of Financial Statements to Form 5500

There are no reconciling items between the net assets available for benefits as of December 31, 2025, and December 31, 2024, and the increase in net assets available for benefits reported for the years ended December 31, 2025, and December 31, 2024, in the financial statements and Schedule H of Form 5500.
