INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Planful, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Planful, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Planful, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Planful, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Planful, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Planful, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Planful, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Planful, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan sponsored by Planful, Inc. (the "Company" or "Employer"), pursuant to Section 401(a) and related provisions of the Internal Revenue Code ("IRC"), was established on January 1, 2014, and restated on June 20, 2022, (the "Effective Date"). The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements, as defined. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant distributions. The Company has until December 31, 2026, to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. Effective January 1, 2024, the Plan administratively adopted Section 304 of SECURE 2.0, which increased the force-out threshold from $5,000 to $7,000. Effective January 1, 2025, Section 109 of SECURE 2.0 was administratively adopted by the Plan, which permitted additional catch up contributions for participants ages 60-63. The Company has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. The Plan has administratively adopted some provisions of SECURE 2.0 but the Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by the trustee of the Plan, ADP Retirement Trust Services, LLC (the "Trustee") as of and for the year ended December 31, 2025. For the year ended December 31, 2024, the Plan's investments were held by Reliance Trust Company (the "Previous Trustee"). Recordkeeping services and administrative services are provided by ADP Retirement Services.

1. DESCRIPTION OF THE PLAN (continued)

Plan administration (continued)

Certain administrative expenses of the Plan are paid by the Company. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

Eligibility

All employees, except for interns and temporary employees, are immediately eligible to participate in the Plan.

Participant contributions

Each year, participants may contribute up to 90% of their pre-tax or after tax (as Roth contributions) compensation, as defined in the Plan subject to an annual limit of $23,500 for the year ended December 31, 2025. Participants who have attained the age of 50 before the end of 2025 are eligible to make catch-up contributions of $7,500. Effective January 1, 2025, the Plan administratively adopted Section 109 of SECURE 2.0, which permits additional catch-up contributions for participants ages 60-63. Participants may also contribute amounts representing distributions from other qualified plans upon proof that the contribution has been in such a plan and/or segregated conduit or individual retirement account.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of Plan earnings, and charged with an allocation of administrative expenses. Allocations of investment earnings are based on the participant's selection of investments and timing of purchases and sales of investments. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and actual earnings thereon.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. The duration of the note receivable is not to exceed 5 years, except for notes receivable used to finance the purchase of a primary residence for which the notes receivable term may exceed 5 years. The notes receivable are collateralized by the balance in the participant's account and accrue interest at a rate of prime plus 1%, which is commensurate with local prevailing rates. Principal and interest are paid ratably through semi-monthly payroll deductions. Notes receivable outstanding during 2025 accrue interest at rates that range from 8.00% to 9.50% and mature through December 2030.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If the value of a participant's vested balance is less than or equal to $7,000 upon termination, the balance is distributed in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over $7,000 upon termination, the participant may consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or installments over a period not longer than life expectancy or postpone payment to a later date and remain in the Plan as described in the plan document.

Upon attaining the age of 59 ½, participants may, while still employed by the Company, elect to withdraw all or a portion of their vested account balance. Participants with an immediate and heavy financial need may be eligible for a hardship withdrawal, subject to certain restrictions as described in the plan documents.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the plan administrator, be paid by the Plan. Transaction fees for certain participant-initiated activity are charged to the specific account of the participant initiating any such transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are presented on the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Investment valuation and income recognition

The Plan's investments are reported at fair value as certified by the Trustee and Previous Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Contributions and contributions receivable

Contributions from participants, and related receivables, are recorded based on the date the contributions have been separated from a participant's pay (pay date). Rollover contributions are recorded when they are received by the Plan.

Payment of benefits

Benefit payments are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative expenses

Administrative expenses are recorded when incurred.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Trustee and Previous Trustee determined to be qualified institutions by the plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). The Trustee and Previous Trustee have certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and;
- Net investment income, and interest income on notes receivable from participants as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025, and;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2025.

4. FAIR VALUE MEASUREMENTS

Accounting standards established a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (continued)

- *Level 3* - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust: Units held in the common/collective trust ("CCT") funds are valued using NAV as a practical expedient to fair value of the CCT as reported by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The CCT investments do not have any unfunded commitments at December 31, 2025 and 2024 and can be redeemed daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 20,297,357	$ -	$ -	$ 20,297,357
Investments measured at NAV practical expedient*				96,073
				$ 20,393,430

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 15,716,273	$ -	$ -	$ 15,716,273
Investments measured at NAV practical expedient*				124,194
				$ 15,840,467

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

5. TAX STATUS

The Plan has adopted the Automatic Data Processing, Inc. Non-Standardized Pre-Approved Profit Sharing, Money Purchase, and cash or deferred arrangement Plan (the "Non-standardized plan"). The Internal Revenue Service has informed ADP by a letter dated October 6, 2020, that the written form of the underlying prototype plan document is designed in accordance with applicable sections of the IRC for the use by employers for the benefits of their employees. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 20,632,860	$ 15,977,459
Less: participant contributions receivable	(54,864)	(51,355)
Net assets available for benefits per the Form 5500	$ 20,577,996	$ 15,926,104

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 4,655,401
Less: change in participant contributions receivable	(3,509)
Changes in net assets available for benefits per the Form 5500	$ 4,651,892

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by the Trustees, ADP, and their affiliates, including fee offset agreements, qualify as exempt party-in-interest transactions. Purchases and sales of investments managed by the Trustee, Previous Trustee or its affiliates, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the plan documents and are specifically exempt under ERISA. Also, fees and expenses paid by the Company on behalf of the Plan, if any, qualify as exempt party-in-interest transactions. Management did not identify any related parties to the Plan that were not considered to be party-in-interest.

ADP retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates. These transactions qualify as exempt party-in-interest transactions under ERISA.

9. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 5, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan administratively adopted Section 603 of SECURE 2.0, which requires catch-up contributions for participants with prior-year FICA wages exceeding $150,000 to be made on a Roth basis. Additionally, effective May 1, 2026, the Plan was amended to change the address of the plan sponsor. No other subsequent events which require recognition or disclosure in the financial statements.
