INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Rusnak 401(k) Plan
Pasadena, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed audits of the accompanying financial statements of Rusnak 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Rusnak 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rusnak 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rusnak 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rusnak 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rusnak 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4I - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RUSNAK 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2025

NOTE A - Description of Plan

The following description of the Rusnak ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. During the time period covered by these financial statements, except as noted below, the Plan was comprised of the following commonly controlled companies hereafter referred to as "the Company":

- PRM Corporation
- RUSNAK Pasadena
- RUSNAK Arcadia
- RUSNAK Westlake
- RUSNAK Corporation - (Location removed in 2025)
- Anaheim Hills Jaguar Land Rover, Inc.
- RUSNAK Ontario dba Genesis of Ontario – (April, 2025)

The Plan is a defined contribution 401(k) plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan contains a traditional automatic contribution arrangement. It covers all eligible employees when they meet the eligibility requirements of two months of service and have attained 21 years of age. Eligible employees enter the plan on the first day of the month after they become eligible.

Contributions. 401(k) contributions to the Plan are composed of employee and employer portions. Employees can elect to contribute up to the lesser of 90% of their eligible compensation or $23,500 through salary reduction. The Plan also allows for Roth contributions. Depending on age, employees can be eligible to contribute additional catch-up deferrals. The automatic deferral amount is five percent of eligible compensation with an escalation of one percent annually not to exceed ten percent.

The Plan provides the Company with the opportunity to make employer matching contributions and employer nonelective contributions. The match is a flexible discretionary one on an annual basis. The nonelective contribution is discretionary on an annual basis and allocated based upon eligible compensation.

The Plan also allows participants to make rollover contributions.

Vesting. Participants are fully vested in their elective deferral. Participants vest in employer matching and employer nonelective contributions over a period of five years of vesting service. When

NOTE A - Description of Plan – continued

years of vesting service are determined, the elapsed time method is used. Participants automatically fully vest upon death, total and permanent disability, or early retirement.

Participant Accounts. Each participant's account is credited with the participant's contribution, employer matching, employer non-elective contribution, and investment earnings. Each participant's account is charged with investment losses, benefits paid, and administrative expenses. As allowed under ERISA 404(c), participants have direct control over the investing of their account. Changes in investment market values and income are allocated to each participant account depending on the performance of funds in which they have elected to invest. The vested portion of the participant's account is the benefit to which the participant is entitled.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have two loans outstanding at any time. Loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the plan administrator at the time. Principal and interest are generally paid ratably through regular payroll deductions.

Payment of Benefits. A participant's vested interest is distributed when they retire, die, or terminate employment with the Company. Participants may elect to receive their vested interest in the form of a lump-sum payment or installment payments depending on the type of initiating event. Normal retirement age under the Plan is sixty-five (65) but the plan allows for early retirement at age fifty-five (55) should the participant have five years of vesting.

The plan also allows for hardship distributions.

Forfeited Accounts. When a participant terminates employment with the Company or incurs a "break in service" a portion of the participant's interest in the Plan may be forfeited depending on the number of years of service. Forfeitures can also be generated by the employer match paid on the excess contributions returned to participants as well as by stale distribution checks for which the participant cannot be located. Additions to forfeitures including earnings are $22,715 for 2025. Plan has ending forfeitures balances of $28,966 and $47,056, for 2025 and 2024 respectively. Forfeitures are used to reduce employer contributions or to pay expenses. For 2025, $40,805 forfeitures were utilized.

NOTE B - Summary of Significant Accounting Policies

The financial statements and notes are representations of the trustees, who are responsible for their integrity and objectivity.

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - Summary of Significant Accounting Policies - continued

Payments of Benefits. Benefits are recorded when paid.

Investment Valuation and Income Recognition. The investments are reported at fair value with mutual funds valued at quoted market rates and common/collective trusts (CCT) at net asset value (NAV) as a practical expedient. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation and depreciation on investments held at year-end.

Excess Contributions Payable. In order to qualify under legislative testing requirements, the Plan may have to return some contributions to specific participants. The Plan's excess contributions to return for 2025 are zero.

Notes Receivable from Participants. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded for ERISA and tax reporting purposes only. It is not a distribution under Generally Accepted Accounting Principles. However, loans in default paid by offset when a participant receives an actual distribution are considered a distribution under Generally Accepted Accounting Principles.

Administration Expenses. Participants pay the costs incurred specifically by participants at their direction and record keeping fees. Other fees possibly charged directly to participant accounts are elective advisory fees, wire fees, and express mail service charges. Mutual funds fees charged at the fund level are a direct reduction of investment income. Fund fees are netted with fund income and can be determined by viewing the fund prospectus. The total fees paid by the plan for 2025 are $218,722 after revenue sharing offset of $93,232.

Subsequent events. Subsequent events have been evaluated through October 2, 2026 which is the date the financial statements were available to be issued.

NOTE C – Distributions

Distributions made during the year fall into the three categories of normal benefit payments, excess contributions returned, and loans paid by offset distributions. Benefit payments include distributions allowed under the Plan's hardship provision as well as those relating to retirement, disability, termination, and death. The corrective distributions are required to meet discrimination testing. When payments are not being received on participant loans, the plan administrator makes the determination if the loan is uncollectible, and a deemed distribution needs to occur. The criteria for a default loan being a deemed distribution for tax purposes is different than the criteria for being uncollectible under Generally Accepted Accounting Principles.

NOTE D - Insurance and Bonding

Requirements are met with coverage provided by US Specialty Insurance Company.

NOTE E – Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F – Investments and Fair Value Measurements

The investments are held by the custodian trustee and certified as described in Note J. The trustee invests plan funds in the manner directed by the participant. The selection of funds from which to choose offers a range of potential returns and corresponding risk.

The accounting literature under FASB ASC 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The fair value hierarchy levels used by the Plan are described as follows:

- Level 1 - Inputs to this valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Under ASC 820, investments that do not have a readily determinable fair value (RDFV) may be valued at the Net Asset Value (NAV) as a practical expedient. Investments valued using the NAV as a practical expedient are presented as a reconciling item on the fair value table.

Following is a description of the valuation methodologies used for assets.

Mutual Funds - Mutual funds are registered with the United States Securities and Exchange Commission. They are valued at the daily closing price which is published as their daily net asset value (NAV). Trades are transacted at these published values.

Common/Collective Trusts (CCT) – Units in these investments do not have an RDFV. As a practical expedient, the fair value of participation units is based upon the NAV. Redemption is permitted daily with no restrictions or notice periods and there are no unfunded commitments.

Goldman Sachs Stable Value CCT – Units in this investment are indirect investments in stable value funds and do not have an RDFV. As a practical expedient, the fair value of participation units in the stable value fund is based upon the NAV. Participant-directed transactions may occur daily. A complete Plan-level withdrawal generally requires 12 months' advance notice. Earlier liquidation may be available at current market value and may be subject to a market-value adjustment. There are no unfunded commitments.

NOTE F – Investments and Fair Value Measurements – continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

December 31, 2025	Total	Level 1
Mutual funds (Fair Value)	$ 23,723,847	$ 23,723,847
Subtotal	23,723,847	$ 23,723,847
Collective Trust Funds (NAV)	27,211,396	
Total Investments at Fair Value	$ 50,935,243	

December 31, 2024	Total	Level 1
Mutual funds (Fair Value)	$ 18,803,595	$ 18,803,595
Subtotal	18,803,595	$ 18,803,595
Collective Trust Funds (NAV)	26,830,384	
Total Investments at Fair Value	$ 45,633,979	

NOTE G - Disclosures Required by ERISA and the Department of Labor

ERISA and DOL regulations require that supplemental schedules be presented when certain conditions are met. The trustees have determined that the Plan only meets conditions that require a schedule of assets held for investment purposes at the end of year be presented.

NOTE H – Risk relating to Cash and Short-Term Investments

Funds received by the plan but not yet invested may be held in noninterest-bearing accounts. Participants may choose to invest in interest bearing accounts as well as money market funds and short-term certificates of deposit. Periodically throughout the year, balances may be in excess of federally insured limits or maintained in money market funds that are not federally insured.

NOTE I - Risks and Uncertainties

The Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. To the extent the requirements of ERISA Section 404(c) are satisfied, Plan fiduciaries may be relieved of liability for losses that are the direct and necessary result of participants' exercise of control over the investment of their accounts.

NOTE J - Information Certified by the Custodian Trustee

The following is a summary of the modified cash basis information included in the accompanying financial statements and supplemental schedules that were obtained from data that has been prepared and certified as complete and accurate by Reliance Trust Company, the custodian trustee.

	2025	2024
Investments:		
Mutual Funds	$ 23,723,847	$ 18,803,595
Collective Trust Funds	27,211,396	26,830,384
Receivables:		
Notes receivable from participants	1,852,783	1,554,780
Total Assets	$ 52,788,026	$ 47,188,759
Other Items:		
Employee contributions	$ 4,616,236	
Rollovers received	950,901	
Other income	19,886	
Net appreciation, interest, and dividends	7,150,453	
Distributions	(6,919,487)	
Administration expenses	(218,722)	

The certification covers trust reports and Form 5500 reports. There can be variances for timing issues such as accruals not recorded by the custodian and for benefit payments in process which are recorded by the custodian as being paid when approved rather than when the check is issued.

NOTE K - Income Tax Status and Plan Amendments

During 2023, the Company amended and restated its existing plan to maintain continued compliance with the legislative and regulatory changes. The Company utilizes the Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan. The Internal Revenue Service (IRS) issued an opinion letter dated October 6, 2020, that the Plan is acceptable for use by employers for the benefit of their employees under Internal Revenue Code Section 401. The trustees and plan administrator believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan can be subject to examinations by the Internal Revenue Service or the Department of Labor (DOL). These governing agencies have different periods for statutes of limitations. The common statutes are three years for the IRS from date of filing and six years for the DOL. The Plan is not subject to any current examinations.

NOTE L - Reconciliation of Financial Statement to Schedule H of Form 5500

The following is a reconciliation between the financial statements and the Schedule H of Form 5500

	2025	2024
Net assets available - financial statements	$ 52,788,026	$ 47,188,759
Deemed loan distributions for tax	(108,754)	(104,028)
Net assets available - Form 5500, Schedule H	$ 52,679,272	$ 47,084,731

	2025	2024
Total notes receivable - financial statements	$ 1,852,783	$ 1,554,780
Deemed loan distributions for tax	(108,754)	(104,028)
Total notes receivable - Form 5500, Schedule H	$ 1,744,029	$ 1,450,752

	2025
Distributions - financial statements	$ 6,919,487
Net change in deemed loans distributions	4,728
Distributions - Form 5500, Schedule H lines 2e(4), 2f, and 2g	$ 6,924,215

Defaulted notes receivable from participants are required to be removed from the balance sheet of Schedule H when the participant has been taxed on the default, but they are still obligated to pay the balance to the sponsor. The debt remains on the financial statement's balance sheet until either the loan is repaid, or a terminating event occurs to allow the loan to be repaid by offset.

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end, but not yet been paid as of that date.

NOTE M - Related Parties and Party-In-Interest Transactions

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA, including Reliance Trust Company, the trustee of the Plan, ADP Retirement Services, the recordkeeper for the Plan. The Plan issues loans to participants which are secured by the balances in the participants' accounts. Other outside service providers such as the auditors and advisor/consultants are also considered parties-in-interest. The administration expense represents payments to all of these parties. Also, the Plan sponsor at times may pay certain administrative expenses of the Plan, such as recordkeeping and audit fees. Such transactions are generally exempt from the prohibited transaction rules of ERISA and the Internal Revenue Code.

NOTE N - Other income

Other income is composed of the returned funds for prior distributions.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)
