Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the financial statements of Crown USA, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and for the year ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Crown USA, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Crown USA, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Crown USA, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Crown USA, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA for 2025 Financial Statements

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Crown USA, Inc. 401(k) Plan
Columbus, Georgia
December 31, 2025 and 2024

Note 1 – Description of Plan

The following brief description of the Crown USA, Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by Crown USA, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all eligible employees of the Company, other than union employees covered by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, certain nonresident aliens with no earned income from sources within the United States and leased employees. The Plan was originally effective January 1, 2022 and was most recently amended and restated effective January 1, 2024, to adopt employer safe harbor matching contribution provisions.

Eligibility - Employees are eligible to participate in the Plan upon completing three months of service and enter the Plan on the first day of the month coinciding with or following the date the eligibility requirement is met. Service with Crown Technology, L.L.C., Fortson-Peek Company, Inc., Peek Pavement Marking, L.L.C. and Peek Service Company, L.L.C. is counted for eligibility purposes. The Plan includes an automatic enrollment feature under which eligible employees who do not make an affirmative election are automatically enrolled at a pre-tax deferral rate of 1% compensation.

Contributions - Participants may elect to defer up to 90% of their compensation on a pre-tax or Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the calendar year may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs (rollovers).

Effective January 1, 2024, the Company makes a safe harbor matching contribution equal to 100% of a participant's salary deferrals up to 3% of compensation plus 50% of salary deferrals between 3% and 5% of compensation, calculated on a payroll period basis with a year-end "true-up" adjustment. The Company may also make a discretionary matching contribution, not to exceed 4% of compensation.

The Company may also make a discretionary profit-sharing contribution, which is allocated using a permitted disparity formula based on compensation and compensation in excess of the Social Security taxable wage base. To share in the profit-sharing contribution, participants must be employed on the last day of the Plan year and complete 1,000 hours of service during the Plan year, except in the year of death, disability, or termination of employment after normal retirement age. The Company elected not to make discretionary profit-sharing contributions for the years ended December 31, 2025, and 2024.

Participant Accounts - Each participant's account is credited with the participant's contributions, allocations of the Company's safe harbor, matching, and profit-sharing contributions, when applicable, and Plan earnings and losses. Plan expenses paid from Plan assets are allocated to participant accounts either proportionately based on account balances or as an equal dollar amount per participant, and expenses attributable to an individual participant may be charged directly to that participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 – Description of Plan (Continued)

Vesting - Participants are immediately 100% vested in their salary deferrals, safe harbor contributions, Company matching and profit-sharing contributions, and rollover contributions, plus actual earnings thereon.

Investment Options - Participants may direct the investment of their entire account balance among the investment options offered under the Plan. Accounts of participants who do not make an investment election are invested in the Plan's default investment alternative. Plan assets are generally valued every business day.

Payment of Benefits - Upon termination of employment due to death, disability, retirement, or other reasons, participants may receive a distribution of their vested account balance in a single lump-sum payment, in installments, or through partial withdrawals. Vested account balances that do not exceed $7,000 are distributed in a single lump-sum payment, and mandatory distributions greater than $1,000 but not exceeding $7,000 are automatically rolled over to an individual retirement account if the participant does not make an election. The Plan also allows in-service withdrawals upon reaching age 59½, subject to a $500 minimum, and participants may withdraw their rollover accounts at any time.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as distribution administration fees, are charged directly to the participant's account. Participants are also charged an asset-based fee for recordkeeping. These fees are included in administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of Investments - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a description of the valuation and methodologies used to determine each investment's respective fair value.

Net appreciation of the fair value of investments consists of the unrealized appreciation of investments held during the year, as well as the realized gain or loss on sale of investments which represents the difference between net sales proceeds and cost or previous fair value of the investments sold. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions - Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation. The Company discretionary non-elective contribution is recognized in the period the related compensation is paid to the participant.

Note 2 – Summary of Significant Accounting Policies (Continued)

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - Plan management has evaluated all subsequent events that may qualify for disclosure through October 9, 2026, which is the date the financial statements were available to be issued.

Note 3 – Information Prepared and Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2025, and net appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, the custodian of the Plan.

Note 4 – Fair Value Measurement

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy according to GAAP are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: Valued at daily closing price (NAV) reported by the fund; funds are SEC-registered open-end funds required to publish daily NAV and transact at that price; deemed actively traded.

Note 4 – Fair Value Measurement (Continued)

Common/Collective Trusts ("CCT"): A detailed description of the valuation methodologies of the CCT can be found in the footnotes of the Invesco Stable Asset - ADPZ audited financial statements.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Assets at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 5,266,734	$ 5,266,734
Total assets in the fair value hierarchy	5,266,734	5,266,734
Investments measured at net asset value (a)		18,662
Total investments at fair value	$ 5,266,734	$ 5,285,396

Assets at Fair Value as of December 31, 2024 – Compiled

	Level 1	Total
Mutual funds	$ 4,056,013	$ 4,056,013
Total assets in the fair value hierarchy	4,056,013	4,056,013
Investments measured at net asset value (a)		17,326
Total investments at fair value	$ 4,056,013	$ 4,073,339

(a) In accordance with GAAP, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments in the separate accounts for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments.

	2025	(Compiled) 2024
Fair value	$ 18,662	$ 17,326
Unfunded commitments	n/a	n/a
Redemption frequency (if currently eligible)	Daily	Daily
Redemption notice period	n/a	n/a

The method described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 – Plan Termination

Although there is no present intention to terminate the Plan, Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of termination, participants will remain 100% vested in their accounts, and the Company will direct the distribution of Plan assets to participants and their beneficiaries.

Note 7 – Income Tax Status

The Plan is a pre-approved plan of ADP Retirement Trust Services, LLC which received an opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that
the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America, ("GAAP") require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS or state or local taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions within the standard statute of limitation periods; however, there are currently no audits for any tax periods in progress.

Note 8 – Party-in-Interest Transactions

The Company provides certain accounting and administrative services to the Plan for which no fees are charged. Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as such in the accompanying Statement of Changes in Net Assets Available for Benefits. Certain expenses incurred in connection with the general administration of the Plan are paid by the Company, and therefore, qualify as party-in-interest transactions.
