Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the John Gore Organization, Inc. 401K and Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, line 4a- Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of The John Gore Organization, Inc. 401K and Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan sponsored by The John Gore Organization, Inc. (the Company, Employer, or Plan Sponsor) to enable eligible employees to save for retirement. The Plan was effective January 1, 2008. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees become eligible to participate in the Plan upon date of hire and attainment of age 21. Upon becoming eligible, participants are automatically enrolled to contribute 3% of pre-tax annual eligible compensation but may choose to either not participate or change their elective deferral percentage. An employee will enter the Plan on the first day of the month after meeting the service and age requirements.

The following employees are not eligible to participate in the Plan:

- Employees covered by a collective-bargaining agreement, unless the agreement requires the employees to be included under the Plan.
- Leased, temporary, or seasonal employees.
- Part time employees who work less than 1,000 hours for the year ended December 31, 2023. Beginning January 1, 2024, part-time employees who worked less than 500 hours per year for the past three consecutive years and beginning January 1, 2025, part-time employees who worked less than 500 hours per year for the last two consecutive years.
- Nonresident aliens who do not receive any earned income from the Company, which constitutes United States source income.

ADP Retirement Trust Services, LLC is the Trustee of the Plan; Automatic Data Processing, Inc. (ADP) is the recordkeeper for the Plan.

Participant Contributions

Participants may elect to defer up to 90% of eligible compensation into the Plan. The total participant contribution in any year is subject to certain limitations of the Internal Revenue Code (IRC). The limit for 2025 and 2024 was $23,500 and $23,000, respectively. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth 401(k) basis. Participants may increase, decrease, suspend, or resume their deferral contributions on the first day of each month. In addition, participants who will have attained age 50 or older by the end of the calendar year may make additional catch-up contributions of $7,500 for both 2025 and 2024. Starting in the year ended December 31, 2025, participants who are 60 - 63 years of age can contribute a super catch up contribution up to a total of $11,250 (including the $7,500 catch up contribution). Once a participant turns 64, contributions revert back to the normal catch up contribution amount.

Employer Contributions

The Company may make discretionary matching contributions equal to a percentage of the participants' contributions, to be determined annually by the Company. Employees are eligible for the discretionary matching contributions upon completion of six months of service. For the years ended December 31, 2025 and 2024, the Company made discretionary matching contributions of $799,872 and $702,427, respectively. The Company may also make a discretionary nonelective contribution. The Company made nonelective discretionary contributions of $23,374 and $27,849, included in the Employer contributions on the statements of changes in net assets available for benefits, for the years ended December 31, 2025 and 2024, respectively.

Participants can roll over part or all of an eligible rollover distribution they have received from an eligible retirement plan into this Plan as a rollover contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, Employer contributions, an allocation of Plan earnings or losses, and charges for benefits paid. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on the participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, rollovers, and the actual earnings or losses thereon. Vesting in the Employer contribution portion of their accounts is based upon the elapsed time method. Employees are on a three-year vesting schedule (one year – 20%, two years – 50%, and three years – 100%).

Forfeited Accounts

If a participant leaves the Company before becoming fully vested, non-vested Employer contributions, if any, and investment earnings thereon are forfeited. These forfeitures are used to either reduce future Employer contributions or pay reasonable administrative expenses of the Plan. As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $13,713 and $12,658, respectively. In 2025 and 2024, Employer contributions were reduced by $7,798 and $36,982 from forfeited non-vested accounts, respectively. Included in the ending 2025 balance is $11,964 of stale checks, which were not deposited by the intended participants in a timely manner. The Plan is working with the recordkeeper to locate these participants and return the funds, plus earnings, to them.

Notes Receivable from Participants

Participants may borrow from their investment account a minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period. The loans are secured by the participant's vested account balance and bear interest at the prime rate plus 1%. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case the loan may not exceed ten years. At December 31, 2025 and 2024, notes bear interest at a rate of 4.25% to 9.50%. Principal and interest are repaid ratably

through after-tax payroll deductions. A participant may have only one loan outstanding at any given time.

Contributions Receivable

Participant contributions and any related discretionary matching contributions and discretionary nonelective contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

The Plan allows the following types of benefit payments: withdrawals after normal retirement age, hardship withdrawals, withdrawals after age 59½, withdrawals after age 73, and withdrawals of rollover contributions. Withdrawals will be made in lump sums, substantially equal installments or partial withdrawals.

Participants, or in certain cases their designated beneficiary or beneficiaries, may request a distribution of their vested account balances based on any of the following events: death, disability, retirement, minimum required distributions, or termination of employment. Participants' vested account balances will be paid as a non-rollover distribution, a direct-rollover distribution, or a combination non-rollover distribution and direct-rollover distribution. If the value of the participant's account is less than $7,000 for both 2025 and 2024, the payment will be made in cash in a single lump sum.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Transaction-based fees are associated with optional services offered under the Plan and are charged directly to the participant's account based on use of a particular Plan feature, such as a Plan loan. Investment-related expenses are included in net appreciation in fair value of investments. Direct compensation paid by the Plan as administrative expenses totaled $30,238 and $29,153 for the years ended December 31, 2025 and 2024, respectively, which consisted of third-party administrative fees.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Company deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2025 and 2024, there were no amounts allocated to participants who have elected to withdraw from the Plan but have not been paid.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, a qualified institution.

5. Fair Value Measurement

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds – Mutual funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – Money market funds are valued at the daily closing price, as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Money market fund	$ 50,693,816	$ -	$ -	$ 50,693,816
Mutual funds	2,582,960	-	-	2,582,960
Total Investments, at fair value	$ 53,276,776	$ -	$ -	$ 53,276,776

December 31, 2024

	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,566,028	$ -	$ -	$ 1,566,028
Mutual funds	41,999,713	-	-	41,999,713
Total Investments, at fair value	$ 43,565,741	$ -	$ -	$ 43,565,741

The Plan had no assets that were measured at fair value on a non-recurring basis during the years ended December 31, 2025 and 2024.

6. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Company will facilitate the distribution of account balances in single lump-sum payments to each participant until all assets have been distributed in accordance with the Plan documents.

7. Party-in-Interest Transactions

Participant loan and distribution processing fees are paid to Reliance by participants. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 1, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Tax Status

The Plan adopted the ADP, LLC Prototype Non-Standardized Profit-Sharing Plan with a Cash or Deferred Arrangement (ADP, LLC). The Internal Revenue Service (IRS) has determined and informed ADP, LLC by a letter dated October 6, 2020, that the Plan is designed in accordance with the applicable sections of the IRC. Accordingly, the Plan is permitted to rely on the opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Prohibited Transactions

During the Plan year ended December 31, 2025, employee salary deferrals and roth contributions totaling $14,780 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions, as defined by ERISA. The Company is taking the appropriate steps to correct these late remittances with a contribution of lost earnings to the affected participants. The Company does not expect the lost earnings to be material and has implemented a procedure to ensure all future remittances are done within the prescribed time period.

10. Subsequent Events

Subsequent events were evaluated by the Plan's management through October 13, 2026, the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures.
