Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TFO Advantage Pooled Employer Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of TFO Advantage Pooled Employer Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution.

Management has obtained certifications from an agent on behalf of a qualified institution and a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution and an agent on behalf of a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in *the Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of TFO Advantage Pooled Employer Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions – modified cash basis and schedule of assets (held at end of year) – modified cash basis as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by the qualified institution and certified to by an agent on behalf of the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an agent on behalf of the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF PLAN

The following description of TFO Advantage Pooled Employer Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a Pooled Employer Plan (PEP) established by Newport Group, Inc., the Pooled Plan Provider (PPP). The Plan was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) on December 9, 2022. The Plan is a defined contribution plan covering eligible employees of the Participating Employers, and is intended to qualify under Internal Revenue Code of 1986, as amended (IRC or Code), sections 401(a) and 501(a). The Plan is intended to constitute as a multiple employer plan, as described under Code sections 410(a), 411, 413, and 415. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

Only those employees of any particular Participating Employer who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

Contributions

Eligible participants may elect to have a percentage of their eligible compensation, as defined by the Plan and Participating Employer adoption agreement, contributed as a pre-tax or Roth contribution. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Participating Employers in the Plan may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant’s compensation based on the Participating Employer’s adoption agreement, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contributions invested in the designated default fund until changed by the participant.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make safe harbor contributions, matching contributions, nonelective contributions, prevailing wage contributions, qualified nonelective contributions (QNECs) or qualified matching contributions (QMACs) to the Plan. Participating Employers may also elect to make true-up matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Participating Employers' contributions (if applicable), and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Participating Employer contribution portion of their accounts, plus actual earnings thereon, is based on years of service, ranging from immediate vesting to six year graded or cliff vesting, as elected by each Participating Employer. Notwithstanding the above, participants become fully vested in the Participating Employer contributions upon reaching normal retirement age death, or total or permanent disability.

Notes Receivable from Participants

If elected by the Participating Employer, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the PPP, which is prime rate plus 1% on the second business day of the month in which the loan is requested. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution or installments based on the Participating Employer's adoption agreement. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to the Participating Employer's adoption agreement. As defined in the Participating Employer's adoption agreement, if the balance of the terminated participant's account is between $1 and $7,000, the PPP may authorize that the benefit payment be rolled into an individual retirement account (IRA) in the participant's name without the participant's consent.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited nonvested accounts can be used to pay administrative expenses and to reduce future Participating Employer contributions. Forfeited nonvested accounts as of December 31, 2025 and 2024 totaled $107,311 and $167,264, respectively. There were $5,841 of forfeitures used to pay administrative expenses and $210,064 of forfeitures used to reduce Participating Employer contributions for the year ended December 31, 2025.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, certain additions are recognized when received and certain deductions are recognized when paid. Investments are stated at fair value. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America primarily because the effects of outstanding contributions and outstanding expenses are not included in the financial statements.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and Participating Employer contributions are recorded in the year in which the contributions are received by the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Reasonable expenses of the Plan, including, trustee, attorneys, advisors, fiduciaries, and service providers are paid by the Plan, unless otherwise paid by the PPP or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Plan Transfers

Transfers are recognized when the cash for the transaction is received or disbursed.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2026, the date the financial statements were available to be issued.

NOTE 3 TRANSFER OF FUNDS

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2025, the Plan recognized transfers in from other qualified plans totaling $12,548,287 and transfers out to other qualified plans totaling $1,875,305.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Ascensus, LLC, an agent on behalf of Ascensus Trust Company and Newport Trust Company, LLC, and The Standard Life Insurance Company, the qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment and notes receivable from participants information reflected on the accompanying statements of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2025.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

Money Market Fund – Valued at the closing net asset value (NAV) per share which equals cost which is based on an active market.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust and Stable Value Fund – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The Plan has a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (the Insurance Company). The Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the Insurance Company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by the Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include: (1) an uncured violation of the Plan’s investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the PPP has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Participating Employer contributions.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter from the IRS on the pre-approved plan dated November 30, 2020 indicating that the Plan is designed in accordance with the applicable section of the IRC. The Plan has been amended since receiving the opinion letter. However, the PPP believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9 PLAN TAX STATUS (CONTINUED)

The modified cash basis of accounting requires Plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institutions of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the balances in the participants accounts, which also qualify as party-in-interest transaction. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 11 NONEXEMPT PROHIBITED TRANSACTIONS

During the years ended December 31, 2023 through 2025, there were instances where Participating Employers failed to timely remit employee 401(k) deferral contributions and loan repayments to the Plan for certain payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC. Certain delinquent contributions for the years ended December 31, 2022 through 2025 were corrected during 2025 by depositing lost earnings. Additionally, delinquent contributions totaling $67,161 belonged to adopting employers who transferred out of the Plan and therefore have been removed from the supplemental schedule.
