Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of K & R Sales, Inc. 401(k) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

3501 Concord Road, Suite 250, York, PA 17402 717.843.3804 717.854.0533 rklcpa.com

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

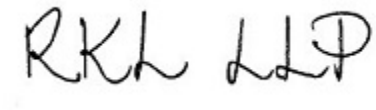

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the K & R Sales, Inc. 401(k) & Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for more complete information.

General

The Plan is a defined contribution plan covering substantially all full-time and part-time, benefits eligible employees of K & R Sales, Inc.; Latitude Intermodal Transport, LLC; and DRT Logistics, LLC (collectively, the Company) who are not leased employees, interns, nonresident aliens, or covered by a collective bargaining agreement. To be eligible to make salary deferrals, employees must complete six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants may also make after-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan allows active participants between the age of 60 and 63 to increase their catch-up contributions to the greater of $10,000 or 150% of the regular catch-up limit. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation with automatic escalation of 1% each year to a maximum deferral rate of 8% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. The Company matches 100% of the participants' contributions that do not exceed 3% of participants' compensation, plus 50% of participants' contributions between 3% and 5% of participants' compensation, with a maximum match equaling 4% of the participants' eligible compensation contributed to the Plan. The Company may make an additional discretionary profit-sharing contribution. Contributions are subject to certain IRS limitations.

Self-Directed Brokerage Accounts

Each participant may elect to remit contributions into a self-directed brokerage account. These participants direct their contributions into investments at their discretion. Each participant's self-directed brokerage account is credited with the participant's contributions, the Company's contributions, earnings, and charged with administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of (a) the Company's profit-sharing contribution (b) plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions and employer matching contributions, plus actual earnings thereon. Vesting in any company profit-sharing contributions is based on years of service. The following table outlines the vesting schedule:

Years of Service	Vesting Percentage
Less than 2	**0 %**
2	**20**
3	**40**
4	**60**
5	**80**
6	**100**

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, unless the loan is to acquire the participant's principal residence, in which case, the loan may be for a longer period of time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination of employment, if a participant's vested interest in their account exceeds $7,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant and their spouse, if applicable. If the participant's vested balance does not exceed $7,000, the vested account balance is paid out in the form of a lump-sum distribution. In the event of a mandatory distribution greater than $1,000, the distribution will be paid in the form of a direct rollover to an individual retirement arrangement designated if the participant does not elect a direct rollover or lump-sum distribution.

In addition, the Plan allows for hardship distributions, if certain criteria are met, and in-service withdrawals for participants, which have attained age 59-½.

Forfeited Accounts

Forfeited nonvested accounts, if any, shall be applied to reduce the employer contributions or pay plan expenses for such plan year. Forfeited nonvested accounts at December 31, 2025 and 2024 were immaterial.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions

Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to the distribution of benefit payments are charged directly to the participant's account and are included in administrative expenses.

Note 3 - Information Certified and Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company

Certain information in the accompanying financial statements and ERISA-required supplemental schedule related to certain investments held as of December 31, 2025 and 2024 totaling $3,677,641 and $3,183,463, respectively, and notes receivable from participants held of $159,950 and $108,085, respectively, and net appreciation in fair value of certain investments totaling $506,665 and $237,254, respectively, interest and dividends totaling $66,739 and $56,247, respectively, and interest income on notes receivable from participants totaling $12,451 and $4,843, respectively, for the years ended December 31, 2025 and 2024, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) (the custodian and trustee of the Plan).

Self-directed brokerage accounts included in investments at fair value amounting to $1,503,866 and $1,229,346 as of December 31, 2025 and 2024, respectively, and related net appreciation in fair value of investments of $170,818 and $121,543, respectively, and interest and dividend income of $32,719 and $23,934, respectively, for the years ended December 31, 2025 and 2024 are not certified.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Interest-bearing cash accounts are valued at cost, which approximates fair value.

Interests in the collective trust funds (CTFs) are valued at the NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The CTFs are direct filing entities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements at December 31, 2025			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Total**
Registered investment companies	**$ 3,455,780**	**$ -**	**$ -**	**$ 3,455,780**
Self-directed brokerage accounts	**1,503,866**	**-**	**-**	**1,503,866**
	$ 4,959,646	**$ -**	**$ -**	**4,959,646**
Investments measured at net asset value[(1)]				**221,861**
				$ 5,181,507

Note 4 - Fair Value Measurements (continued)

	Fair Value Measurements at December 31, 2024			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	$ 3,056,557	$ -	$ -	$ 3,056,557
Self-directed brokerage accounts	1,229,346	-	-	1,229,346
	$ 4,285,903	$ -	$ -	4,285,903
Investments measured at net asset value[(1)]				126,906
				$ 4,412,809

(1) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Self-Directed Brokerage Accounts

The following table summarizes investments held in self-directed brokerage accounts as of December 31:

	2025	2024
Registered investment companies	**$ 947,140**	$ 762,379
Common stocks	**526,678**	433,131
Interest-bearing cash	**30,048**	33,836

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

	Fair Value				
	December 31, 2025	December 31, 2024	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective Trust Funds					
International	**$ 213,444**	$ 120,450	**$ -**	Immediate	None
Small Cap	**8,417**	6,456	**-**	Immediate	None

Note 5 - Tax Status

The Company has adopted a pre-approved plan document that was sponsored by Dunbar, Bender & Zapf, Inc. The pre-approved document has received an opinion letter from the IRS, dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and; therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the U.S. Federal, state, or local tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in the Company contribution portion of their account.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are managed by Principal Trust Company. Principal Trust Company is the custodian and trustee as defined by the Plan, and; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management and custodial services to Principal Trust Company amounted to $38,632 and $32,152 for the years ended December 31, 2025 and 2024, respectively.

Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of notes receivable from participants per the financial statements to the Form 5500 as of December 31:

	2025	2024
Notes receivable from participants per the financial statements	**$ 159,950**	$ 108,085
Deemed distributions of notes receivable from participants	**(3,658)**	(14,112)
Notes Receivable from Participants per the Form 5500	**$ 156,292**	$ 93,973

Notes receivable from participants, which have been deemed distributed in accordance with plan policy and the IRC regulations, continue to be reported as plan assets on the financial statements, but are excluded from Form 5500, Schedule H, Line 1c (8) in accordance with the instructions to the Form 5500.

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500 for the year ended December 31, 2025:

Benefits Paid to Participants per the Financial Statements	**$ 485,240**
Deemed Distributions of Notes Receivable from Participants	
Beginning of year	**(14,112)**
End of year	**3,658**
Benefits Paid to Participants per the Form 5500	**$ 474,786**

Notes receivable from participants, which were deemed distributed in accordance with plan policy and the IRC regulations in prior years, which have been actually distributed due to the occurrence of a distributable event, are reflected in benefits paid to participants per the financial statements in the year of the actual distribution.

Note 10 - Subsequent Events

Plan management has evaluated subsequent events through October 8, 2026. This date is the date the financial statements were available to be issued. The following material event subsequent to December 31, 2025 was noted:

Effective January 1, 2026, catch-up contributions will be made as Roth catch-up contributions for affected participants as required by SECURE 2.0.

No other material events subsequent to December 31, 2025 were noted.
