Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [ ] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [X] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: ERNST & YOUNG, LLP **(2)** EIN: 34-6565596

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**		X	
e Was this plan covered by a fidelity bond?	**4e**	X		50000000

Report of Independent Auditors

To the Plan Administrator and Plan Participants of the McDonald's Corporation 401(k) Plan

Opinion on the 2025 Financial Statements

We have audited the financial statements of McDonald's Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2025, and the changes in its net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2025 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter

Report of Other Auditors on 2024 Financial Statements

The financial statements of the Plan for the year ended December 31, 2024, were audited by another auditor who expressed an unmodified opinion on those financial statements on June 16, 2025.

McDONALD'S CORPORATION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

General: The McDonald's Corporation 401(k) Plan (the "Plan") is the only tax-qualified retirement plan maintained by McDonald's Corporation ("McDonald's" or "Company") or any of its subsidiaries. The Plan was last amended and restated effective as of January 1, 2020. The Plan was subsequently amended:

- December 21, 2020 (First Amendment) to allow Roth contributions and hardship withdrawals, to implement a 20% cap on balance transfers into the McDonald's Company Stock Fund, and to incorporate certain Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and Setting Every Community Up for Retirement Enhancement Act (SECURE Act) provisions.

- September 1, 2021 (Second Amendment) to provide that tax gross-up payments are not considered eligible compensation and to raise the cap on the contribution limits to 75% of eligible compensation.

- May 1, 2022 (Third Amendment) to prohibit the payment of cash dividends under $25 and to remove Dynamic Yield Inc. as a participating employer.

- January 1, 2024 (Fourth Amendment) to change the definition of Restaurant Management Employee effective October 31, 2023. Newly eligible Restaurant Management Employees are automatically enrolled up to 3% of eligible compensation effective March 1, 2024 and all Restaurant Management Employees are subject to automatic annual increases of 1% until they are contributing 6% of eligible compensation. Effective January 1, 2024, to prohibit a participant taking a second loan if current loan is in default. The SECURE 2.0 Act of 2022 changed the Required Minimum Distribution to April 1st of the calendar year turning 73 years old. Also, forced rollover of balances under $7,000 for terminated employees to a specified IRA if the terminated employee otherwise fails to direct the distribution. Finally, adding Astral Arches of IL LLC and Astral Arches of TX LLC as participating employers under the Plan effective November 1, 2023.

- January 1, 2025 (Fifth Amendment)
    - Allows employees to elect to receive matching contributions as Roth contributions.
    - Adds the following SECURE 2.0 provisions:
        - Provides that the account balances of terminated employees be transferred to an automatic portability IRA if the participant fails to elect a distribution or rollover and the account balance does not exceed $7,000;
        - Allows employees between ages 60-63 to make enhanced catch up contributions;
        - Allows participants impacted by disasters to take withdrawals and to suspend loan repayments;
        - Allows terminally ill participants to take withdrawals; and
        - Expands eligibility for long-term part-time employees.
    - Revises Plan governance.

The “plan administrator” of the Plan for purposes of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) is the McDonald’s Corporation Plan Fiduciary Committee (prior to January 1, 2025 the McDonald’s Corporation 401(k) Plan Administrative Committee) (the “Committee”). The Committee contracted with Empower to be the recordkeeper of the Plan as of January 1, 2020 and the Empower affiliate Advised Assets Group, LLC as the provider of managed account services as of that date. The initial term of the Empower recordkeeping agreement was extended for five years effective as of January 1, 2024. Northern Trust is the directed Trustee of the Plan Trust. The Committee has named Aon as the named fiduciary and investment manager of the Plan with respect to investments other than the McDonald’s Common Stock Fund and managed account services. The managed account services ended on December 31, 2024. The Committee appointed Gallagher Fiduciary Liability Advisors LLC effective September 30, 2023 as the independent fiduciary overseeing McDonald’s Common Stock Fund. The Committee meets at least four times a year and maintains an Investment Policy Statement and a Charter.

Eligibility: To be eligible, an employee must be at least 21 years of age, have a valid Social Security number, and be on the U.S. payroll of the Company or a participating employer. For purposes of the eligibility and contribution description below, the term “Company” includes McDonald’s Corporation and all participating employers.

Restaurant management employees and staff employees (including part-time staff employees) are eligible to make before-tax or Roth after-tax contributions, up to 75% of eligible compensation beginning the first day of the month after completing one full calendar month of employment. Vice Presidents and above, crew employees and interns are eligible to make 401(k) or Roth contributions after one year of eligibility service. As of March 1, 2024, restaurant management employees are enrolled automatically at a contribution level of 3% of eligible compensation as soon as they have completed one year of service and attained age 21 (the percentage may be changed by the restaurant management employee). Prior to March 1, 2024, the applicable percentage was 1% of eligible compensation. For those auto enrolled participants who do not make investment elections for new contributions to the Plan, all contributions to the Plan, both participant and Company contributions, are invested in the age-appropriate target date fund for participants. Participating employees begin to receive matching contributions once they reach one year of eligibility service. The match is $1 for every $1 of contributions to the Plan, up to a maximum of 6% of eligible compensation.

Contributions: Participants may contribute up to 75% of their eligible compensation, as before-tax or Roth after-tax contributions, or a combination of both, up to the applicable statutory limits on contributions and compensation. Highly compensated employees are not able to make contributions in their second calendar year of employment until the first of the month on or after they complete one anniversary year with at least 1,000 hours of service under the Plan.

The Plan also offers eligible participants the opportunity to make catch-up contributions up to the applicable annual limits. Participants may also make permissible rollovers into the Plan.

Participants direct the investment of their contributions and Company matching contributions into various investment options offered under the Plan. If a participant fails to direct investment of contributions, the Plan’s qualified default investment alternatives are age-based target date funds. The investment funds under the Plan are the Growth Fund, Income Fund, Inflation Strategy Fund, Capital Preservation Fund, Large Cap Equity Index Fund, Small & Mid Cap Equity Index Fund, International Equity Index Fund, Bond Index Fund, McDonald’s Common Stock Fund, and the McDonald’s ESOP Stock Fund. Caps are in place to limit the amount that a participant can invest in the McDonald’s Common Stock Fund. State Street Target Date funds are as follows: Retirement Fund, Retirement 2025, Retirement 2030, Retirement 2035, Retirement 2040, Retirement 2045, Retirement 2050, Retirement 2060, Retirement 2065 and Retirement 2070.

The Company matches (after one year of eligibility service and attainment of age 21) $1 for every $1 of contributions to the Plan, up to a maximum of 6% of eligible compensation (as defined under the Plan document).

A “true-up” calculation will be performed at the end of each calendar year and will be posted to participant accounts in January of the following year. Where a terminated participant’s or beneficiary’s distribution checks go uncashed for 180 days, the cash is held in a commingled distribution account. The Committee has directed Empower to locate “lost” participants and beneficiaries to attempt to connect them with their distributions. If the participant or beneficiary cannot be located after two years, the amount of their uncashed distributions may be used for Plan expenses. When the participant or beneficiary subsequently seeks reissuance of the distribution check, the check is reissued without adjustment for interest or investment gain or loss. The year end balances in uncashed checks following two years of $49,000 and $45,000 were used to pay Company matching contributions as of December 31, 2025 and 2024, respectively.

Participant Accounts: Participants can elect, daily when the markets are open, to have their existing account balances, as well as contributions, invested in 1% increments in one or any combination of the Plan's investment options subject to the cap for investing in the McDonald's Common Stock Fund. If more than 20% of a participant's Plan account is invested in the McDonald's Common Stock Fund, the participant is not able to contribute more into the McDonald's Common Stock Fund. If a participant's account is less than 20% invested in the McDonald's Common Stock Fund, the participant may elect to have up to 20% of new contributions invested in the McDonald's Common Stock Fund.

Each participant's account is credited with the participant's elective and Company matching contributions and true-up match (if any) and investment gains and losses, distributions, and charged with an allocated portion of investment expenses.

Vesting: All contributions made under the Plan are 100% vested.

Diversification: Participants may invest their Plan accounts among all Plan investment options subject to the cap on investments into the McDonald's Common Stock Fund.

Loans: Employees may take a loan from their Plan account. The minimum loan is $1,000 and the maximum loan is equal to the lesser of $50,000 or 50% of their vested balance reduced by the participant's highest outstanding loan balance during the preceding 12-month period. All loans are currently subject to a $75 processing fee. Loan terms range from 12 months up to five years. In 2020, the ability to take a second loan was added. The loans are secured by the balance in the participant's account and bear interest based on the prime rate in effect on the first day of the month in which the loan is requested, plus 1%. Principal and interest are paid ratably through payroll deductions. If a participant terminates with an unpaid loan exceeding $1,000 and does not take a full distribution, the participant has 90 days to pay off the loan in full or elect to use the direct debit feature and continue to make monthly payments for the remaining loan term.

Qualified Domestic Relations Orders ("QDROs"): Domestic Relations Orders received are reviewed to determine if they satisfy the Plan's QDRO guidelines. There is a processing fee of $300 for each review. The $300 fee is subtracted from the participant's account unless the QDRO states the fee is to be split between the participant and the alternate payee.

Payment of Benefits: Participants who terminate their employment with the Company and all other companies or entities that are owned or controlled 80% or more by the Company are entitled to receive the balance in their Plan accounts within a reasonable time following their termination. Effective as of January 1, 2024, no terminated employee's Plan account will be automatically cashed out. Instead, if a terminated employee whose Plan account balance is less than the applicable legal threshold (currently $7,000) and who fails to direct a distribution, the participant's Plan account balance will automatically be rolled over to an Inspira Financial IRA through December 31, 2024 and thereafter to the auto portability provider.

If a terminated employee's Plan account remains in the Plan, the Plan account will continue to be subject to investment gains and losses and will continue to be invested in accordance with the participant's investment elections (See Note 1: Contributions).

Distributions may be in the form of a lump sum or installment payments or a combination of lump sum and installment payments.

In-Service Withdrawals: Participants 59½ or older who are actively employed by McDonald's or another participating employer may withdraw all or any part of their account balances under the Plan at any time.

Pass Through Dividend Election: Participants may choose whether dividends earned on shares of McDonald's common stock will be paid directly to them in cash or reinvested in the McDonald's Common Stock Fund in the Plan. Dividends $25 and under are automatically reinvested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Voting: Participants may direct the Trustee (The Northern Trust Company, as directed trustee) to vote shares of McDonald's stock attributable to their accounts.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires the Committee to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Other than fully benefit-responsive investment contracts, which are valued at contract value, the Plan's investments are reported at fair value. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used for investments of the Plan.

McDonald's common stock: The fair values of publicly traded common stocks are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1).

Collective trusts: The fair values of investments in collective trusts are valued as determined by the custodian based on their net asset values as a practical expedient. The investments objectives and underlying investments of the collective trusts vary, with some holding short-term investments for principal preservation, some holding securities of companies in a particular industry sector, some holding short-term and/or medium-term corporate, government and government agency bonds, and some holding a blend of asset-backed securities and corporate bonds. Each collective trust, including target date funds, provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. Target date funds seek to grow assets over a specified period and provide a blend of stability of principal and capital appreciation. The asset allocation of a target date fund gradually grows more conservative as the target date nears and risk tolerance falls. For target date funds, additional redemptions are made as of the valuation date on which such unit value is calculated, at the plan level, pursuant to notice or direction from the trust to the trustee at least 15 business days before the valuation date (or as otherwise determined by the trust or trustee).

103-12-Real Estate Investments: Investments in real estate unitized funds are carried at fair value using daily income estimates and net asset value of the underlying funds as a practical expedient. The fair value of real estate funds is determined daily, consistent with the Private Placement Memorandum, using the estimated fair value based on the conventional approaches to value. The three approaches are: (1) Cost approach -current cost of reproducing the real estate less deterioration and functional and economic obsolescence; (2) Income approach-discounting a series of income streams and reversion at a specific yield or by directly capitalizing a single year income estimate by appropriate factor; and (3) Market approach-value indicated by recent sales of comparable real estate in the market. Key inputs and assumptions include rental income and expense amounts, related rental income and expense growth rates, discount rates and capitalization rates. An independent appraiser uses one or a combination of them, to estimate the approximate value of the type of real estate in the market. Additionally, a restriction of 10% of the net asset value availability for net contributions/redemptions is in place.

Investments measured at fair value on a recurring basis as of December 31, 2025 and 2024 are summarized below (amounts in thousands):

	Assets at Fair Value as of December 31, 2025			
Investment Type	**(Level 1)**	**(Level 2)**	**(Level 3)**	**Total**
McDonald's Corporation common stock	$ 1,352,367	$ —	$ —	$ 1,352,367
Total assets in the fair value hierarchy	1,352,367	—	—	1,352,367
Investments measured at net asset value (a)				
Collective Trusts/103-12 Investments	—	—	—	2,228,420
Investments at fair value	$ 1,352,367	$ —	$ —	$ 3,580,787

	Assets at Fair Value as of December 31, 2024			
Investment Type	**(Level 1)**	**(Level 2)**	**(Level 3)**	**Total**
McDonald's Corporation common stock	1,443,882	—	—	1,443,882
Total assets in the fair value hierarchy	1,443,882	—	—	1,443,882
Investments measured at net asset value (a)				
Collective Trusts/103-12 Investments	—	—	—	1,976,703
Investments at fair value	$ 1,443,882	$ —	$ —	$ 3,420,585

(a) In accordance with Accounting Standard Codification ("ASC") Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Participant Loans: Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded at the time of payment.

NOTE 3 – FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS

The Plan investments include a Capital Preservation Fund, managed by GSAM Stable Value, LLC, which is a unitized fund established solely for the investment of assets of the Plan. The account is credited with earnings on the underlying investments and charged for Plan participant withdrawals and administrative expenses. The Capital Preservation Fund holds the Short-Term Investment Fund (the "STIF") along with synthetic guaranteed investment contracts, which hold limited liability companies and collective funds that invest in various fixed income securities. These synthetic investment contracts are included in the financial statements at contract value except the STIF. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses.

The synthetic investment contracts within the Capital Preservation Fund specify certain conditions under which distributions from the contracts would be payable at amounts below contract value. Such circumstances may include the termination of the Plan, a material adverse change to the provisions of the Plan, if the employer elects to terminate a synthetic investment contract in order to switch to a different investment advisor or if the terms of a successor plan (in the event of the spin-off or sale of a division) do not meet the synthetic investment contract issuer's underwriting criteria for issuance of a clone contract. The contracts may also limit the circumstances under which an issuer may terminate a synthetic investment contract. Examples of circumstances which would allow an issuer to terminate the contract include the Plan's loss of its qualified status, un-cured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If any one of these events were to occur, the issuer may terminate the contract at the market value of the underlying investments. Currently, the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

The crediting rates of the contracts are based on agreed-upon formulas with the issuers, as defined in the contract agreements, but cannot be less than zero. The crediting rates are reviewed and reset on a monthly basis. The key factors that influence future crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions; transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contracts.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, McDonald's Corporation has the right under the Plan to discontinue its contributions at any time and the Company may terminate the Plan subject to the provisions of ERISA.

NOTE 5- ADMINISTRATIVE FEES

The investment management and advisory fees applicable to each investment fund are netted against the related investment income before investment income is allocated to participants' accounts. (Effective January 1, 2025, McDonald's Corporation began paying Aon's delegated fiduciary fees). Administrative fees associated with the Plan are paid by the Company; provided, however, that effective January 1, 2025, participants and beneficiaries are now charged for Empower's recordkeeping fees. However, the recordkeeping fees for active participants with less than $100,000 in plan assets are subsidized by the Company.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter, dated September 24, 2013, that the Plan and related trust are designed, including amendments adopted through October 18, 2012, in accordance with applicable sections of the Internal Revenue Code of 1986, as amended (the "IRC"). Although the Plan has been restated, effective January 1, 2020 and amended five subsequent times, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan has continually maintained its tax-qualified status and that the Plan Trust remains tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by regulators.

NOTE 7 - TRANSACTIONS WITH PARTIES IN INTEREST

During 2025, the Plan received $33,521,091 in common stock dividends from the Company. For the year ended December 31, 2025, the realized gains and unrealized gains/losses on the common stock was $67,098,630 and $11,318,990, respectively. The Plan held 4,424,735 and 4,979,636 shares of McDonald's common stock as of December 31, 2025 and 2024, respectively. These transactions are related party transactions as defined by GAAP.

During 2025, sales of stock were $81,348,405 (266,488 shares). These transactions qualify as party-in-interest transactions.

During 2025, fees totaling $954,153 were paid through Plan participant accounts to Plan investment managers. These transactions qualify as party-in-interest transactions.

Certain Plan assets are held in participant loans or investments issued by The Northern Trust Company or State Street Bank and Trust Company; therefore, these transactions qualify as party-in-interest. The Plan holds investments issued by various investment managers of the Plan; these qualify as party-in-interest. A portion of the Plan's assets are also invested in Company stock.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - FORM 5500 RECONCILIATION

Following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to net assets per the Form 5500 (amounts in thousands):

	2025	2024
Net assets available for benefits per the financial statements	$ 3,898,054	$ 3,761,181
Adjustment from contract value to fair value for fully benefit responsive investment contracts	(10,606)	(21,075)
Net assets per the Form 5500	$ 3,887,448	$ 3,740,106

Following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to the net gain per the Form 5500 (amounts in thousands):

Increase in net assets available for benefits per the financial statements	$ 136,873
Change in the adjustment from contract value to fair value for fully benefit responsive investment contracts as of December 31, 2025	10,469
Net gain per the Form 5500	$ 147,342
